

Chemistry Minor

The chemistry minor is a course of study designed as a second field for students who wish to explore the scientific investigation of the composition, structure, properties, and transformation of natural and man-made substances.

NOTES

The other course option can be substituted to fulfill the chemistry elective requirement.

**This course is not required for students who enter Lyon College with a score of 25 or better on the ACT mathematics section (or equivalent SAT score) and a grade of "C" or better in high school chemistry.

Methods of Chemical Research can be completed by taking CHM 280 or CHM 480 credit/s.

Meet 3 hours a week of chemical research a semester. This course can be repeated to receive chemistry elective credit for up to a maximum of 2 semesters.
