

# PSY 490 : Senior Exit Survey in Psychology

This course will provide graduating seniors the opportunity to provide valuable feedback about their experiences in the psychology program. This course does not meet throughout the semester, and instead only requires students to – before finals week – take a senior exit survey online which will assess knowledge of concepts, theories, and principles of psychology, relevant to the primary disciplines within psychology (such as social psychology, biological psychology, developmental psychology, and abnormal psychology) as well as research methods and statistics. Also, the senior exit survey will provide students with the opportunity to provide feedback regarding their own learning, engagement, challenges, and successes during their time in the program. This survey provides the faculty in the psychology program with invaluable data as to the strengths and areas for development and growth within the psychology program and curriculum. Must be taken pass/fail.
