The Mission of Lyon College

Founded in 1872, Lyon College is a four-year college of the liberal arts and sciences associated with the Presbyterian Church (U.S.A.). The following is the mission statement of the College:

Lyon College offers a liberal arts education of superior quality in a personalized setting. A selective, independent, undergraduate, residential teaching and learning community affiliated with the Presbyterian Church (U.S.A.), Lyon encourages the free intellectual inquiry essential to social, ethical and spiritual growth. With a rich scholarly and religious heritage, Lyon develops, in a culture of honor, responsible citizens and leaders committed to continued personal growth and service.

Accreditation

Lyon College is accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools. (30 North LaSalle Street, Suite 2400 Chicago, Illinois 60602-2504, 800-621-7440.) Its teacher education curriculum is accredited by the National Council for the Accreditation of Teacher Education (2010 Massachusetts Avenue, Suite 500, Washington, D.C. 20036-1023, 202-466-7496) and approved by the Arkansas State Department of Education. The College is approved by the State Approving Agency for Veterans' Training (a division of the State Department of Education). It is a member of the Council on International Education Exchange.

A Brief History of Lyon College

Founded as Arkansas College by Arkansas Presbyterians, Lyon College opened its doors in September 1872. Originally located on the "downtown" block now occupied by the First Presbyterian Church of Batesville, the college remained under the guidance of the Long family for much of its first four decades – Rev. Isaac J. Long serving as president from the college's founding until his death in 1891 and his son, Eugene R. Long, serving two terms as president, 1891 to 1895 and 1897 to 1913.

The college expanded its physical plant after World War I by purchasing land in the East End Heights section of town, later known as the middle campus. The boom years of the 1920s faded quickly, however, as Arkansas sank into depression. By the early 1930s, the very survival of the college was in jeopardy. Through the untiring efforts of a group of Batesville supporters and alumni and the generosity of Arkansas Presbyterian families, the college recovered in time to participate in the post-World War II G.I. boom that filled the nation's classrooms.

In 1952 Dr. Paul M. McCain succeeded Rev. John D. Spragins as president of the college. McCain's 17-year tenure as president witnessed steady progress including the move to the current campus in 1954; accreditation by the North Central

Association (NCA) in 1959; physical expansion during the 1960s; and the geographic and ethnic diversification of the student body.

During the 1970s and 1980s, President Dan C. West oversaw the implementation of significant curricular reforms, the introduction of innovative fundraising techniques, and the development of the Scottish Heritage Program. A bequest of more than \$14 million by Jean Brown of Hot Springs in 1981 launched a drive that paved the way for a significant expansion of scholarship support for students and endowed faculty positions. In early 1980, it also established the distinctive Nichols International Studies Program that supports the travel of students to sites around the globe.

In the 1990s President John V. Griffith led a strategic planning process that placed the College on the path to distinction as a national liberal arts institution. During Griffith's tenure, the College changed its curriculum, built or expanded several academic buildings including Holloway Theatre (1991) and the Lyon Business and Economics Building (1993) as well as the President's Residence, Bradley Manor (1994) and an upper division residence hall, Young House (1993). In 1994, it adopted the name Lyon College to honor a family that had served it for more than a half-century. The College's growing regional and national reputation was exemplified by the regular recognition that came to its faculty. Since 1989, 14 members of the Lyon faculty have been recognized as Arkansas Professors of the Year by the Carnegie Foundation for the Advancement of Teaching and the Council for the Support and Advancement of Education. In 1992, the College created the state's only student-run Honor System.

Dr. Walter Roettger became president in 1998 and continued the transformation that had begun under his predecessor. The curriculum grew to include majors in accounting, business administration and early childhood education. The 60,854-square-foot Derby Center for Science and Mathematics was completed in December 2003; the Kelley Baseball Complex in January 2004; and the House Softball Field in 2009. In 2001, the College was recognized by *U.S. News & World Report* as one of America's "Best Liberal Arts Colleges," and in 2007, it moved into the top tier of this listing. Dr. Roettger retired June 30, 2009. After a nationwide search, Dr. Donald Weatherman, a former Lyon professor of political philosophy, became the 17th president of Lyon College on July 1, 2009. In 2010, Lyon launched the Lyon Education and Adventure Program (L.E.A.P.), an outdoor program that takes advantage of the College's location in the Ozark Foothills and its close proximity to rivers, lakes, caves and other natural attractions. The program has grown annually, and about 25% of the student body participates.

On October 26, 2010, a fire destroyed Edwards Commons, which included the dining hall, student center and student life offices. No one was injured. Temporary dining facilities were used in 2010-2011. A new, much larger Edwards Commons is scheduled to open in August 2012.

Liberal Education

Lyon College stands in a long tradition of liberal arts educational institutions designed to cultivate in their students the habits of reasoned thought. The purpose of this liberal education is not simply the acquisition of knowledge, but the development of thoughtful, inquisitive, critical, and creative human beings.

Persons who have the privilege of a liberal arts education appreciate and understand more of human experience, are equipped to serve others in fulfilling vocations and through civic responsibilities, make mature and reflective moral and spiritual commitments, and, as a result, lead richer and fuller lives.

Liberal Education Principles at Lyon College

The center of a liberal education is the development of essential intellectual abilities: reasoning clearly and critically, reading carefully and accurately, communicating precisely and persuasively, interpreting with insight and imagination. This intellectual cultivation is accompanied by the acquisition of complementary values and virtues: intellectual honesty, the love of truth, fairness to opposing points of view, tolerance of reasoned dissent, patience with complexity and ambiguity. These intellectual and affective qualities together produce a liberally educated person who habitually takes a thoughtful and informed approach to any issue.

The intellectual and personal development that is the heart of a liberal education occurs in many ways: through the advising received from faculty; from personal and informal association with faculty, staff, and other students; through participation in campus organizations and athletics and attendance at lectures and cultural events; through the House System; through the Honor and Social Systems; and through the Campus Ministry Program. While each of these plays an important part, the chief means of liberal education is the academic curriculum, comprising lectures, seminars, laboratories, studios, internships, and research.

The liberally educated person is the product of the critical, analytical, and creative study of established knowledge, principles, theories, and practices. A liberal education results from careful consideration of issues that are of perennial and contemporary concern to thoughtful persons. And it grows through reading and experiencing the moral, intellectual, and aesthetic expressions of human beings around the globe. In other words, liberal education occurs through the critical transmission and creative response to the world's cultural heritage.

Therefore, a liberal education cannot be narrowly focused. Those who take a reasoned approach to their experience must have a breadth of knowledge and understanding. To be liberally educated is to be broadly educated in the arts, the humanities, the natural sciences, and the social sciences.

A Liberal Arts Curriculum

The liberal arts education offered by Lyon College consists of three essential elements: a general education curriculum, a major, and elective courses. These three elements together create a balanced liberal education.

The general education curriculum is designed to develop the knowledge and abilities essential to a liberal arts education and more advanced studies at the College. To foster breadth, the general education curriculum introduces students to many of the liberal arts and science disciplines available to the students as a major.

The major adds depth by acquainting students with the body of knowledge, theories, and methodologies of a discipline, and by cultivating the ability to apply these to solve problems and to arrive at new understanding and insight.

Elective courses, whether taken for personal enrichment or to complete a minor or a concentration, serve an important function in rounding out a student's education. They offer the opportunity to pursue special interests, add depth in disciplines other than the student's major, and facilitate the combination of liberal learning and professional study.

Mission of General Education Curriculum

In keeping with the College's liberal arts mission, the general education curriculum provides a framework within which to choose and build one's major course of study and to broaden one's education. Thus, the general education curriculum will engage students in critical thinking, writing, oral communication, physical development, and service learning. It will enrich them by giving them an appreciation of the historical, scientific, cultural, artistic, and spiritual heritages that have shaped modern society. It will enlighten them by encouraging them to question their presuppositions, to thoughtfully interact with diverse perspectives, and to synthesize their experiences into a coherent worldview. Inherent in this mission is the development of skills, attributes, values, and knowledge that will foster a lifetime of learning.

Learning Objectives and Outcomes

The College's general education curriculum provides a foundation essential to advanced study and life-long learning. Accordingly, courses included in the general education curriculum are designed to develop the following skills, attributes, values, and knowledge necessary for addressing complex issues:

- The ability to communicate clearly, precisely, and persuasively
- The ability to think critically
- The ability to analyze written texts and to critique works of art
- The ability to evaluate information, both quantitatively and qualitatively

- A basic proficiency in a foreign language and a fundamental understanding of its cultural contexts
- A fundamental understanding of mathematics
- Knowledge of representative theories and works in the arts, the humanities, and the natural and social sciences
- Knowledge of Western civilization
- Knowledge of non-Western cultures
- Participation in activities that promote a healthy lifestyle
- Participation in civic activities and service

First-Year Experience Course

First-year students take a first-semester, one-credit, pass/fail course called COR 100, First-Year Experience. Students are divided into groups of approximately six entering students. Each group is led by a faculty mentor and an upper-class student mentor who have gone through a training process to qualify them for this responsibility. The course is designed to assist new students in dealing with the inevitable changes and rapid growth they will experience in their transition to college, and to help them develop the personal and academic skills necessary for success in college. In addition, the seminar informs students of the academic rules and regulations that will guide their conduct as students at Lyon College. During the fall semester the course will meet once a week until midterm. Students who have two or more deficiencies at midterm will remain in the course for the rest of the semester. Students with two or more deficiencies at semester will receive an “I” in COR 100 and remain in the course in the spring. At the conclusion of COR 100, each faculty mentor will maintain close contact with all members of his or her group, serving as their academic advisor until they declare majors.

All first-time, full-time students who graduated from high school within the last two years are required to take COR 100. The dean of the faculty must approve any exceptions. Other entering students have the option of enrolling in this course.

Proficiency Requirements

The proficiency requirements ensure that each student has the ability to use the written word and mathematics as tools of thought and expression and to use a foreign language in a functional way. The proficiency requirements are:

ENG 101 Composition I	3 credits
ENG 102 Composition II	3 credits
MTH 101 College Algebra	3 credits
FRN, SPN or FGN 101 and 102 Beginning Language	6 credits

Students who demonstrate proficiency in mathematics, writing, or foreign language will be exempted from the appropriate course or courses without credit. Students' writing proficiencies will be determined by their performances on an essay test taken on Honors Day or during orientation. Students who do not demonstrate writing proficiency will enroll immediately in the ENG 101-102 sequence and remain in the courses until they have successfully completed them. Students who demonstrate proficiency may delay taking ENG 102 until the spring of their first year.

Students' mathematical proficiency will be determined by the mathematics faculty on the basis of standardized test scores. Students who do not demonstrate mathematics proficiency will enroll immediately in MTH 101 and remain in the course until they have completed it. Students who do not meet the mathematics proficiency requirement during their first year must continue to take mathematics until they satisfy the requirement. Students will not normally be allowed to take mathematics courses below the level in which they are placed.

Students' foreign language proficiency will be determined as follows:

I. Students who have studied Spanish or French in high school or elsewhere may satisfy the foreign language proficiency requirement through testing at Lyon College at a SOAR Day, over the summer, or upon entrance.

II. International students whose formal primary and/or secondary school education in their home country was conducted in a language other than English may use their demonstrated proficiency in English as a second language in order to satisfy Lyon's foreign language requirement.

III. English-speaking students who wish to fulfill Lyon's foreign language requirement by demonstrating proficiency in a second language not taught at Lyon bear the burden of providing proof of their reading, writing, speaking and listening proficiencies in that language to the satisfaction of Lyon's foreign language faculty. This may be done by means of a standardized testing instrument or a letter from a qualified post-secondary instructor certifying the student's level of proficiency in that language.

Students who do not demonstrate proficiency in a foreign language or who have had no previous language study are strongly urged to begin a foreign language 101-102 sequence in the fall semester of their first year. Students who successfully complete the first course in a foreign language (101) in the fall must enroll for the second course in that language (102) in the spring. Students who place out of 101 and do not take 102 in the first year will be asked to retake the proficiency exam, demonstrating their 102 readiness. Thus, students who place out of 101 are encouraged to take 102 as soon as possible.

Students must receive a grade of "C" or better in ENG 101, ENG 102, MTH

101, and the first semester (101) of a foreign language in order to satisfy proficiency requirements. Students with a grade of less than a “C” in these proficiency courses must repeat the courses.

Students must earn a “C” in the second semester (102) of a foreign language in order to enroll in the first course (201) of the second year of a foreign language.

Distribution Requirements

The distribution requirements ensure that all students study, at the introductory level, a variety of academic disciplines, guaranteeing breadth in their education and introducing them to possible majors. Many of the courses that meet the distribution requirement also count toward a major or minor in the discipline.

Social Sciences6 credits

Choose two courses from the following:

OR

RPH 202, Western Intellectual Tradition II3 credits

Degree Options

Major Fields of Study

Lyon College offers courses of study leading to a Bachelor of Arts (B.A.) or Bachelor of Science (B.S.) degree, depending on the major chosen and, in some cases, the course of study within the major. Lyon offers major programs of study in 16 areas:

Accounting (B.S.)	Individualized**
Art (B.A.)	Mathematics (B.A.)
Biology (B.A. or B.S.)	Music (B.A.)
Business Administration (B.S.)	Political Science (B.A.)
Chemistry (B.A. or B.S.)	Psychology (B.A.)
Early Childhood Education*	Religion and Philosophy (B.A.)
Economics (B.A.)	Spanish (B.A.)
English (B.A.)	Theatre (B.A.)
History (B.A.)	

* This major must be taken concurrently with an approved major in the liberal arts.

**Students may develop individualized majors with the approval of their advisor, the division chair, and the Dean of the Faculty. With some frequency, students do take individualized majors in anthropology, computer science, French and Japanese. Students may also complete two majors, but will receive only one degree. If the two completed majors result in different degrees (B.A. and B.S.), the student may decide which degree he or she will receive.

Minor Fields of Study

A minor is an elective course of study that allows for some depth of study in a discipline, but not to the same extent as the major. A minor may be chosen by a student along with any major. The College offers minors in:

Anthropology	French	Physical Education
Art	History	Physics
Biology	International Studies	Political Science
Chemistry	Japanese	Psychology
Computer Science	Mathematics	Religion and Philosophy
Economics	Music	Spanish
English	Music/Scottish Arts	Theatre

Concentrations

Lyon offers concentrations in two professional fields. All concentrations must be taken in combination with a major.

1) Secondary Education*

* Students may choose from the major fields of art, English, mathematics, music, social studies and Spanish for licensure.

2) Journalism**

3) Pre-Law**

** Students may select any major offered by the College.

Courses of Study

The choice of concentration must be made with the advice and approval of a faculty member in the concentration.

The Accounting Major

Professor: Alan McNamee

The field of accounting provides the language used to summarize and communicate the results of business activity. The practice of accounting identifies, collects, organizes, and presents information to support decision making. Students who master the discipline understand how to generate and interpret accounting information. Business, government, and not-for-profit organizations need people to analyze this information, interpret its meaning for the organization, and propose appropriate actions to take. The Accounting major at Lyon College seeks to prepare students to fill these roles and to contribute to organizational decision making; therefore, the curriculum requires students not only to master accounting standards, procedures, and systems but also to acquire a broad understanding of business practices and economic conditions.

Students who major in accounting are well prepared for careers in accounting and financial management. The major prepares students to begin careers in business, government, or not-for-profit organizations. Students who wish to certify that they are qualified to work in these careers are well prepared to seek certification as a certified management accountant. Others will wish to continue their studies. The Accounting major provides a solid foundation for graduate study in accounting or business, and it offers a good start to students who seek professional certification as a certified public accountant. Some of these programs have specific course requirements beyond those of the major, so interested students should consult with an advisor.

Accounting Courses

ACC 210 PRINCIPLES OF ACCOUNTING I / 3 credits

The course is designed for all students who are interested in understanding the Financial Accounting and Reporting process. No previous background in accounting or business is required. The course focuses on developing an understanding of the accounting cycle and its role in converting data related to business events into financial knowledge, which is then used to inform decision making by investors, creditors and other external parties.

ACC 211 PRINCIPLES OF ACCOUNTING II / 3 credits

The first part of this course builds on ACC 210 and extends the external financial accounting model to consider the reporting of equity and debt financing decisions by corporations. The corporate Income Statement and Statement of Cash Flows are given special attention. The second part of this course focuses on Managerial Accounting and explores the internal

use of accounting information by managers of the firm in the organizations's decision-making process. Prerequisite: ACC 210.

ACC 300 ACCOUNTING SYSTEMS / 3 credits

This course provides an introduction to the design, implementation and control of accounting information systems. A series of hands-on projects are utilized to reinforce the conceptual and theoretical aspects of accounting systems. Prerequisite: ACC 211.

ACC 320 COST MANAGEMENT I / 3 credits

The course introduces the basic concepts and tools associated with cost management information systems. The topics of product costing, planning and control, and cost analysis are examined in depth within the context of traditional, functional-based cost systems as used by companies in both the manufacturing and service sectors. Prerequisite: ACC 211.

ACC 325 COST MANAGEMENT II / 3 credits

This course extends the study of cost management systems to recent approaches developed in this field. Topics include activity-based costing, strategic cost management, process value analysis, kaizen costing, quality costing, productivity, environmental cost management and the Balanced Scorecard. The course concludes with an examination of the role of cost information in management decision-making and the models used to facilitate this process. Prerequisite: ACC 320.

ACC 330 & 331 INTERMEDIATE ACCOUNTING I & II / 3 credits each

The objective of this sequence of courses is to emphasize the accounting principles and practices as they apply to corporate external financial reporting. Prerequisite: ACC 211.

ACC 340 INCOME TAX I / 3 credits

The course involves the study of federal income tax regulations as they relate to the income of individuals. Prerequisite: ACC 211 or consent of instructor.

ACC 410 AUDITING / 3 credits

The course introduces the concepts, approaches and techniques used in financial statement auditing. Emphasis is placed on the audit environment, planning and risk analysis, internal control, audit objectives, selection and implementation of audit procedures, ethical considerations and legal liability. Students will also become familiar with the Professional Auditing Standards that guide audit practice. Prerequisite: ACC 331.

ACC 420 ADVANCED COST MANAGEMENT / 3 credits

The course builds upon ACC 325 and includes such topics as comprehensive budgeting, profitability analysis, differential cost analysis, transfer pricing, capital budgeting, and linear programming. Prerequisite: ACC 325.

ACC 440 INCOME TAX II / 3 credits

The course involves study of the Federal Tax Regulations pertaining to corporations, partnerships, estates, and trusts. Prerequisite: ACC 340.

ACC 490 SEMINAR IN ADVANCED FINANCIAL AND GOVERNMENTAL ACCOUNTING / 3 credits

Selected advanced topics in accounting will vary from semester to semester. May be repeated for a maximum of 6 credits. Prerequisites: junior standing, permission of instructor, ACC 331.

The Anthropology Minor

Associate Professor: Gloria Everson

The Anthropology minor is a group of courses designed as a second field for students interested in exploring humans and human culture. There are four subfields in anthropology: Physical Anthropology, Archaeology, Anthropological Linguistics, and Cultural Anthropology.

* This course may also be used to satisfy Core requirements.

Students may develop an individualized major in anthropology, normally with a summer's work at another institution.

Anthropology Courses

ANT 101 INTRODUCTION TO CULTURAL ANTHROPOLOGY / 3 credits Cultural Anthropology focuses on human behavior within a cultural context. Religion, gender, social organization and subsistence are some of the topics covered in this course.

ANT 115 WORLD PREHISTORY / 3 credits
This course examines the major cultures of the world before the advent of writing. Archaeological issues such as the origins of agriculture and the first civilizations receive special emphasis.

ANT 140 LANGUAGE AND CULTURE / 3 credits
This introductory course in Anthropological Linguistics looks at language from several perspectives, ranging from phonology, the study of the smallest units of sound, to the ways people use language in varying cultural contexts.

ANT 205 HUMAN ORIGINS / 3 credits
This course examines several aspects of Physical Anthropology including the history of sci-

scientific thought, the fossil records, human adaptation, and micro- and macroevolution.

ANT 240 ARCHAEOLOGICAL METHOD & THEORY / 3 credits

This is an examination of the historical background of the discipline of archaeology and the methods presently used in the recovery of data.

ANT 314 HUMAN AND CULTURAL GEOGRAPHY / 3 credits

This is an introductory course in human and cultural geography which emphasizes spatial and ecological components. Also listed as EDU 314.

ANT 330 MESOAMERICAN ARCHAEOLOGY / 3 credits

The remains of the majority of New World civilizations are found in Mesoamerica. The course will examine the Precolumbian cultures of the Olmec, Maya and Aztec. The history of research in this culture area, including the most recent discoveries, will be explored.

ANT 335 CULTURES OF MIDDLE AMERICA / 3 credits

The cultures of contemporary Mexico and Central America occupy center stage in this course. Ethnographic accounts focusing on topics such as religion, gender, immigration, and political unrest provide in-depth information on what life is like for societies south of the United States border.

ANT 382 SPECIAL TOPICS IN ANTHROPOLOGY / 3 credits

This is a general course whose content changes from year to year, but will focus on a cultural issue or in-depth examination of the culture of a specific group or geographic area. May be taken twice for credit toward an anthropology minor. Prerequisite: ANT 101 or permission of the instructor.

ANT 399 ANTHROPOLOGY INTERNATIONAL STUDIES COURSE: Variable topics / 1 credit

Studies of varying topics in Anthropology, including a two-week Nichols trip. Prerequisites will vary depending on the course topic.

ANT 450 INDEPENDENT STUDY / variable credit

Concentrated study in selected topic.

ANT 480 FIELD STUDY IN ANTHROPOLOGY / variable credit

This course is designed to expose the students to anthropological research outside the classroom. Students will learn first hand the methods utilized and potential problems that may be encountered. Students will prepare a report regarding the complexities of applying anthropological concepts in research situations. Prerequisite: ANT 101 and permission of instructor.

The Art Major

Assistant Professor: Dustyn Bork

Visiting Assistant Professor: Morgan C. Page

The Art major offers a rich and diverse range of investigations across the disciplines of art practice and art history. Integrating extensive liberal arts offerings with a broad studio experience, majors will balance exploration with focus on future goals. The Art major prepares students for application to graduate school or work in an art-

related field. The Art major develops in students the necessary knowledge, technical skill and commitment to work as an artist today. Students are immersed in a creative learning environment, and encouraged to cultivate an approach to art making that is informed by traditional two- and three-dimensional art practices, experimental approaches and new digital technologies. Students are encouraged to connect their art education to the opportunities available at an excellent liberal arts college.

Summary of Requirements for a Major in Art

ART 101 Introduction to the Visual Arts*	3 credits
ART 110 Drawing Studio I	3 credits
ART 120 Two-Dimensional Design	3 credits
ART 201 World Art I	3 credits
ART 202 World Art II	3 credits
ART 232 Painting Studio I	3 credits
ART 490 Senior Project	3 credits
Five art electives	15 credits
Total	36 credits

** This course may also be used to satisfy Core requirements.*

The Art Minor

The Art minor is a body of courses designed as a second field for students interested in developing their understanding of the artistic process and their creative talents in the visual arts.

Summary of Requirements for a Minor in Art

ART 101 Introduction to the Visual Arts	3 credits
ART 110 Drawing Studio I	3 credits
ART 120 Two-Dimensional Design	3 credits
ART 201 World Art I	3 credits

OR ART 202 World Art II

Select two of the following:

- ART 220 Digital Studio I
- ART 232 Painting Studio I
- ART 233 Printmaking Studio I
- ART 234 Three-Dimensional Studio I

Art Courses

ART 101 INTRODUCTION TO VISUAL ARTS / 3 credits

This course directs the students to an understanding and appreciation of the visual arts — especially drawing, painting, sculpture, and architecture. Students will learn to analyze art

works in regard to their design elements and principles, as well as in the context of certain art movements.

ART 102 FUNDAMENTALS OF PHOTOGRAPHY / 3 credits

This course will explore basic camera and digital darkroom techniques. Students will cultivate the aesthetic and conceptual skills of photographic image making. Success in this course will be measured in the understanding of basic camera functions, basic digital imaging skills (scanning, retouching, printing), conceptual development and a final portfolio. (Same as JRN 102)

ART 110 DRAWING STUDIO I / 3 credits

This is an introductory course for the development of basic drawing skills and practices in various drawing materials. Students will explore drawing as a process of seeing, develop technical skills, and engage in the use of drawing media as materials for communication. Course assignments will acquaint students with the basic elements and principles of design. There will be a balance between learning the skills of rendering what is seen, the qualities of drawing such as mark making, and learning to draw what is imagined. Emphasis will be on discovering the “art” of drawing while perfecting the mechanics and skill of drawing.

ART 120 TWO-DIMENSIONAL DESIGN / 3 credits

This foundation course will introduce the basic elements and principles of design and color theory as well as a wide range of problem-solving strategies. Working with balance, proportion, contrast, color, and so on will help the student develop the skills needed for more advanced work in your major area.

ART 201 WORLD ART I / 3 credits

A survey of Western and Non-Western art from Prehistory through the 13th century. Study of cross-cultural influences and regional stylistic attributes.

ART 202 WORLD ART II / 3 credits

A survey of Western and Non-Western art from the 14th century to the present. Study of cross-cultural influences and regional stylistic attributes.

ART 220 DIGITAL STUDIO I / 3 credits

This course will focus on digital imaging techniques and the industry-standard software applications used by professional graphic designers, photographers and multimedia artists. Students will learn how to use pertinent software and hardware through a series of in-class tutorials and weekly assignments. This course is designed to introduce art majors to a wide breadth of digital arts.

ART 230 HISTORY OF MODERN ART / 3 credits

This course focuses on the modern art movement from Realism to the present with an emphasis on artistic innovation during this time of social, political, technological and religious revolution. Major movements including Expressionism, Surrealism, Pop Art and Minimalism will be covered with a close inspection of painting, sculpture, photography and architecture.

ART 232 PAINTING STUDIO I / 3 credits

This course is designed to introduce students to the dynamic conventions and material concerns of painting. These conventions of painting include: color mixing, paint application, building your own canvas, and the creation of ideas through sketching and the use of the computer. There will be investigations into both representational and abstract forms. The begin-

ning projects will focus on the student learning how paint functions and not to be so concerned about the finished product. As each student gains technical confidence, we will explore assignments through historical art movements and contemporary trends. There will be an emphasis on creativity and problem-solving skills. In addition to studio assignments, we will survey a diverse range of contemporary painting and its relation to its historical background. Prerequisites: ART 110 or ART 120.

ART 233 PRINTMAKING STUDIO I / 3 credits

This is an introductory course designed to initiate a basic understanding of printmaking as an art form through the study and execution of monotype, relief, and intaglio processes. Prerequisites: ART 110 or ART 120.

ART 234 THREE-DIMENSIONAL STUDIO I / 3 credits

This course is an introduction to a wide range of three-dimensional materials, where student work takes the form of small pedestal objects to large indoor and outdoor installations. Students are encouraged to mix media and incorporate nontraditional materials into their process. Basic skills and craft are emphasized as the building blocks for communication in three dimensions. Students will be introduced to and participate in the critique process, which teaches critical thinking and evaluation in order to improve the quality of student work.

ART 282 SPECIAL TOPICS IN ART / 3 credits

Study of selected topics in art. Prerequisites will vary.

ART 299 ART IN CONTEXT / 1 credit

This travel course will allow students to engage with artworks, learn about exhibition and museum culture and visit artist studios in the major artistic centers of the United States. The seminar portion of this class will include readings, discussions, and research presentations on special topics related to the travel itinerary. Prerequisite: One of the following: ART 101, 201, 230, 308, and permission of the instructor.

ART 302 METHODS OF TEACHING ART / 3 credits

To prepare art students for their roles as secondary art teachers. Emphasis on curriculum and lesson planning, readings in art education, art classroom management and evaluation; selection, preparation, and use of teaching material.

ART 305 GALLERY PRACTICUM / 1 credit

Practical experience in photography, graphic design, writing and design of publicity materials, and/or exhibition preparation. Placement in the Kresge Gallery. Prerequisite: 15 credits in Art, including ART 120 and ART 102 or ART 220 and permission of instructor. May be repeated up to 5 credits. Pass/fail. May not be used to satisfy the requirements of the Art major or minor. The class is limited to three students. Priority given on the basis of seniority.

ART 308 RENAISSANCE ART / 3 credits

This course will explore the artistic development of 15th and 16th century Europe with an emphasis on Italian art and artists. Key topics will include patronage, urban development, perspective techniques, humanism and the changing role of the artist.

ART 310 PHOTOGRAPHY II / 3 credits

This course is designed to build upon photography skills developed in ART 102: Fundamentals of Photography. Prerequisite: ART 102 or JRN 102.

ART 320 DIGITAL ART STUDIO II / 3 credits

This course is designed to build upon digital imaging skills developed in Art 220. Students will study advanced techniques and hone their skills using industry-standard imaging software. Students can choose a concentration of graphic design, typography, digital video or multimedia. Prerequisites: ART 220 Digital Studio I.

ART 332 PAINTING AND DRAWING STUDIO II / 3 credits

This course is a further investigation of ART 110 and ART 232. This course is designed for students who desire to learn more advanced techniques in drawing and painting. Emphasis is placed upon individual interpretation and improvement of technical ability. Mixed media and experimental techniques will be introduced. Prerequisites: ART 110 and ART 232.

ART 333 PRINTMAKING STUDIO II / 3 credits

A focused investigation of skills and ideas developed in ART 233, with emphasis on concept and subject continuity with respect to modes of personal expression. Prerequisites: ART 233.

ART 334 THREE-DIMENSIONAL STUDIO II / 3 credits

This course builds on 3-D Studio I. Students continue to develop technical proficiency and further develop their ability to think critically and communicate visually. Students are encouraged to mix media and incorporate nontraditional materials into their process. The assignments for this class will be student driven, and emphasis will be placed on careful planning, execution and completion of projects. Prerequisite: ART 234.

ART 340 FILM STUDIES / 3 credits

Students will acquire the basic vocabulary necessary to analyze film as a visual medium and narrative discourse. Various classic and noncanonical films will be examined through close visual and diegetic analysis. Major critical approaches to film will be examined through readings in secondary scholarship. Attendance at weekly evening screenings is required. Prerequisites: ART 101, ENG 110, or THE 101, or permission of instructor. (Same as ENG 340)

ART 382 SPECIAL TOPICS IN ART / 3 credits

Study of selected topics in art. Prerequisites will vary.

ART 399 ART INTERNATIONAL STUDIES COURSE: Variable topics / 1 credit

Studies of varying topics in art, including a two-week Nichols trip. Prerequisites will vary depending upon course topic.

ART 440 ADVANCED STUDIO CONCEPTS / 3 credits

This course allows students to work at the advanced level in the medium of their choosing and teaches them to develop the conceptual dimensions of their work through research on contemporary art. Prerequisites: ART 320, ART 333, ART 310 or ART 332. May be repeated once for credit.

ART 450 INDEPENDENT STUDY / variable credit

Concentrated study in selected topic.

ART 482 SPECIAL TOPICS IN ART / 3 credits

Study of selected topics in art. Prerequisites will vary.

ART 490 SENIOR PROJECT / 3 credits

The senior project is an independent project designed by the student with the guidance of the faculty. The student will produce a body of work that synthesizes the knowledge and skill acquired during their course of study in the Art discipline. The course should result in a show, evidencing a well-developed body of work. Prerequisite: Senior status.

The Biology Major

Professor: David Thomas

Associate Professors: Mark Schram and Tim Lindblom

Assistant Professor: Cassia C. Oliveira

Biology is the study of life — in all its abundance, variety, and complexity. Students in the Biology major at Lyon College gain a broad knowledge of biological fact and theory, from the molecular to the ecosystem level. They develop their abilities to observe, analyze, and solve problems involving living systems.

Both Bachelor of Science and Bachelor of Arts degrees are available in biology. The B.S. degree is recommended for students interested in the health professions, a graduate degree, or employment in biologically oriented fields.

Summary of Requirements for a Major in Biology

Biology Courses

BIO 100 BIOLOGY IN CONTEXT / 4 credits

An in-depth study of a current topic in biology such as biotechnology, ecology, pharmacology or human biology. Course consists of both lecture and laboratory components. Cannot be counted toward Biology major.

BIO 101 SHORT TOPICS IN BIOLOGY / 1 credit

A course on current topics in biology appropriate for all students. Elective credit. May be taken more than once for credit with permission.

BIO 110 PRINCIPLES OF BIOLOGY I / 4 credits

Integrated principles of biology emphasizing molecular and cellular aspects of organisms, genetics, and organismal homeostatic mechanisms. Course consists of both lecture and laboratory components.

BIO 112 PRINCIPLES OF BIOLOGY II / 4 credits

Integrated principles of biology emphasizing the diversity of organisms in the world, their evolution, and their interactions with each other and the environment. Course consists of both lecture and laboratory components. Prerequisite: BIO 110 or permission of instructor; prerequisite or corequisite: CHM 110 or permission of instructor.

BIO 205 BIOMEDICAL TERMINOLOGY / 1 credit

A detailed study of terminology used in the health professions.

BIO 220 GENERAL BOTANY / 4 credits

Emphasis on structure and life processes of plants with introduction to plant genetics, development, physiology, evolution, and distribution. Course consists of both lecture and laboratory components. Prerequisite: BIO 112 or permission of instructor.

BIO 222 ZOOLOGY / 4 credits

Survey of the phyla from Protista through Animalia. Emphasis on the evolution, morphology, identification, and life histories of these organisms. Course consists of both lecture and laboratory components. Prerequisite BIO 112, CHM 120, or permission of instructor.

BIO 250 CELL BIOLOGY / 4 credits

A detailed introduction to subcellular and cellular structure and physiology. Topics include membrane structure and function, bioenergetics, transport mechanisms, and intercellular communication. Course consists of both lecture and laboratory components. Prerequisite: BIO 110 and CHM 110.

BIO 252 GENETICS / 4 credits

An examination of the principles of inheritance and the structure, function, and regulation of genetic material in prokaryotes and eukaryotes. Course consists of both lecture and laboratory components. Prerequisite: BIO 250.

BIO 260 HUMAN ANATOMY AND PHYSIOLOGY I / 4 credits

First of a two-part sequence in human anatomy and physiology. Course consists of both lecture and laboratory components. Cannot be counted toward biology major. Prerequisite: BIO 110.

BIO 262 HUMAN ANATOMY AND PHYSIOLOGY II / 4 credits

Second of a two-part sequence dealing with the structure and function of the human body. Course consists of both lecture and laboratory components. Cannot be counted toward biology major. Prerequisite: BIO 110.

BIO 280 INTERNATIONAL ECOSYSTEMS CLASSROOM / 1 credit

Studies of varying topics in biology. This course is the classroom portion and corequisite to BIO 399.

BIO 290 INTRODUCTION TO BIOLOGICAL RESEARCH / 1-4 credits

An introduction to research including literature searches, experimental methods and proper recording and reporting of experimental results. This course may be repeated for credit. Prerequisite: BIO 110, CHM 110, and permission of instructor.

BIO 320 TEACHING IN THE BIOLOGY LABORATORY / 1 credit

Upper-level students who plan to attend graduate school, particularly those who intend to teach at the college level, may take this course to obtain teaching experience. Students will teach alongside a faculty member in a laboratory course they have successfully completed at the 100 or 200 level. Students attend each laboratory section to assist teaching the lab, give and get feedback on lectures to introduce the lab and write a teaching philosophy.

BIO 340 ECOLOGY / 4 credits

Introduction to relationships between biota and their environment, with emphasis on limiting factors, competition, coevolution, energy flow, and population dynamics. (One Saturday field trip will be required.) Course consists of both lecture and laboratory components. Prerequisite: BIO 112, CHM 120, or permission of instructor.

BIO 344 AQUATIC ECOLOGY / 4 credits

A study of basic principles and concepts of aquatic ecology. Emphasis will be placed on the interactions of aquatic organisms with each other and with their abiotic environment. Various aquatic systems in the area will be examined. Course consists of both lecture and laboratory components. Prerequisite: BIO 340 or permission of instructor.

BIO 349 EARTH SYSTEMS / 4 credits

This course investigates the four major systems of the Earth – atmosphere, biosphere, lithosphere and hydrosphere – and their evolution and interaction. Course includes both lecture and lab components. Prerequisites: BIO 112, CHM 120, or permission of instructor.

BIO 350 INTRODUCTION TO MICROBIOLOGY / 4 credits

Structure, biochemistry, genetics, and physiology of microorganisms, with an emphasis on bacteria. Course consists of both lecture and laboratory components. Prerequisite: BIO 252, CHM 120, or permission of instructor.

BIO 352 MOLECULAR BIOLOGY / 4 credits

In-depth study of the structure and regulation of prokaryotic and eukaryotic genes. Emphasis on recombinant DNA techniques and applications. Course consists of both lecture and laboratory components. Prerequisite: BIO 252 or permission of instructor.

BIO 356 BIOCHEMISTRY / 4 credits

Study of the chemical basis of life. The major biomolecules – proteins, carbohydrates, lipids

and nucleic acids – will be discussed, with emphasis on their reactions and roles in living cells. Course consists of both lecture and laboratory components. Prerequisite: CHM 220 or permission of instructor. (Same as CHM 356)

BIO 360 COMPARATIVE PHYSIOLOGY / 4 credits

An in-depth study of the physiological systems that maintain homeostasis in animals. Emphasis on the design and functioning of these systems in different animals in response to the environmental pressures they face. Course consists of both lecture and laboratory components. Prerequisite: BIO 250, CHM 120, or permission of instructor.

BIO 364 DEVELOPMENTAL BIOLOGY / 4 credits

Study of the major processes which lead to form and function in multicellular organisms. Course consists of both lecture and laboratory components. Prerequisite: BIO 252 or permission of instructor.

BIO 366 HISTOLOGY / 4 credits

A study of the microscopic structure and function of animal tissues and organs. Course consists of both lecture and laboratory components. Prerequisite: BIO 252 or permission of instructor.

BIO 370 EVOLUTION / 3 credits

Lectures and occasional field trips introduce students to classical biology concepts, modern evolutionary biology research, and specific examples of evolution in action. The course covers the breadth of evolutionary biology from the origins of life and investigation of fossil records to studying the precise mechanisms of evolutionary changes. Prerequisite: BIO 112 or permission of instructor.

BIO 382 SPECIAL TOPICS IN BIOLOGY / 3 credits

Study in a specific area of biology not covered by regularly listed courses. The course content and structure will vary according to the interests of the instructor. Lecture, laboratory and field work may be included. Prerequisite: permission of instructor.

BIO 399 BIOLOGY INTERNATIONAL STUDIES COURSE: Variable topics / 1 credit

Studies of varying topics in biology, including a two-week Nichols trip. Prerequisites will vary depending upon course topic.

BIO 420 ADVANCED TOPICS IN BIOLOGY / 3 credits

Advanced study in a specific area of biology. The course content and structure will vary according to the interests of the instructor. Lecture, laboratory, and field work may be included. Prerequisite: permission of instructor.

BIO 425 ADVANCED BIOCHEMISTRY / 4 credits

Advanced Biochemistry is an in-depth study of selected biochemical reactions and pathways of major biological and physiological significance. Topics examined include synthesis and breakdown of important biomolecules, cell signaling pathways and second messengers. Course consists of both lecture and laboratory components. Prerequisite: CHM 356 / BIO 356. (Same as CHM 425).

BIO 470 DIRECTED STUDY / variable credit

Independent study in a specific area of biology under the direction of the faculty. Prerequisite: permission of instructor.

BIO 480 DIRECTED RESEARCH / 1-4 credits

Independent research in approved areas of biology. Under direction of faculty, the student will define, design and complete an original research project and/or take part in a larger, ongoing research program. This course may be repeated for credit. Prerequisite: BIO 112, CHM 120, BIO 290, Junior standing and permission of instructor.

The Business Administration Major

Professor: Frank Winfrey

Associate Professor: Garry Wann

The Lyon College Business Administration major builds upon the foundation of the broad liberal arts education provided in the College's Core Curriculum. The Business Administration major prepares one to understand the structure and role of organizations, administrative practices and processes, and the complex environmental context of business. The business curriculum introduces an array of concepts and theories, as well as quantitative and qualitative analysis techniques designed to prepare graduates for organizational leadership.

The Business Administration major is composed of a set of business core courses followed by courses in one of three specialized tracks of study: human resource management, international business, and management. The business core courses are designed to introduce key functional concepts and skills. Each of the major tracks provides a significant opportunity for individuals to pursue interdisciplinary inquiry in conjunction with other majors at Lyon College, or to tailor the major around particular interests.

The Business Administration major offers graduates the flexibility of choosing between entry-level managerial positions or advanced study. The major is particularly appropriate for individuals seeking advanced studies in business, law, and planning.

Summary of Requirements for a Major in Business Administration

Business Administration Courses

BUS 110 PROGRAMMING WITH VISUAL BASIC / 3 credits

Computer problem solving and programming using Visual Basic as the vehicle language. Emphasis is on structured programming techniques. Same as CSC 110. Prerequisite: MTH 101.

BUS 205 CALCULUS APPLICATIONS IN BUSINESS AND ECONOMICS / 3 credits

This course develops mathematical tools which are useful for analyzing a variety of complex problems in business and economics. Topics covered include systems of equations and applications of calculus to business problems. Prerequisite: MTH 101.

BUS 208 CAREER PROFESSIONALISM / 1 credit

This class will help prepare students for career success by helping them evaluate appropriate career direction, create relevant goals, identify transferable skills and experience, and effectively market themselves in resumes, cover letters, portfolios, networking environments and employment interviews.

BUS 210 PRINCIPLES OF MANAGEMENT / 3 credits

The course is designed to provide a survey of effective management techniques for achieving organizational objectives in business, non-profit institutions, and government agencies. Emphasis is placed on the four basic functions of management: planning, organizing, leading, and controlling.

BUS 303 BUSINESS LAW I / 3 credits

The course provides a systematic analysis of the legal concepts that apply to business organizations, legal rights and remedies, secured transactions, commercial paper, property, bankruptcy, etc. Prerequisite: Junior or Senior status or permission of instructor.

BUS 304 BUSINESS LAW II / 3 credits

The course provides a comprehensive overview and the advanced study of business law, including the law of contracts, ethics, commercial paper, bankruptcy, agency, organizations, property, securities and current legal topics of interest to business students. Prerequisite: BUS 303.

BUS 306 PRINCIPLES OF MARKETING / 3 credits

A basic survey of activities involved in the marketing of products to consumer and industrial markets. Topics include pricing, product development, promotion, distribution, and environmental forces which affect marketing. Prerequisite: ECO 101.

BUS 310 CONSUMER BEHAVIOR / 3 credits

An introduction to consumer behavior as it affects an organization's marketing strategy and policy decisions. The course offers various perspectives on marketing activities with emphasis on basic psychological, social, cultural, and situational influences. Prerequisite: BUS 306.

BUS 315 ORGANIZATIONAL BEHAVIOR / 3 credits

An introduction to management of individuals and small groups in the work place. The course studies the basic theory of behavior within organizations, including topics such as the dynam-

ics of small groups, informal structures within an organization, and the significance of the social environment. Prerequisite: BUS 210.

BUS 323 STATISTICAL APPLICATIONS TO BUSINESS DECISION MAKING / 3 credits
This course provides a student with the necessary background to run a statistical project from the data collection stage through the analysis and interpretation of results. Emphasis is placed on probability distributions, statistical inference and regression analysis. Prerequisite: MTH 101.

BUS 325 PRODUCTION MANAGEMENT / 3 credits
The course covers techniques and procedures relating to the design of operations planning and control, quality control, inventory management, maintenance management and product planning systems. Prerequisites: BUS 210 and 323.

BUS 375 HUMAN RESOURCE MANAGEMENT / 3 credits
This course is designed to study the process of managing human resources to achieve organizational objectives. It provides a foundation in the process of personnel selection, development, and maintenance, as well as considering the activities of unions and other employee organizations. Prerequisite: BUS 315.

BUS 382 SPECIAL TOPICS IN BUSINESS ADMINISTRATION / 3 credits
Study of selected topics in business administration. Prerequisites will vary.

BUS 399 BUSINESS ADMINISTRATION INTERNATIONAL STUDIES COURSE: Variable topics / 1 credit
Studies of varying topics in business administration, including a 2-week Nichols trip. Prerequisites will vary depending upon course topic.

BUS 402 MARKETING RESEARCH AND ANALYSIS / 3 credits
A study of how marketing information systems and marketing research are used as decision-making tools by management. The course emphasizes research design, questionnaire construction, sampling, data processing, quantitative analysis, and research applications. Prerequisite: BUS 306 and BUS 323.

BUS 410 ORGANIZATION THEORY / 3 credits
The purpose of this course is to study the organization holistically, focusing on the major determinants of organizational effectiveness. Prerequisite: BUS 210.

BUS 430 INTERNATIONAL BUSINESS / 3 credits
An overview of international business activities. Emphasis is placed on gaining an international perspective of cultural dynamics, business practices, political and legal environments, and strategy for global markets. Prerequisite: BUS 306.

BUS 440 SMALL BUSINESS MANAGEMENT / 3 credits
This course is designed to acquaint the student with the activities involved in the planning, establishment, and management of a small business. Senior status in the business or economics major is required for enrollment in this course.

BUS 445 FIELD STUDY IN SMALL BUSINESS MANAGEMENT / 1-3 credits
This course is designed to expose students to real business situations by serving as consultants

to small business owners in the region. Students will prepare a case report at the end of the semester containing their findings and recommendations. Prerequisite: BUS 440 or consent of the instructor.

BUS 450 INTERNSHIP IN MANAGEMENT / 3 credits

The purpose of this course is to expose students to real life managerial situations. Senior status in the business or economics major is required for enrollment in this course.

BUS 470 TOPICS IN BUSINESS ADMINISTRATION / 3 credits

Concentrated study of selected topics such as compensation, diversity, staffing, negotiation and conflict management, or organizational development. Prerequisites: BUS 210, 306, ECO 102.

BUS 490 SENIOR SEMINAR IN BUSINESS ADMINISTRATION / 3 credits

Problems involved in the formulation and execution of business policies and maintenance and development of an effective organization. This course includes the use of case studies as a basis for discussion. Prerequisite: For majors in their final spring semester.

The Chemistry Major

Associate Professors: Anthony Grafton and David Pace

Assistant Professor: Barry Gehm; Visiting Assistant Professor: Christen Strollo

The Chemistry major is designed to guide students to an understanding of the principles underlying the composition, structure, and properties of substances — both natural and man-made — and of the transformations they undergo. The program emphasizes helping students become knowledgeable observers and independent, imaginative problem-solvers, using state-of-the-art equipment in the laboratory setting.

Both Bachelor of Science and Bachelor of Arts degrees are available in chemistry. The B.S. is designed primarily for students who will pursue graduate studies within the chemical sciences or seek employment in the chemical industry. Students planning to enter health-allied professional schools may choose either the B.S. or B.A. degree.

Chemistry Courses

CHM 100 CHEMISTRY IN CONTEXT / 4 credits

An introduction to chemistry for non-scientists designed to develop clear-thinking citizens able to understand the complex scientific and technological challenges facing humankind. Fundamental concepts and theoretical constructs needed to understand the chemistry of environmental and other societal problems will be presented. Students will confront, and develop a basis for establishing a position on, controversial environmental issues. Includes laboratory methods involved in designing experimental systems, thinking about and interpreting the experimental results and clearly communicating conclusions. Course consists of both lecture and laboratory components.

CHM 105 INTRODUCTION TO CHEMISTRY / 4 credits

This course is designed for students with little or no background in chemistry who wish to pursue further study in the sciences. The course will focus on basic mathematical skills, estimation, chemical nomenclature, stoichiometry, acid/base chemistry, and data analysis. Problem-solving skills will be exercised throughout the course. The course consist of lecture and laboratory components.

CHM 110 GENERAL CHEMISTRY I / 4 credits

Fundamental concepts of chemistry, including stoichiometry, atomic structure, chemical bonding, periodic properties, energetics, and chemical reactivity and some descriptive chemistry of the elements. Course consists of both lecture and laboratory components. Prerequisite: *EITHER* a 25 or better on the ACT mathematics section (or equivalent SAT score) and a "C" or better in high school chemistry *OR* a grade of "C" or better in CHM 105.

CHM 120 GENERAL CHEMISTRY II / 4 credits

Fundamental concepts including the behavior of matter, solutions, acids and bases, molecular and ionic equilibria, electrochemistry, and kinetics. Course consists of both lecture and laboratory components. Prerequisite: CHM 110.

CHM 210 ORGANIC CHEMISTRY I / 4 credits

Study of compounds of carbon. Fundamental types of aliphatic and aromatic compounds, their structure, nomenclature, preparations, reactions, and practical applications. Course consists of both lecture and laboratory components. Prerequisite: CHM 120.

CHM 220 ORGANIC CHEMISTRY II / 4 credits

A continuation of CHM 210, on the topics of aliphatic and aromatic compounds, their structure, nomenclature, preparations, reactions, and practical applications. Course consists of both lecture and laboratory components. Prerequisite: CHM 210.

CHM 224 QUANTITATIVE ANALYSIS / 4 credits

This course will provide a sound understanding of the physical principles of analytical chemistry and will further develop the classical (non-instrumental) methods of chemical analyses. The course has both lecture and laboratory components. Lectures will deal with basic data handling, statistics, error propagation, acid-base chemistry, redox chemistry and chemical equilibrium as they apply to the methods to be treated in the laboratory. Methods to be included in the lab are volumetric analysis, redox titrimetry, potentiometry and gravimetry. Some qualitative analysis will be done. Prerequisite: CHM 120.

CHM 280 INTRODUCTION TO CHEMICAL RESEARCH / 1-3 credits

An introduction to independent research including literature searches, experimental methods and proper recording and reporting of experimental results. Prerequisites: CHM 110 and permission of instructor.

CHM 302 INSTRUMENTAL ANALYSIS / 4 credits

Theory, operation and application of various instruments used in the chemical laboratory. Topics to be included are infrared spectroscopy, ultraviolet-visible spectrophotometry, spectrophotofluorometry, atomic absorption spectroscopy, emission spectroscopy, nuclear magnetic resonance spectroscopy, mass spectroscopy, gas chromatography and high performance liquid chromatography. Course consists of three hours of lecture and three hours of laboratory per week. Prerequisite: CHM 220 or permission of instructor.

CHM 304 ENVIRONMENTAL CHEMISTRY / 4 credits

The chemistry involved in studying the environment. Topics to be included are toxicology, common pollutants, sampling for pollutants in air and water, and techniques used in analysis. Includes lectures, demonstrations, laboratory experiments, and field work. Prerequisite: CHM 120.

CHM 350 CHEMICAL THERMODYNAMICS AND KINETICS / 4 credits

Introduction to the basic principles of physical chemistry, concentrating on the kinetics and molecular dynamics of chemical reactions and the laws of thermodynamics and their relationship to equilibria in chemistry. Emphasis on analyzing and solving complex problems, making physical measurements, and reporting laboratory results. Course consists of both lecture and laboratory components. Prerequisites: CHM 120, MTH 210, and PHY 210 or 240.

CHM 356 BIOCHEMISTRY / 4 credits

Study of the chemical basis of life. The major biomolecules – proteins, carbohydrates, lipids and nucleic acids – will be discussed, with emphasis on their reactions and roles in living cells. Course consists of both lecture and laboratory components. Prerequisite: CHM 220 or permission of instructor. (Same as BIO 356.)

CHM 360 QUANTUM CHEMISTRY AND SPECTROSCOPY / 4 credits

Introduction to the physical chemistry principles that concern the structure of individual atoms and molecules, concentrating on quantum mechanics and spectroscopy. Viewpoints of quantum mechanics and thermodynamics are brought together to discuss statistical thermodynamics. Continued emphasis on the analysis of complex problems, the collection of experimental data, and the improvement of scientific communication skills. Course consists of both lecture and laboratory components. Prerequisites: CHM 220, MTH 220, and PHY 250.

CHM 370 JUNIOR SEMINAR / 1 credit

Students will develop their research and oral skills by reading and presenting information from the current primary chemical literature. Each student is required to deliver a series of oral presentations of topics from the literature. Attendance at weekly departmental seminars and discussions is required. Prerequisite: Junior standing or permission of the chemistry faculty.

CHM 390 INTERNSHIP IN CHEMISTRY / 1-3 credits

Practical experience in chemistry or a related field of the student's choosing, with supervision by professionals. Offered every semester and in the summer as an elective for upper-class students who are interested in sampling a particular field of chemistry as a career opportunity. Prerequisite: junior or senior standing and permission of a supervising faculty member.

CHM 399 CHEMISTRY INTERNATIONAL STUDIES COURSE: VARIABLE TOPICS /1 credit Studies of varying topics in chemistry, including a two-week Nichols trip. Prerequisites will vary depending upon course topic.

CHM 413 ADVANCED INORGANIC CHEMISTRY / 4 credits

Quantum theory, symmetry and group theory, electronic structure, chemical bonding, the periodic table and periodic properties, crystalline structure, coordination chemistry, and some descriptive chemistry of the transition elements. Course consists of both lecture and laboratory components. Prerequisite: CHM 360 or permission of instructor.

CHM 425 ADVANCED BIOCHEMISTRY / 4 credits

Advanced Biochemistry is an in-depth study of selected biochemical reactions and pathways of major biological and physiological significance. Topics examined include synthesis and breakdown of important biomolecules, cell signaling pathways and second messengers. Course consists of both lecture and laboratory components. Prerequisite: CHM 356 / BIO 356. (Same as BIO 425).

CHM 450 DIRECTED STUDY / 1-3 credits

Individual work on special topics in chemistry.

CHM 480 DIRECTED RESEARCH / 1-3 credits

Independent research to acquaint the student with the methods and techniques of chemical research. Prerequisite: CHM 220.

CHM 482 TOPICS IN CHEMISTRY / 3 credits

This course will explore the modern aspects of the classical chemistry areas including organic, inorganic, physical chemistry and biochemistry. Prerequisite: Junior standing or permission of instructor.

CHM 490 SENIOR SEMINAR / 1 credit

The course, taken in the final semester of the senior year, is designed to review the competency of each student in chemistry. Each student will deliver a formal presentation consisting of an oral lecture and a written paper. Seminar topics for the presentation are chosen by the students in consultation with the faculty. All presentations are to be prepared under the supervision of a faculty member. Attendance at weekly departmental seminars and discussions is required. Prerequisite: CHM 370 (Junior Seminar) and senior standing.

The Computer Science Minor

Associate Professor: David Sonnier

Computer Science is a rapidly changing and exciting field. Its impact on our lives is evidenced by the variety of uses of information technology in business, industry, entertainment, science, and government to name a few. The Computer Science Minor focuses on the foundations of the computer sciences including such areas such as software and hardware design, mathematical foundations of computer science, and complexity of computation. The program is designed to give students an enduring foundation for future professional growth. The program blends theory and practice into a learning experience that gives students the capability to apply computer and information systems technology to a wide range of disciplines.

Summary of Requirements for a Minor in Computer Science

MTH 115 Discrete Mathematics*	3 credits
MTH 210 Calculus I*	4 credits
CSC 140 Introduction to Programming in C	3 credits
CSC 240 Data Structures with C++	3 credits
CSC 245 Introduction to Digital Logic	3 credits
CSC 265 Algorithms	3 credits
One upper-level elective from the following:	3 credits
CSC 330 Database Theory and Applications	
CSC 410 Data Communications	
CSC 415 / MTH 415 Numerical Analysis	
Total	22 credits

* This course may also be used to satisfy Core requirements.

Students may develop an individualized major by doing research or by taking an internship.

Computer Science Courses

CSC 115 INTRODUCTION TO PROGRAMMING IN JAVA / 3 credits

Students will learn object-oriented programming using Java. This is an introductory-level programming class; problem-solving methods, algorithm development, program design, testing, debugging, and documentation. Prerequisite: MTH 101.

CSC 140 INTRODUCTION TO PROGRAMMING IN C / 3 credits

An introduction to structured programming, including user defined types, arrays, records, files, and sets. Prerequisite: MTH 101.

CSC 240 DATA STRUCTURES WITH C++ / 3 credits

CSC 245 INTRODUCTION TO DIGITAL LOGIC / 3 credits

An introduction to digital electronic circuits and techniques. Boolean Algebra, digital logic gates, registers, automata theory, and integrated circuits. Prerequisite: MTH 115. (Same as PHY 235).

CSC 265 ALGORITHMS / 3 credits

Study of algorithmic paradigms including divide and conquer algorithms, greedy methods, dynamic programming, heuristics and probabilistic algorithms. Prerequisite: CSD 240.

CSC 330 DATABASE THEORY AND APPLICATION / 3 credits

An introduction to the theory of databases, database design and database application development. Various database models such as relational, network, hierarchical, object-oriented, and distributed are discussed. Students apply the theory to the development of an actual database application. Prerequisite: CSC 110 or 140 and MTH 115.

CSC 410 DATA COMMUNICATIONS AND NETWORKS / 3 credits

An introduction to the theory and practice of computer networks, software protocols, communication hardware, error detection and handling. Prerequisite: CSC 140 and MTH 115.

CSC 415 NUMERICAL ANALYSIS / 3 credits

Error analysis, interpolation, approximate differentiation, approximate integration, solutions to differential equations, matrix manipulation, and solutions to systems of linear equations. Prerequisites: MTH 300, CSC 110. Same as MTH 415.

CSC 450 INDEPENDENT STUDY / 1-3 credits

Individual work on special topics in Computer Science. Prerequisite: Permission of instructor.

CSC 482 SPECIAL TOPICS IN COMPUTER SCIENCE / 3 credits

Study of selected topics in computer science. Prerequisites will vary.

The Economics Major

Associate Professor: Mahbubul Kabir

Economics has been defined as the science of choice in the face of scarcity and different consumption options. Limited resources, limited time, limited labor supply, limited energy, limited knowledge — such factors as these define the boundaries of possibilities and require human beings and societies to make choices. Economic theory is an attempt to capture the essence of that decision-making process, free of the details of particular situations. Students in the Economics major learn to use this theoretical foundation to analyze decision-making throughout society — from an individual's decision to purchase a car to a state's decision to raise or lower taxes to a society's decision to choose a cleaner environment and a particular form of government. In the classic sense of liberal education, students learn to use the tools of economics as a key to understanding the human experience and as a guide to individual, business and societal action. This understanding of the forces underlying our economy — and, to a great degree, our society — provides a strong foundation for a range of

professions and business careers. The Economics major is considered as a solid preparation for graduate studies in, economics, business administration, finance, law and public policy.

Summary of Requirements for a Major in Economics

ECO 101, 102 Principles of Economics I* & II	.6 credits
ACC 210, 211 Principles of Accounting I & II	.6 credits
BUS 205 Calculus Applications in Business & Economics†	.3 credits
BUS 323 Statistical Applications to Business Decision Making	.3 credits
ECO 301 Intermediate Macroeconomic Theory	.3 credits
ECO 302 Intermediate Microeconomic Theory	.3 credits
Four economics courses numbered 300 or above	.12 credits
Total	.36 credits

**This course may also be used to satisfy Core requirements.*

† Students may substitute MTH 210 (Calculus I) for BUS 205.

The Economics Minor

The Economics minor is a course of study designed as a second field for students seeking an understanding of the tools of economic theory and their use in analyzing the decision-making process on both an individual and a societal level.

Summary of Requirements for a Minor in Economics

ECO 101 Principles of Economics I*	.3 credits
ECO 102 Principles of Economics II	.3 credits
BUS 205 Calculus Applications in Business & Economics†	.3 credits
BUS 323 Statistical Applications to Business Decision Making	.3 credits
ECO 301 Intermediate Macroeconomics	
OR ECO 302 Intermediate Microeconomics	.3 credits
Two Economics courses at the 300 level or above	.6 credits
Total	.21 credits

**This course may also be used to satisfy Core requirements.*

† Students may substitute MTH 210 (Calculus I) for BUS 205.

Economics Courses

ECO 100 INVESTMENT MANAGEMENT / 1 credit

An introduction to stock and bond markets. Students experience the semester-long activities of managing an investment portfolio. Students may enroll in this course a maximum of three times, earning 3 credits. Graded on pass/fail basis.

ECO 101 PRINCIPLES OF ECONOMICS I / 3 credits

An introduction to economics with an emphasis on fundamentals of economic principles and current economic policy issues. Topics include: basic economic principles of scarcity of

resources, production and consumption, market, international trade, supply and demand, taxes, welfare state, poverty, income inequality, economic output of an economy, price level, inflation, unemployment, long-run determinants of economic growth, and financial system including money and banking. Prerequisite: MTH 101.

ECO 102 PRINCIPLES OF ECONOMICS II / 3 credits

This course is built on the materials taught in ECO 101. ECO 102 begins with the applications of demand and supply model to analyze the effects of market intervention and to understand market efficiency and consequences of market failure. In the microeconomics part of the course different market paradigms are studied with analytical tools including game theory. In the macroeconomics part, this course starts with a review of long-run determinants of economic growth and introduces the role of monetary institutions in the economy. Finally, the aggregate demand and supply model is employed to understand short-run economic fluctuations and the effectiveness of monetary and fiscal policy tools. Prerequisite: ECO 101.

ECO 301 INTERMEDIATE MACROECONOMICS / 3 credits

The course covers the topics of national income accounting, determinants of consumption and investment spending, international capital flows, financial asset holdings, long-run economic growth, business cycles, monetary and fiscal policy and unemployment. Prerequisite: ECO 102, BUS 205 or MTH 210.

ECO 302 INTERMEDIATE MICROECONOMICS / 3 credits

An analytical investigation of consumer choice, production costs, and firm behavior, including critical examination of different market paradigms. Coverage of topics such as choice under uncertainty, problems with asymmetric information, externalities, and use of game theories in analyzing strategic behavior of firms, broaden the usefulness of microeconomic theories in grasping the challenge of real life economic decision-making. Prerequisites: ECO 102, BUS 205 or MTH 210.

ECO 304 AMERICAN ECONOMIC HISTORY / 3 credits

A study of the development of the American economy with an emphasis on the changing structure, institutional pattern, and output mix of the country. Various theories concerning economic growth and development are used as a means of identifying and understanding the major forces at work in the country's evolution from colonial times through to the Great Depression. Prerequisite: ECO 101.

ECO 310 MATHEMATICAL ECONOMICS / 3 credits

The use of mathematical techniques to solve complex economic problems. Prerequisite: ECO 301 or 302, BUS 205 or MTH 210.

ECO 320 CORPORATE FINANCE I / 3 credits

A study of the basic concepts and analytical tools necessary for financial decision making. Emphasis on time and risk as determinants of present value, bond and stock valuation, capital budgeting, capital asset pricing model, cost of capital and capital structure. Prerequisites: ACC 211, ECO 102.

ECO 330 CORPORATE FINANCE II / 3 credits

A review and extension of material introduced in Corporate Finance I. Using the case method, computer simulations and spreadsheet applications, students work individually and in

teams to further their understanding of financial systems analysis. Prerequisite: ECO 320.

ECO 350 BUSINESS AND PROFESSIONAL ETHICS / 3 credits

An examination of professional responsibility with case studies of ethical issues in business and the professions. Same as RPH 350.

ECO 370 POLITICAL ECONOMY OF PUBLIC ISSUES / 3 credits

Each year topics of current public debate and interest in which both governmental and economic forces and interests are joined are used as the basis for discussion and for student research. Students present their research to the class and write a major paper. Prerequisite: ECO 102 or consent of instructor. Same as POL 370.

ECO 390 MONEY AND BANKING/ 3 credits

Evolution of monetary and financial systems: interest rates, financial markets and institutions, and monetary policy. International aspects are integrated throughout. Prerequisite: ECO 102.

ECO 405 GOVERNMENT REGULATION OF BUSINESS/ 3 credits

An application of the economic theory of industries and markets to various methods of government regulation. Students examine both the legal foundation and the economic impact of market regulations as they investigate the application of antitrust policy, Federal Trade Commission regulation of competitive practices, regulation of natural monopoly, and regulation of social concerns like workplace safety or pollution. Prerequisite: ECO 302.

ECO 410 INTERNATIONAL ECONOMICS / 3 credits

The exploration of various theories of international trade and finance. Emphasis is placed on factors affecting trade and financial flows and the implications of commercial and trade policy on these flows. Exchange rate regimes and balance of payments issues are studied. The role of international institutions such as the World Trade Organization, the World Bank, and the International Monetary Fund is discussed. Prerequisite: ECO 102, BUS 205 or MTH 210.

ECO 420 PUBLIC FINANCE / 3 credits

An application of microeconomic theories to analyze the role of government in providing public goods and services to a predominantly market economy. Government's expenditure programs and tax system are examined with an emphasis on their efficiency, equity, and incentive aspects. Issues related to collective decision making, particular types of taxes and local public finance are included in the course. Prerequisite: ECO 102, BUS 205 or MTH 210.

ECO 425 ENVIRONMENTAL ECONOMICS / 3 credits

This course examines the interactions between production and consumption and the natural environment. Microeconomic theories of externalities and public goods are used to model environmental problems and efficient solutions. Command-and-control based solutions and market based solutions are analyzed in detail. Analytical decision-making tools such as, environmental risk analysis and benefit-cost analysis are also used to evaluate environmental projects. Current environmental policy issues are discussed. Prerequisites: ECO 102, BUS 205 or MTH 210.

ECO 430 HISTORY OF ECONOMIC THOUGHT / 3 credits

A study of the evolution of ideas central to economic theory and the development of the ideas currently accepted. Prerequisite: ECO 102.

ECO 475 INVESTMENTS / 3 credits

Application of finance tools to the valuation of different types of securities, such as stocks, bonds, and options. The emphasis is on how to combine these securities into portfolios that provide the best risk-return profile for a given investor. Prerequisite: BUS 323, ECO 320 and BUS 205 or MTH 210.

ECO 482 SPECIAL TOPICS IN ECONOMICS / 3 credits

Study of selected topics in economics. Prerequisites will vary.

The Teacher Education Program

Director of Teacher Education, Instructor: Kimberly Crosby

Assistant Professor: Nikki E. Yonts

Visiting Assistant Professor: Suzanne Cunningham

Lyon College has reshaped the traditional way of preparing teachers. Our program, which is accredited by the National Council for the Accreditation of Teacher Education (NCATE), requires teacher education students to complete a major in one selected from most of the liberal arts disciplines while also pursuing their education studies.

P-4 (Early Childhood) candidates double major in Education and a concurrent liberal arts field. Students may choose from art, biology, chemistry, computer science, economics, English, environmental science, history, mathematics, music, political science, psychology, religion and philosophy, Spanish and theatre. Secondary (7-12) candidates major in the teaching field and complete a concentration in education. They may earn licensure in English, math, Spanish, social studies, art, and music. Then, while finishing the majors in the senior year, students in early childhood or secondary education experience a year-long internship in one of several local partnership school districts.

Our Mission

The Education of the Whole Person BUILT on the Foundation of the Liberal Arts

Our Vision

We believe that each child, regardless of gender, race, creed, family background or socioeconomic status, has a right to be taught by a qualified teacher, a teacher who can help each child become all he or she can become. Our intent is to create a program for teachers that will bring that vision into practice.

Our vision is grounded in the principles that follow:

1. Qualified Teachers Need a Liberal Education.

Sharing the NCATE vision of qualified teachers, Lyon College ensures that its graduates, who become licensed teachers, have completed a liberal education by requiring them to major in a liberal arts discipline while completing a liberal general education program. We believe that liberally educated people are, as the college mission states, “thoughtful, inquisitive, critical and creative” men and women with ingrained “habits of reasoned thought,” and virtues of “honesty, fairness, and respect” for others. Lyon wants candidates with these dispositions to become teachers and future leaders in our schools.

2. Qualified Teachers Need Pedagogical Skill.

Evidence shows that subject matter knowledge is not enough for effective teaching. Teachers must also understand and be able to apply the growing knowledge base of pedagogy. Accordingly, the heart of our teacher education program is a series of observation, participation, and internship experiences that will prepare better practitioners.

3. Qualified Teachers Need to Model and Encourage Critical Thinking.

Learning to think critically enables children to become responsible citizens able to respect differing points of view and to appreciate the contributions of diverse peoples. Liberally educated teachers provide children with an academic foundation that cultivates their critical thinking skills.

Upon completion of the Core Curriculum, the major, and the appropriate teacher education curriculum concentration, students complete all requirements for a bachelor's degree from Lyon and are ready to apply to the Arkansas Department of Education for the teacher licensure at the level of preparation.

Graduates of the teacher preparation program at Lyon College are expected to achieve the following outcomes. They will:

- Be wise consumers of educational research.
- Understand and address inequities in the classroom, as they relate to race, gender, and social class.
- Instruct using instructional technology skills.
- Lead in the continuous improvement of schools.
- Teach effectively at the appropriate instructional level.
- Be liberally educated and take liberal arts knowledge, skills, and dispositions into the classroom.

NOTE: It is highly recommended that students take no more than two 3-4-hour academic courses in addition to education courses during the senior year. Students should plan their curricula accordingly in preparation for their senior year.

Title II

Section 307 of Title II of the Higher Education Act mandates that the Department of Education collect data on state assessments, other requirements, and standards for teacher licensure as well as data on the performance of teacher preparation programs. In Arkansas, a system of multiple measures is used to determine the quality of teacher education candidates. For demonstration of basic skills competence, candidates must pass the Pre-Professional Skills Tests, a test in the areas of reading, writing, and mathematics, as well as the PRAXIS II series appropriate to their teaching areas. The PRAXIS II tests address pedagogy and content area knowledge.

Program Transitions/Admission Requirements:

There are three specific transition points in the Lyon College Teacher Education Program, including Transition One: Pre-Admission, Transition Two: Admission to Internship, and Transition Three: Exit from Program.

Transition One: Pre-Admission Requirements

These requirements must be met prior to the fall semester of the junior year as Lyon teacher education candidates enroll for their first practicum class. Upon enrolling in the class, students will have to provide documentation of a 2.5 GPA from Lyon or a transfer institution and passing scores on all parts of the Praxis I exam. It is also recommended that before enrolling in practicum students should formally declare education as a major or added concentration and complete EDU 202 Overview of Teaching (or a comparable transfer course) with a C or better grade.

Transition Two: LATEC Interview/Admission to Internship

During the spring semester of the junior year, Lyon Teacher Education candidates make application for a formal interview with LATEC (Liberal Arts Teacher Education Committee) for their yearlong senior student teaching internship placement. The following materials are to be assembled and turned in electronically prior to the admission to internship interview:

- Student Intern Information Form
- Philosophy of Education Statement from EDU 202 or from transfer students a typed statement explaining why you want to be a teacher
- Electronic Copy of Praxis I scores
- Video sample of student instructing children of appropriate age and in an appropriate field of study
- Names and email addresses of three references willing to complete candidate recommendation forms

- Three graded lesson plans from Practicum I and II
- Lyon Transcript documenting at least a 2.5 cumulative GPA
 - o Transcript should also document at least a “C” grade in English Composition, College Algebra or higher math course, and in Overview of Teaching

Students who meet the criteria and who are approved by LATEC through the interview process will be admitted to the Senior Year Internship.

Note: Admission to Internship and completing the program will require a 2.5 Lyon GPA. Transferred credits will not be included in the GPA calculation. Students who do not meet the GPA requirement may submit a written request to the Director of Teacher Education for an admission to internship interview upon obtaining a 2.5 Lyon GPA.

Transition Three: Exit from the Program/Internship Materials

Students maintain an electronic portfolio throughout their education classes here at Lyon beginning with EDU 202. The completed E-portfolio will be submitted the last semester of the senior year for review and final grading. The E-portfolio must be submitted electronically and include selected work from their education courses. The following items will be added during the Senior Intern Year:

Senior Year Documents:

- Copy of Placement Letter
- Signed Copy of Internship Contract
- Student Intern Schedule
- Intern Record of Time at School
- Weekly Conference Forms
- Lesson plans and observation forms from supervisor’s visits
- Video teaching – include lesson plan and evaluation
- In-depth child study
- Weekly Lesson Planning Forms dated and in order
- Completed Class Profile for each class you teach
- Evidence of participating in Personal/Professional Growth Experience(s) related to the teaching profession – Examples diverse field trip, attending a professional conference, etc.
- Resume
- Technological Capstone Presentation

Licensure:

Students who meet these criteria and are in good standing will have completed the Liberal Arts Teacher Education Program and will be recommended for licensure by the Arkansas Department of Education. Candidates should be aware that the Arkansas Department of Education has access to and must consider any background check reflecting a conviction (pleading guilty or no contest or being found guilty by a jury or judge) for any offense listed in AR Code Ann. 6-17-410 as well as any as well as any felony involving physical or sexual injury, mistreatment, or abuse against another, including records that have been expunged, sealed, or subject to a pardon. **The discovery of a record of conviction for any felony/non felony offense could result in the applicant being ineligible for an Arkansas educator's license.** For any questions about this, please call the ADE legal office at 501-682-4227.

The Early Childhood Major (P-4)

The Early Childhood Education major at Lyon is designed to prepare students to be effective, committed, caring teachers on the early childhood level. Through a course of study grounded in the liberal arts, the major, which is taken concurrently with a liberal arts major, fosters intellectual skills, humane instincts, and an understanding of both the material to be taught and the developmental processes of children. Students wishing to major in Early Childhood Education must be formally admitted by the Liberal Arts Teacher Education Committee. Students interested in early childhood licensure may choose from some of the liberal arts majors offered at Lyon to accompany this major.

*A component of the Student Internship hours is an on-campus seminar taken during the fall and spring semesters of the senior year. Students will meet one hour a week on the Lyon campus to review intern experiences and discuss relevant topics such as:

Creating a Learning Environment; Instructional Materials, Media, and Technology; Curriculum Development; Instructional Strategies; Constructive Assessment; Character Education; Educational Foundations; First Aid/Wellness/Crisis Intervention; Exceptional Children; Multicultural Education; and School Law

†In order to receive a final grade on the internship, students must submit scores for Praxis II.

The Secondary Education Concentration

Those students who wish to be licensed to teach in Secondary School (7-12) must complete the following requirements. Through the Secondary Education concentration, the College assists students in qualifying majors who wish to teach at the secondary school level. The curriculum offered adds professional training and classroom experience to a solid education in the liberal arts. The program currently prepares students to gain teaching licensure in the following subject areas – **English, Math, Spanish, Social Studies, Art, and Music**. Students wishing to concentrate in Secondary Education must be formally admitted by the Liberal Arts Teacher Education Committee.

NOTE: Students planning to pursue a secondary teaching certificate should first understand the difference between the term “major” and the term “teaching field.” The major, a college requirement for graduation, is a course of study in some particular academic discipline chosen by the student. Requirements for academic majors are listed elsewhere in this catalog. The teaching field, a separate curricular requirement for teacher licensure by the Arkansas Department of Education, must be completed in the subject area in which the student plans to teach.

Candidates will be individually advised concerning their need for additional areas of coursework tested on the Praxis II exam required for licensure. These courses may or may not be included in the required major. All secondary education students must complete a content-specific methods course.

The English Major

Professors: Terrell Tebbetts and Virginia Wray

Associate Professors: Ronald Boling and Helen Robbins

Assistant Professor: Wesley Beal

Writer-in-Residence: Andrea Hollander Budy

Students majoring in English love language because they understand its power to reflect and to shape human experience, and they work hard at mastering it. As readers, they become good analysts of style and content, character and theme, with an understanding of the traditions and tools of writing and an ability to develop their own disciplined and creative responses to whatever they read — whether they are reading Shakespeare's Othello or a corporate annual report. As writers, they become masters of the principal tool of thought — language — sometimes becoming published writers before they graduate. This mastery of the written word — both as a critical and insightful reader and as an adept and creative writer — provides an excellent foundation for a wide range of professions and for a fulfilling life of continued learning.

The History Major

Associate Professors: Edward Tenace and John Weinzierl

Assistant Professor: Scott Lien

The study of history is a crucial aspect of a liberal education. History provides a sense of perspective on the processes of social, political, and economic change that literally have shaped the world. The study of history deepens and broadens one's understanding of the ways institutions and attitudes bring about change over time.

Lyon history students experience the varied work of the modern historian, especially the historian as detective and as interpreter. Working with both evidence and ideas, in the classroom and in the field, history majors have the opportunity to refine their skills in critical reading, reasoning, research, and writing.

History Courses

HIS 101, 102 THE UNITED STATES I & II / 3 credits each
The American experience from the colonial period to the present.

HIS 201, 202 WESTERN CIVILIZATION I & II / 3 credits each
Major political, economic, cultural, and social forces and events from the time of the ancient Hebrews and Greeks to the present. The first semester will cover the ancient Hebrews and Greeks through the Reformation. The second semester will cover the Early Modern period through the present.

HIS 296 BACH'S GERMANY / 3 credits
An investigation of four cities (Berlin, Dresden, Leipzig, and Weimar) where the composer J.S. Bach lived and worked. Special emphasis will be placed on compositions written by Bach in each of these locales. (Same as MUS 296).

HIS 303 HISTORY OF IRELAND / 3 credits
This course will survey the history of Ireland from the arrival of the Celts to the present-day conflict in Northern Ireland. Major emphasis will be placed on explaining how Ireland's history shaped and continues to shape its present. Prerequisite: HIS 201 or permission of instructor.

HIS 310 COLONIAL AMERICA / 3 credits
Was the American Revolution radical? This course will investigate that crucial question and, in so doing, will show students that there are layers of meaning to our founding moment that our current discourse about democracy and justice tend to obscure. Major emphasis in the course will be on constitutional issues, but those questions will also be consistently juxtaposed with social and economic history, so that we have experience comparing political theories of

independence with the ways in which life was lived on the ground across this geographic space.

HIS 312 FOUNDING AMERICA / 3 credits

This course explores the era when Europeans established polities and societies on this continent. We will explore the histories of the various regions, types of colonies, array of people, and the important changes that took place culturally, socially, religiously, economically, and politically across the 150 years of colonial history. Major emphasis will be placed upon the fact of the diversity of peoples and cultures on this continent and the course will explore how that fact made possible what would become the United States of America.

HIS 315 U.S. FOREIGN AND SECURITY POLICY / 3 credits

Covers the evolution of U.S. foreign and security policy with particular attention to the Cold War and post-Cold War eras. The policy-making process, including the role of public opinion, the mass media, and Congress, will also be covered. Prerequisite: POL 205 or permission of instructor (Same as POL 315).

HIS 320 METHODS OF TEACHING SOCIAL STUDIES / 2 credits

Acquaintance with materials, methods, and latest trends in the teaching of social studies.

HIS 325 HISTORY AND FILM / 3 credits

Students will watch several films on real historical events to ascertain their historical veracity. Students will research both the films and the actual events from the standpoint of professional historians and will demonstrate how films are very much the reflection of the society that produced them. Film topics will vary but will treat such issues as war, revolution, imperialism, colonialism, and the struggle of classes and social order.

HIS 329 THE EARLY CHURCH / 3 credits

The development of Christian thought and life to 600 A.D. Prerequisite: RPH 120 or permission of instructor. (Same as RPH 329).

HIS 331 THE MIDDLE AGES / 3 credits

This course is a survey of the History of Europe from the fall of the Roman Empire to the end of the 15th century. Topics include the Christianization of Europe, the evolution of feudalism, the rise of the papacy, the Crusades and the Hundred Years' War. Prerequisites: HIS 201/RPH 201 or permission of the instructor. (Same as RPH 331).

HIS 334 RECENT EUROPEAN HISTORY / 3 credits

Dominant currents in Europe and its dependencies from the Congress of Vienna to the present.

HIS 340 THE FRENCH REVOLUTION AND NAPOLEON / 3 credits

An exploration of the causes and consequences of this very decisive period which witnessed the destruction of the Old Regime and the birth of the modern state. Consideration will be given to the ideology of the Enlightenment, social and political reforms, the forces of radicalism and popular violence, and the origin of nationalism. In addition, the career of Napoleon and its impact on Europe will be examined. Prerequisite: HIS 201 or permission of instructor.

HIS 345 HISTORY OF INDIA AND CHINA / 3 credits

A survey of the history of China and India from earliest times to the present. Included are the study of China and India prior to contact with the West, the impact of the West on these cultures, the rise of nationalism and anti-imperialism, and the rise of communism. Prerequisite: HIS 201 and 202 or permission of instructor.

HIS 349 THE GERMAN POLITICAL AND CULTURAL TRADITION / 3 credits

This course will consider the development of German political ideas and the evolution of German constitutional arrangements from the Reformation to the present. In addition to the Sonderweg thesis – which seeks to explain and understand Germany's historical embrace of authoritarian political institutions – the course will also explore the rich German liberal and democratic tradition. In order to comprehend the complexity of German political thought, students will study the artifacts and writings of artists, philosophers, filmmakers, and poets, as well as historians and politicians. Prerequisite: HIS 202 or RPH 202. (Same as POL 349).

HIS 353 THE EVOLUTION OF WAR / 3 credits

This course is an exploration of warfare from earliest times to the present, viewing war as a social institution that must be seen in its fullest cultural context to be understood. Attention will be given not only to the historical development of war, but to its interrelationships with society and technology as well. Although the course focuses mainly on the West, it will have a significant global component in that the military experience of other cultures will serve as a vehicle of comparison. Prerequisites: HIS 201 and 202 or permission of instructor.

HIS 354 THE BYZANTINE EMPIRE / 3 credits

This course will examine the rise and fall of the Byzantine Empire from 330-1453. Major emphasis will be on the political, social, and economic structures of Byzantium and the religion and culture of its peoples. The influence of Byzantium on the Slavs, Arabs, Turks, and Western European kingdoms will also be studied. Prerequisite: HIS 201 or RPH 201 or permission of instructor. (Same as RPH 354).

HIS 355 THE REFORMATION / 3 credits

This course will explore the causes and consequences of the Reformation. Major emphasis will be placed on understanding the role of the major reformers such as Luther, Calvin, and Loyola. In addition, we will explore its socio-political and cultural dimensions. Prerequisite: HIS 201/RPH 201, or permission of instructor. (Same as RPH 358).

HIS 356 THE SPANISH GOLDEN AGE / 3 credits

This course examines Spanish culture and society during the Golden Age of the sixteenth and seventeenth centuries. Through the study of historical texts, we will explore some of the major issues of the age (the Inquisition, the Counter-Reformation, the problem of ethnic and religious minorities, and the rise and fall of empire). Prerequisite: HIS 201, or permission of instructor.

HIS 357 EARLY MODERN FRANCE / 3 credits

The course will cover the history of France from the “new monarchs” of the 15th century to the end of the Ancien Regime in 1789. Focus will be on gaining an understanding of such traditional themes as the consolidation of the French kingdom, the renaissance monarchy, the wars of religion, the development of absolutism, Louis XIV, the Enlightenment, and the forces that would eventually unleash the French Revolution. Great stress will be placed on under-

standing the larger economic and social forces that helped shape French history. In addition, students will explore some of the recent work in the areas of gender and cultural history. Prerequisite: HIS 201, or permission of instructor.

HIS 358 MODERN RUSSIA / 3 credits

The transformation of Russia in the 20th century, with special attention to the factors leading to the collapse of communism in the Gorbachev era and to the efforts to establish democratic institutions in the region thereafter. Prerequisite: POL 201, or permission of the instructor. (Same as POL 358).

HIS 361 THE CIVIL WAR / 3 credits

This course will focus on the Civil War as a military conflict. Great emphasis will be given to understanding the strategy, operations and tactics employed by both sides. Attention will also be given to the war in the context of international diplomacy and domestic politics as well as its impact on the nation. Prerequisite: HIS 101 or permission of instructor.

HIS 362 U.S. CONSTITUTION / 3 credits

Topics covered in this course include the evolving interpretation of the scope of power allotted to each separate branch of the national government, federalism, the legal and philosophical justifications for judicial review and the politics of Supreme Court decision making. (Same as POL 362).

HIS 366 ARKANSAS IN THE UNITED STATES / 3 credits

Arkansas from exploration to the present.

HIS 367 LIFE IN 20th CENTURY AMERICA / 3 credits

This course examines the history of the United States from the 1900s to the 1990s. Social history, domestic politics, influence of the media and popular culture will serve as themes while considering such topics as the Progressive Era, The Roaring Twenties, the Home Front during World War, the Great Depression, Cold War Culture, Counter Culture during the 1960s and others. Prerequisites: HIS 102 or permission of the instructor.

HIS 371 THE MIDDLE EAST / 3 credits

A survey of the Middle East from the rise of Islam to the present day. Major emphasis will be placed upon the development of Islamic society and culture. The impact and influence of the West will also be considered. Particular attention will be given to the rise of nationalism, the Arab-Israeli Conflict, and the development of Islamic fundamentalism. Prerequisite: HIS 201 and 202 or permission of instructor. (Same as POL 371).

HIS 382 SPECIAL TOPICS IN HISTORY / 3 credits

Study of selected topics in history. Prerequisites will vary.

HIS 383 WORLD THEATRE HISTORY / 3 credits

A survey of world theatre from its ritualistic beginnings to the present day. It will include readings of selected plays from world cultures. Prerequisite: THE 101 or HIS 201 (same as THE 383).

HIS 399 HISTORY INTERNATIONAL STUDIES COURSE: Variable topics / 1 credit

Studies of varying topics in history, including a 2-week Nichols trip. Prerequisites will vary depending upon course topic.

HIS 411, 412 READINGS IN HISTORY I & II / 1-3 credits each
Reading and review of three to six monographs each semester. Tutorial.

HIS 460 PRACTICUM IN HISTORY / 1-3 credits

HIS 480 SENIOR SEMINAR / 3 credits
Preparation of a major research paper; some study of methodology in history. Prerequisite: Senior standing or permission of instructor.

The International Studies Minor

Advisor: Professor Brad Gitz

At a time when intellectual and professional endeavors of all kinds increasingly have an international dimension, the minor in International Studies at Lyon College is a secondary field of specialization that provides an understanding of the global aspects of contemporary problems. The minor will complement and expand the scope of a student's major in any discipline. As an interdisciplinary minor, International Studies draws upon the disciplines of Political Science, Economics, History, Foreign Languages, and Anthropology. It requires that students participate in an appropriate study-abroad program in order to develop an understanding of how nations interrelate culturally, politically, and economically.

Summary of Requirements for a Minor in International Studies

Part I: Four semesters of a modern foreign language (through 202) or demonstrated proficiency at that level.

Part II: A study-travel course or other approved foreign-study experience.

Part III: POL 201 Comparative Politics3 credits
POL 205 World Politics3 credits

Part IV: Four of the following elective courses, with no more than two in any one discipline: (*No more than one may be applied to the student's major.*)12 credits

Japanese Minor

Instructor: Mieko Peek

In addition to its programs in Spanish and French, Lyon offers study in other foreign languages as instructors are available. Lyon is currently offering Japanese. Students may earn a minor in Foreign Language: Japanese by taking the following courses.

Summary of Requirements for a Minor in Foreign Language: Japanese

FGN 101-102 Beginning Japanese 6 credits
FGN 201-202 Intermediate Japanese 6 credits
FGN 301 Advanced Japanese 3 credits
Elective chosen from one of those listed below 3 credits
FGN 302 Advanced Japanese II, **OR**

a 3-credit Lyon course related to Japanese civilization in a discipline other than FGN, **OR** a 3-credit elective taken at Akita University with which Lyon has a formal exchange agreement.

Total **18 credits**

Japanese courses listed under Foreign Language Courses on Page 110.

Students may develop an individualized major in Japanese by adding to this minor with study in Japan.

The Journalism Concentration

Advisor: Professor Terrell Tebbetts

The Journalism concentration at Lyon College develops the thinking, writing, and editing skills needed for professional writing careers in business and journalism. The concentration prepares students to join corporate editing and writing staffs, as well as the editing and reporting staffs of newspapers and magazines.

Students following the Journalism concentration choose majors appropriate to their intellectual and professional interests. Some might select an English major, for example, to focus on critical verbal skills, while others might select political science to develop understanding of political events important to news and editorial writing. Still others might select Spanish, art, or economics. Students in the Journalism concentration are free to select whatever major suits their individual interests and needs.

Lyon College graduates with courses from the Journalism concentration have been particularly successful after joining the reporting staffs of daily newspapers and the writing and editing staffs of professional organizations. Some of them have moved easily into marketing positions. Their success has stemmed from their ability to think critically, to write clearly, to solve problems, and to lead. And these strengths have grown from their combination of a liberal arts major with courses from Lyon College's Journalism concentration.

Summary of Requirements for a Journalism Concentration

JRN 102 Fundamentals of Photography	3 credits
JRN 203 News Writing	3 credits
JRN 303 News Editing	3 credits
ART 220 Digital Studio	3 credits
ENG 363 Advanced Composition	3 credits
JRN 372 Practicum in Writing	3 credits
JRN 373 Practicum in Editing	3 credits
JRN 401 Internship	3 credits
Total24 credits

Recommended Electives

Print journalists have recommended that students develop fields of reporting expertise — in the arts and literature, for example, or politics or science or business. In addition, Spanish is a useful tool for both reporters and business writers. Students should talk with their concentration advisor about appropriate options.

Journalism Courses

JRN 102 FUNDAMENTALS OF PHOTOGRAPHY / 3 credits

This course will explore basic camera and digital darkroom techniques. Students will cultivate the aesthetic and conceptual skills of photographic image making. Success in this course will be measured in the understanding of basic camera functions, basic digital imaging skills (scanning, retouching, printing), conceptual development and a final portfolio. (Same as ART 102)

JRN 203 NEWS WRITING / 3 credits

An introduction to basic news and news-feature writing with practical experience. Style and form of media news writing included.

JRN 303 NEWS EDITING / 3 credits

Principles of editing for the print media, with emphasis on the use of computers. AP style. Design and layout. Newsroom organization and management.

JRN 372 PRACTICUM IN WRITING / 1-3 credits

Practical experience in writing for publication, under professional supervision. Placement on student newspaper or yearbook or in the Lyon public relations office. Prerequisite: JRN 203 or permission of instructor.

JRN 373 PRACTICUM IN EDITING / 1-3 credits

Practical experience in editing material for publication, under professional supervision. Placement with Lyon College publications. Prerequisite: JRN 303 or permission of instructor.

JRN 382 SPECIAL TOPICS IN JOURNALISM / 3 credits

Study of selected topics in journalism. Prerequisites will vary.

JRN 401 INTERNSHIP / 3 credits

Professional experience in publications through work at a business or news organization. With the assistance of college faculty and staff, students find a part-time job during the academic year or a full-time job during the summer. Prerequisite: JRN 372 or 373.

JRN 450 INDEPENDENT STUDY / variable credit

Concentrated study in selected topic.

The Mathematics Major

Assistant Professors: Jeremy Chapman and Megan Powell

Mathematics is the language of nature — the Rosetta stone by which we come to understand the inner structure and form of our universe. It is also the language of computers — the key to the Information Age, which is just beginning. As a tool for understanding the world, it is perhaps the oldest and most enduring — and still, today, one of the most dynamic and exciting. Students in the Mathematics major develop an understanding of mathematics as a vital tool of the mind.

The Mathematics major is both rigorous and flexible. It provides students a rigorous foundation upon which to pursue graduate studies in mathematics or professional training in areas such as law or engineering, while permitting them the flexibility to pursue minors in other liberal arts disciplines and to prepare themselves to teach in secondary school. Graduates receive the Bachelor of Arts degree in mathematics.

Summary of Requirements for a Major in Mathematics

MTH 210, 220, 230 Calculus I*, II, III	12 credits
MTH 290 Foundations of Modern Mathematics	3 credits
MTH 300 Differential Equations	3 credits
MTH 330 Linear Algebra	3 credits
MTH 420 Abstract Algebra I	3 credits
MTH 440 Mathematical Analysis I	3 credits

* *This course may also be used to satisfy Core requirements.*

** *MTH 400 Secondary Methods in Mathematics may not be used for this requirement.*

PHY 240, 241, 250, 251, are recommended general electives.

Students who plan to do graduate study in mathematics should select MTH 421 Abstract Algebra II and MTH 441 Mathematical Analysis II as electives in mathematics.

Students who wish to teach secondary school mathematics must satisfy admission

requirements for the Liberal Arts Teacher Education Concentration (LATEC) and complete the General Education Core and Education Theory curriculum in the Secondary Education Certification Program. Additionally, these prospective mathematics teachers must take MTH 360, Probability and Statistics; MTH 380, Modern Geometry; and MTH 400, Secondary Methods in Mathematics, which may be used as a general elective but not as a mathematics elective.

The Mathematics Minor

The Mathematics minor is a course of study designed as a second field for students who wish to develop their understanding of mathematics as a tool of the mind.

Summary of Requirements for a Minor in Mathematics

MTH 210 & 220 Calculus I* & II8 credits

Three courses chosen from

MTH 230 Calculus III

MTH 290 Foundations of Modern Mathematics

MTH 300 Differential Equations

MTH 330 Linear Algebra

MTH 360 Probability and Statistics

MTH 380 Modern Geometry

***This course has MTH 115 Discrete Mathematics as a prerequisite.*

Mathematics Courses

MTH 101 COLLEGE ALGEBRA / 3 credits

Review of algebra including the real number system. Study of functions which includes the exponential and polynomial.

MTH 110 ELEMENTARY FUNCTIONS / 4 credits

A study of exponential, logarithmic and trigonometric functions, elementary matrix theory including determinants and systems of equations. Emphasis is on preparation for calculus. Prerequisite: MTH 101.

MTH 115 DISCRETE MATHEMATICS / 3 credits

Topics in Discrete Mathematics including sets and set operations, combinatorics, elements of graph theory. Prerequisite: MTH 101.

MTH 210 CALCULUS I / 4 credits

The study of limits, differentiation and integration of algebraic, trigonometric, logarithmic and exponential functions with their applications. Prerequisite: MTH 110 or permission of instructor.

MTH 220 CALCULUS II / 4 credits

Applications and techniques of integration, sequences, infinite series, and transcendental functions. Prerequisite: MTH 210 or permission of instructor.

MTH 230 CALCULUS III / 4 credits

Vectors and polar coordinates, functions of several variables, partial differentiation, multiple integration, and line integrals. Green's Theorem, Stokes' Theorem, and Gauss' Theorem. Prerequisite: MTH 220 or permission of instructor.

MTH 290 FOUNDATIONS OF MODERN MATHEMATICS / 3 credits An introduction to the method of formal proof. Topics include logic, set theory, relations, functions and cardinality. Prerequisite: MTH 210 or permission of instructor.

MTH 300 DIFFERENTIAL EQUATIONS / 3 credits

Ordinary differential equations and Laplace transforms. Prerequisite: MTH 220.

MTH 330 LINEAR ALGEBRA / 3 credits

Algebra of finite dimensional linear spaces, linear transformations and matrices, eigenvalues, eigenvectors. Prerequisites: MTH 220.

MTH 360 PROBABILITY AND STATISTICS / 3 credits

Elementary probability, distribution functions, sampling, and testing statistical hypothesis. Prerequisite: MTH 220.

MTH 380 MODERN GEOMETRY / 3 credits

A study of Euclidean and Non-Euclidean geometries. Prerequisite: MTH 290.

MTH 400 SECONDARY METHODS IN MATHEMATICS / 3 credits

To prepare mathematics students for their roles as secondary mathematics teachers.

MTH 415 NUMERICAL ANALYSIS / 3 credits

Error analysis, interpolation, approximate differentiation, approximate integration, solutions to differential equations, matrix manipulation, and solutions to systems of linear equations. Prerequisites: MTH 300 and CSC 110 or CSC 140. Same as CSC 415.

MTH 420 ABSTRACT ALGEBRA I / 3 credits

An introduction to the algebraic structure of the integers and groups, including equivalence relations, subgroups, normal subgroups, homomorphisms, Lagrange's theorem, and Sylow's theorem. Prerequisite: MTH 290 and MTH 330, or permission of instructor.

MTH 421 ABSTRACT ALGEBRA II / 3 credits

A continuation of MTH 420, including rings, fields, Galois theory, and solvability by radicals. Prerequisite: MTH 420.

MTH 440 MATHEMATICAL ANALYSIS I / 3 credits

The real numbers; sequences, compact sets and the Heine-Borel and Bolzano-Weierstrass theorems; limits; continuous, uniformly continuous, differentiable and integrable functions and the fundamental theorem of calculus; series. Prerequisite: MTH 220 and MTH 290.

MTH 441 MATHEMATICAL ANALYSIS II / 3 credits

A continuation of MTH 440 to multivariate calculus, including sequences and series of functions, uniform convergence and power series; partial derivatives, the Inverse and Implicit Function Theorems; multiple integrals. Prerequisites: MTH 440.

MTH 445 SPECIAL TOPICS / 3 credits

This course explores one or more advanced undergraduate topics in mathematics not included in the list of courses in the Catalog. The course name and appropriate prerequisites will be announced well in advance.

MTH 447 MATHEMATICS SEMINAR / 1-4 credits

Taken in the senior year, resulting in a paper to be presented to the faculty.

MTH 450 INDEPENDENT STUDY / 1-4 credits

Individual work on special topics in mathematics.

The Music Major

Professor: Russell Stinson

Choir Director: Karen Graham

At Lyon College we speak the language of music, endorsing its traditional role in the liberal arts. The Music major is thus rooted in the history and theory of music, as well as in performance. It is well suited to students who wish to pursue graduate study in performance, music education, music theory, or musicology; to potential church musicians; and to students who wish to study music in tandem with other disciplines.

In addition to studying music in the classroom, music majors develop their skills as performers (in voice, piano, organ, or selected instrumental areas) in private lessons with a member of the music faculty. A basic level of skill at the piano is expected of all music majors; therefore, a piano proficiency examination must be passed by the senior year. All music majors must also complete a senior project that will culminate in the form of a public recital, lecture-recital, or lecture.

The Music/Scottish Arts Minor

Advisor: James Bell

The Music/Scottish Arts minor is a program of studies for students interested in the music of Scotland, particularly bagpiping. Completion of the course will enable the successful student to gain the knowledge to sit for examinations from the various organizations that administer certification in Scotland.

Summary of Requirements for a Minor in Music/Scottish Arts

Music Courses

MUS 105 THE LANGUAGE OF MUSIC / 3 credits

An introduction to the Western musical traditions. Students will begin by surveying the fundamental aspects of musical language, including notation and basic theory, and then proceed to an examination of several compositions, ranging from symphonies and operas to the avant-garde and popular works of the 20th century.

MUS 110 MUSIC THEORY / 3 credits

A study of diatonic harmonic practice, beginning with triads and ending with seventh chords. Other topics will include cadence types, nonharmonic tones, phrase structure, voice leading, and harmonic progression. Prerequisite: MUS 105.

MUS 111 MUSICIANSHIP I / 1.5 credits

An introduction to sight singing, keyboard harmony, and the development of aural skills.

MUS 112 MUSICIANSHIP II / 1.5 credits

Continued study of sight singing, keyboard harmony, and the development of aural skills. Prerequisite: MUS 111.

MUS 114 PIANO CLASS / 1 credit

Designed for students with little or no piano background. Explores basic methodology of keyboard technique, sight-reading and repertoire building. Must be taken with little or no piano experience, as preparation for piano proficiency. May be substituted by the music major for one semester of MUS 151P.

MUS 115 VOICE CLASS / 1 credit

Basic principles of singing for the student with little or no previous vocal training. Can be used to prepare music majors and nonmajors to take private lessons. May be substituted for one semester of MUS 151V.

MUS 130 LYON COLLEGE CONCERT BAND / 1 credit

The Concert Band offers training in band literature to all students with abilities on woodwind, brass, or percussion instruments. Performances will be scheduled for appropriate occasions both on and off campus. May be repeated for credit.

MUS 135 LYON COLLEGE FLUTE CHOIR / 1 credit

The Flute Choir offers training in flute to all interested students with playing ability. Repertory ranges from classical to popular. Performances will be scheduled for appropriate occasions on and off campus. May be repeated for credit.

MUS 140 LYON COLLEGE CONCERT CHORALE / 1 credit

The Concert Chorale performs a wide variety of literature, ranging from larger choral-orchestral works to folksongs and spirituals. The Concert Chorale presents several concerts each year, both on and off campus. The Concert Chorale is open to any interested student who passes a brief audition. May be repeated for credit.

MUS 145 LYON COLLEGE ORCHESTRA / 1 credit

This orchestra is open to college and community participation. Utilizes woodwinds, brass, strings, and percussion; literature includes full orchestra and chamber works, with scheduled performances on and off campus. May be repeated for credit.

MUS 150 BEGINNING GUITAR / 1 credit

Instruction for beginning students in the fundamentals of guitar playing. Students must provide their own instrument. This course may be taken only once for credit.

MUS 163 PIPE BAND / 1 credit

Instruction for beginners and experienced players in the playing of the Great Highland Bagpipe, including applicable music theory. Experienced players may audition to join the performing Pipe Band, which holds weekly practice sessions and performs at numerous public events and competitions throughout the region. The band takes one to two major trips each year. Students without practice chanters must purchase their own. May be repeated for credit.

MUS 205 ADVANCED MUSIC THEORY / 3 credits

A study of chromatic harmonic practice, including secondary, borrowed, Neapolitan, and augmented-sixth chords. Other topics will include modulation, counterpoint, and form. A major project will be the composition of a fugue. Prerequisite: MUS 110.

MUS 263 CEOL MOR I (CLASSICAL BAGPIPE I) / 3 credits

An introduction to the fundamentals of piobaireachd (the technique and literature of the classical Highland bagpipe). The student can expect to learn all basic embellishments used in ceol mor, as well as the use of cadenceds and simple phrase structures. The student will learn a minimum of one complete tune.

MUS 291 TOPICS IN MUSIC HISTORY / 3 credits

An examination of a major composer, genre, or repertory, from a historical perspective.

MUS 292 TOPICS IN MUSIC THEORY / 3 credits

An examination of a major composer or a group of works defined by genre or repertory, from a theoretical perspective. Topics may also include particular analytical methods or the history of music theory.

MUS 293 TOPICS IN PERFORMANCE PRACTICE / 3 credits

An examination of a particular aspect of applied music studies, including historical performance practices.

MUS 295 WORLD MUSIC / 3 credits

A survey of the music of the world's peoples in its social context, including the Americas, Africa, Europe, Indonesia, India, and Asia.

MUS 296 BACH'S GERMANY / 3 credits

An investigation of four cities (Berlin, Dresden, Leipzig, and Weimar) where the composer J.S. Bach lived and worked. Special emphasis will be placed on compositions written by Bach in each of these locales. (Same as HST 296)

MUS 311 MEDIEVAL AND RENAISSANCE MUSIC / 3 credits

A study of the history and literature of the music of the Medieval and Renaissance eras. Prerequisite: MUS 105.

MUS 320 BAROQUE AND CLASSICAL MUSIC / 3 credits

A study of the history and literature of the music of the Baroque and Classical eras. Prerequisite: MUS 105.

MUS 325 NINETEENTH- AND TWENTIETH-CENTURY MUSIC / 3 credits

A study of the history and literature of the music of the nineteenth and twentieth centuries. Prerequisite: MUS 105.

MUS 330 HYMNODY / 3 credits

A survey of Christian hymnody and its role in worship from the first century of Christianity to the present, incorporating the study of selected texts, tunes, authors, and composers.

MUS 363 CEOL MOR II (CLASSICAL BAGPIPE II) / 3 credits

A continuation of MUS 263, to include a comparison of the various canntaireachd sources. There will be further study of phrase structures and the various advanced embellishments. The student can expect to learn additional tunes. Prerequisite: MUS 263.

MUS 399 MUSIC INTERNATIONAL STUDIES COURSE: Variable topics / 1 credit

Studies of varying topics in music, including a 2-week Nichols trip. Prerequisites will vary depending upon course topic.

MUS 420 CONDUCTING / 3 credits

Conducting techniques for the music major including score reading, rehearsal techniques and performance practices.

MUS 425 METHODS AND MATERIALS IN TEACHING MUSIC / 3 credits

Intended for music majors who are working toward public-school certification in music.

MUS 430 CHURCH MUSIC / 3 credits

A course designed to develop the variety of skills required of the church musician, including service playing and anthem accompaniment, console conducting, the planning and selection of music for worship, and the development of a church music program.

MUS 431 VOCAL PEDAGOGY / 3 credits

This course presents the materials for and the methods of singing. It is designed for prospective teachers of singing. Prerequisite: MUS 351V.

MUS 432 INSTRUMENTAL PEDAGOGY / 3 credits

This course presents the materials for and the methods of working with students of orchestral instruments. It is designed for prospective teachers of orchestral instruments. Prerequisite: MUS 351I.

MUS 433 KEYBOARD PEDAGOGY / 3 credits

This course presents the materials for and the methods of working with keyboard instruments. It is designed for prospective teachers of keyboard instruments. Prerequisite: MUS 351O or 351P.

MUS 450 INDEPENDENT STUDY / 1-3 credits

Directed individual study in an area accepted for professional growth.

MUS 463 CEOL MOR III (CLASSICAL BAGPIPE III) / 3 credits

This is an involved course of study that includes the various accepted styles of the current year's Silver Medal tunes, and learning how to interpret the music for yourself based on accepted fundamentals of ceol mor. (Prerequisite: 363)

MUS 499 SENIOR RECITAL / 1 credit

A capstone experience for the music major, consisting of a project culminating in the form of a public recital, lecture recital or lecture of a musicological nature. Prerequisite: MUS 351V, 351O, 351I, or 351P and permission of the instructor.

Music: Instrumental

Physical Education Minor

Director: Julie Church

Physical education is the study of the effects of physical activity on mental and physical health. Course work in the minor covers current research as well as practical application. The requirements of the minor in physical education are:

PED 201 Health and Wellness	3 credits
PED 207 First Aid and Care of Athletic Injuries	3 credits
PED 301 History and Principles	3 credits
PED 302 Kinesiology	3 credits
PED 203 Theory of Coaching	
or	
PED 303 Organization and Administration	
or	
PED 382 Special Topic in Exercise Science	3 credits
PED 309 Motor Learning and Control	3 credits
Total	18 credits

Physical Education Courses

PED 101 PHYSICAL FITNESS / 1 credit

This course introduces the student to the concepts of physical fitness and the means to embody them in a lifelong setting.

PED 102 BASIC SWIMMING (non-swimmers only) / 1 credit

Basic techniques and skills of swimming and diving.

- PED 103 VOLLEYBALL AND TABLE TENNIS / 1 credit
Instruction, rules, strategy, and practice in the fundamentals of volleyball and table tennis
- PED 104 BEGINNING TABLE TENNIS / 1 credit
Instruction, rules, strategy, and practice in the fundamentals of table tennis.
- PED 108 ARCHERY AND BOWLING / 1 credit
Fundamental skills, strategy, rules, scoring, and practice in archery and bowling.
- PED 109 BEGINNING TENNIS / 1 credit
Instruction, rules, and practice in the fundamentals of tennis.
- PED 110 TENNIS AND BADMINTON / 1 credit
Fundamental strokes, strategy, rules, scoring, and practice in tennis and badminton.
- PED 111 AEROBIC DANCE / 1 credit
Introduction of movement routines for developing and maintaining cardiorespiratory endurance.
- PED 112 BEGINNING SWIMMING / 1 credit
Basic techniques and instructions of swimming.
- PED 113 BODY SHAPING / 1 credit
Continuation of the Fundamentals of physical fitness including aerobic conditioning and weight training.
- PED 115 BEGINNING SCOTTISH HIGHLAND DANCE / 1 credit
Traditional dances, Sword Dance, and Highland Fling.
- PED 116 INTERMEDIATE SWIMMING / 1 credit
Instruction and practice in all basic swimming strokes and water safety.
- PED 117 VARSITY CHEERLEADING / 1 credit per year
Designed for prospective and active cheerleaders and prospective cheerleader sponsors. Cheerleading, administrative organization, selection, practice of fundamentals of cheering. One-half credit each semester.
- PED 119 BASIC GOLF / 1 credit
Basic instruction in all phases of play, emphasizing rules and etiquette to promote golf as a life-time sport.
- PED 120 TAI CHI CHIH / 1 credit
This course provides an introduction to both the theory and practice of Tai Chi Chih. Tai Chi Chih is a non-competitive, non-martial arts form of movement that promotes physical strength and balance, and at the same time enhances focus, concentration and emotional wellness. It is also an excellent program for relieving stress. It is appropriate for all ages and abilities, and can be easily adapted for those with physical disabilities or limitations.
- PED 122 FUNDAMENTALS OF DANCE / 1 credit
Students learn form, position, muscle control, flexibility and the basic movements to bring

them to a level that will enable them to enjoy and develop a love for the art of dance (same as THE 122)

PED 124 THE BIGGEST WINNER / 1 credit

This course will prepare the student, with a BMI greater than 25, to achieve and maintain a healthy body weight for life. The class explores sound nutrition and weight management principles, and identification and use of appropriate weight management tools. Weekly weigh-ins will be required. The class may be repeated, as needed, to reach optimal BMI.

PED 126 BACKPACKING / 1 credit

This course is designed to teach you about the basics of backpacking. It will focus on appropriate gear, trip planning and logistics, course materials and competence in basic backpacking skills.

PED 130 - 430 VARSITY SPORTS

PED 130A, 130B, 230A, 230B, 330A, 330B, 430A, 430B: Participation in a varsity sport for a full season. "A" courses are 0-credit courses. "B" courses are 1 credit courses. Must be taken pass/fail.

PED 201 HEALTH AND WELLNESS / 3 credits

Provides students with necessary information, opportunities and strategies needed to obtain lifetime wellness.

PED 203 THEORY OF COACHING / 3 credits

A study of contest management, schedule planning, and effective coaching of individual and team sports.

PED 207 FIRST AID AND CARE OF ATHLETIC INJURIES / 3 credits

Presents student trainer instruction and orientation in prevention and care of common athletic injuries.

PED 282 TOPICS IN DANCE / 1 credit

A continuation of principles taught in Fundamentals of Dance giving the student an in depth view of a variety of dance forms such as ballet, tap, jazz, lyrical, modern, and musical theatre dance while fine tuning the body, building cardio-vascular health and giving each participant a sense of well being. Prerequisite: THE 122 or PED 122 or permission of instructor. (Same as THE 282)

PED 301 HISTORY AND PRINCIPLES / 3 credits

History, philosophy, aims, current problems, and fundamental principles of physical education.

PED 302 KINESIOLOGY / 3 credits

The study of the muscular-skeletal system of the human body and the mechanics of human motion, and its application to physical activities.

PED 303 ORGANIZATION AND ADMINISTRATION / 3 credits

Problems relative to the organization and administration of a physical education program in the public schools.

PED 307 METHODS FOR SECONDARY SCHOOLS / 3 credits
Methods, materials and activities for a program of physical education in the secondary schools.

PED 309 MOTOR LEARNING / 3 credits
Provides students with knowledge of various factors that may affect learning and performance of human movement activities.

PED 310 SELF-DESIGNED WELLNESS PROGRAM / 0 credit
An individualized wellness approach to fitness. This will satisfy the physical education Core requirement for juniors.

PED 320 INTRAMURAL PROGRAM / 0 credit
Participation in selected activities in the Intramural program. This will satisfy the physical education Core requirement for juniors.

PED 341 VARSITY CHEERLEADING / 0 credit
Participation in a cheerleading activities for a full season. This will satisfy the physical education Core requirement for juniors.

PED 410 SELF-DESIGNED WELLNESS PROGRAM / 0 credit
An individualized wellness approach to fitness. This will satisfy the physical education Core requirement for seniors.

PED 420 INTRAMURAL PROGRAM / 0 credit
Participation in selected activities in the Intramural program. This will satisfy the physical education Core requirement for seniors.

PED 440 VARSITY CHEERLEADING / 0 credit
Participation in a cheerleading activities for a full season. This will satisfy the physical education Core requirement for seniors.

The Physics Minor

Associate Professor: Stuart Hutton

The Physics minor is a course of study designed as a second field for students who wish to develop a deeper understanding of Physics.

Summary of Requirements for a Minor in Physics

MTH 210, 220 Calculus I* & II	8 credits
PHY 210/211 General Physics I*	
OR PHY 240/241 Fundamentals of Physics I*	4 credits
PHY 220/221 General Physics II	
OR PHY 250/251 Fundamentals of Physics II	4 credits
PHY 335 Modern Physics	3 credits
Additional 300 or 400 level Physics courses	4 credits
Total23 credits

* This course may also be used to satisfy Core requirements.

Physics Courses

PHY 210 GENERAL PHYSICS I / 3 credits

Newtonian mechanics, sound propagation, heat transfer, and thermodynamics using algebra and trigonometry. Prerequisite: MTH 110 or permission of instructor.

PHY 211 GENERAL PHYSICS I LABORATORY / 1 credit

Experimental techniques for Physics I. Corequisite: PHY 210.

PHY 220 GENERAL PHYSICS II / 3 credits

Study of electricity, magnetism, light and optics using algebra and trigonometry. Prerequisite: PHY 210.

PHY 221 GENERAL PHYSICS II LABORATORY / 1 credit

Experimental techniques for Physics II. Corequisite: PHY 220.

PHY 235 INTRODUCTION TO DIGITAL LOGIC / 3 credits

An introduction to digital electronic circuits and techniques. Boolean Algebra, digital logic gates, registers, automata theory, and integrated circuits. Same as CSC 245. Prerequisite: MTH 115.

PHY 240 FUNDAMENTALS OF PHYSICS I / 3 credits

Principles of Newtonian mechanics, sound propagation, heat transfer, and thermodynamics employing differential and integral calculus. Prerequisite: MTH 210 or permission of instructor.

PHY 241 FUNDAMENTALS OF PHYSICS I LABORATORY / 1 credit

Experimental techniques for Fundamentals of Physics I. Corequisite: PHY 240.

PHY 250 FUNDAMENTALS OF PHYSICS II / 3 credits

Study of the basic principles of electromagnetism, light propagation, optics employing differential and integral calculus. Prerequisite: MTH 220 and either PHY 210 or PHY 240 or permission of instructor.

PHY 251 FUNDAMENTALS OF PHYSICS II LABORATORY / 1 credit

Experimental techniques for Fundamentals of Physics II. Corequisite PHY 250.

PHY 282 SPECIAL TOPICS IN PHYSICS / 3 credits

Study of selected topics in physics. Prerequisites will vary.

PHY 321 INDEPENDENT STUDY / 1-3 credits

Directed study on an individual basis covering topics from advanced physics. Prerequisite: PHY 210/240, PHY 220/250 and permission of the instructor. Course may be repeated for up to 3 credits.

PHY 335 MODERN PHYSICS / 3 credits

Topics in Modern Physics including relativity, elementary particles, quantum mechanics, wave and particle theories, and spectra. Prerequisite: PHY 220 or PHY 250 or permission of instructor.

PHY 382 SPECIAL TOPICS IN PHYSICS / 3 credits
Study of selected topics in physics. Prerequisites will vary.

PHY 390 SEMINAR IN PHYSICS / 1 credit
Students research areas from advanced physics and deliver oral presentations supported by a formal paper. Prerequisite: MTH 220 and either PHY 220 or PHY 250 or permission of instructor. Course may be repeated for credit once.

The Political Science Major

Professors: Bradley Gitz, Scott Roulier, Donald Weatherman

Political Science is the study of political systems and the ideas that bring them into being, transform them, and sustain them. Students in the Political Science program at Lyon College examine such enduring concepts as freedom, justice, equality, order, and power; explore the practical and ethical dimensions of contemporary issues; and compare political systems throughout the world. The study of political science provides students with a deeper understanding of the nature and responsibilities of citizenship and builds a strong foundation for a range of careers and professions, including public service.

Summary of Requirements for a Major in Political Science

POL 101 U.S. Government and Politics*	3 credits
POL 201 Comparative Politics	3 credits
POL 205 World Politics	3 credits
POL 351 Ancient Political Philosophy	
OR POL 353 Modern Political Philosophy	
OR POL 347 American Political Thought	3 credits
POL 455 Senior seminar	3 credits
Five additional political science courses	15 credits
ECO 101 Principles of Economics*	3 credits
One history course (300 level or above)	3 credits
Total	36 credits

* This course may also be used to satisfy Core requirements.

The Political Science Minor

The Political Science minor is designed for those students who wish to supplement their major field of study with some valuable political knowledge.

Summary of Requirements for a Minor in Political Science

Seven courses in Political Science	21 credits
<i>(These courses must be selected from at least two of the Political Science subfields: American government, comparative politics, international relations, and political philosophy. At least four of these courses must be at the 300 level or above.)</i>	

Political Science Courses

POL 101 U.S. GOVERNMENT AND POLITICS / 3 credits

This course will examine the development, structure, and operation of the United States political system. It will examine the basic principles of the constitutional system and the political environment that has developed around that system. Main topics will include the Constitution, federalism, the three branches of government, political parties, elections, and interest groups.

POL 201 COMPARATIVE POLITICS / 3 credits

A survey of governments and politics in the industrialized and developing nations. The course examines what it means to compare political systems and explores the ideological foundations, political institutions, and political performance of governments in Europe, Asia, Latin America, and the Middle East.

POL 205 WORLD POLITICS / 3 credits

This course reviews the main issues and problems confronted by nation-states as they interact with each other in the international system. Peace and war, integration and disintegration, and the nature of foreign policy formulation will be among the issues dealt with.

POL 206 MODEL UNITED NATIONS / 1 credit

Study of the structures and procedures of the United Nations in preparation for student participation at intercollegiate Model United Nations conferences. Students will be expected to become familiar with both the United Nations as an institution and the policies of the countries they will be representing. Approval of the instructor is required for enrollment.

POL 210 INTRODUCTION TO LEGAL STUDIES / 3 credits

This course is designed to provide a general introduction to the study of law. Students will gain a working knowledge of criminal and civil procedure; learn about the state and federal court systems; read and analyze court opinions; and participate in an appellate simulation. In addition, this course will include modules on the philosophy of law and sociology of law. In short, this course will offer students a broad liberal arts perspective on the important role law plays in our society.

POL 250 POLITICAL ISSUES AND PUBLIC POLICY / 3 credits

The study of significant issues in public policy. Emphasis will be placed on the ability to address those issues from different philosophical and ideological perspectives.

POL 288 POLITICAL PARTIES, CAMPAIGNS & ELECTIONS / 3 credits

A study of the nature, organization, and operations of American political parties in government and in the electoral process. We will examine different types of elections and how campaign strategies differ depending on the type of election and the political environment. Prerequisite: POL 101.

POL 297 INTERNATIONAL CONFLICT / 3 credits

Analysis of the phenomena of war and conflict between nation-states. Explores various explanations for war and evaluates these through examination of various conflicts in the twentieth century. Methods for limiting conflict will also be assessed. Prerequisite: POL 205.

POL 302 ARKANSAS STATE AND LOCAL GOVERNMENT / 3 credits

General features of state constitutions, powers of governors, state legislative structure and processes, state judicial systems and structure and form of municipal and county governments. Emphasis on Arkansas government.

POL 305 MOOT COURT / 2 credits

In preparation for intercollegiate moot court tournaments, students will hone their advocacy skills; they will learn to analyze constitutional law cases, to select appropriate case precedents, and to build oral arguments. Sophomores, juniors and seniors will be eligible to take the course. If they wish, students can participate all three years, though this is not required. Only three total credits of moot court experience can be applied to the major; no more than six moot court credits may count toward graduation. Prerequisites: POL 362 or POL 380 or permission of instructor.

POL 315 U.S. FOREIGN AND SECURITY POLICY / 3 credits

Covers the evolution of U.S. foreign and security policy with particular attention to the Cold War and post-Cold War eras. The policy-making process, including the role of public opinion, the mass media, and Congress, will also be covered. Prerequisite: POL 205 or permission of instructor (Same as HIS 315).

POL 346 INTERNATIONAL LAW AND ORGANIZATIONS / 3 credits

An introduction to the basic principles of public international law in such areas as the rules of war, the law of the Seas, and human rights; and a survey of the related functions of the United Nations. Prerequisite: POL 205.

POL 347 AMERICAN POLITICAL THOUGHT / 3 credits

A survey of the ideas that shaped the American political system.

POL 349 THE GERMAN POLITICAL AND CULTURAL TRADITION / 3 credits

This course will consider the development of German political ideas and the evolution of German constitutional arrangements from the Reformation to the present. In addition to the Sonderweg thesis – which seeks to explain and understand Germany's historical embrace of authoritarian political institutions – the course will also explore the rich German liberal and democratic tradition. In order to comprehend the complexity of German political thought, students will study the artifacts and writings of artists, philosophers, filmmakers, and poets, as well as historians and politicians. Prerequisite: HIS 202 or RPH 202. (Same as HIS 349).

POL 351 ANCIENT POLITICAL PHILOSOPHY / 3 credits

This course is designed to allow students to work with those political thinkers who started the Western political tradition. Concentrating on original sources, the class considers the origin of political philosophy in selected works by such authors as Xenophon, Plato, and Aristotle. (Same as RPH 351).

POL 353 MODERN POLITICAL PHILOSOPHY / 3 credits

A study of some major political thinkers such as Machiavelli, Locke, Rousseau, Hume, and Marx. Concentration will be on selected works and topics that have influenced contemporary politics. (Same as RPH 353).

POL 358 MODERN RUSSIA / 3 credits

The transformation of Russia in the 20th century, with special attention to the factors leading

to the collapse of communism in the Gorbachev era and to the efforts to establish democratic institutions in the region thereafter. Prerequisite: POL 201, or permission of instructor. (Same as HIS 358).

POL 362 U.S. CONSTITUTION / 3 credits

Topics covered in this course include the evolving interpretation of the scope of power allotted to each separate branch of the national government, federalism, the legal and philosophical justifications for judicial review and the politics of Supreme Court decision making. (Same as HIS 362).

POL 368 ASIAN POLITICS / 3 credits

A comparative survey of government and governmental institutions in Asia. Particular emphasis will be placed on identifying key political, economic, and social trends affecting the region.

POL 370 POLITICAL ECONOMY OF PUBLIC ISSUES / 3 credits

Each year topics of current public debate and interest in which both governmental and economic forces and interests are joined are used as the basis for discussion and for student research. Students present their research to the class and write a major paper. Prerequisite: ECO 102 or consent of instructor. (Same as ECO 370).

POL 371 THE MIDDLE EAST / 3 credits

A survey of the Middle East from the rise of Islam to the present day. Major emphasis will be placed upon the development of Islamic society and culture. The impact and influence of the West will also be considered. Particular attention will be given to the rise of nationalism, the Arab-Israeli Conflict, and the development of Islamic fundamentalism. Prerequisite: HIS 201 and 202 or permission of instructor. (Same as HIS 371).

POL 380 CIVIL LIBERTIES / 3 credits

This course examines the civil rights and liberties guaranteed by the Bill of Rights. Special attention will be given to the study of criminal defendants' rights (the Fourth, Fifth, and Sixth Amendments), freedom of speech and religion (First Amendment), equal protection (Fourteenth Amendment) and the right to privacy.

POL 382 SPECIAL TOPICS IN POLITICAL SCIENCE / 3 credits

Study of selected topics in political science. Prerequisites will vary.

POL 399 POLITICAL SCIENCE INTERNATIONAL STUDIES COURSE: Variable topics / 1 credit Studies of varying topics in political science, including a 2-week Nichols trip. Prerequisites will vary depending upon course topic.

POL 450 DIRECTED STUDY / 3 credits

Concentrated study in one or more areas of government.

POL 455 SENIOR SEMINAR / 3 credits

POL 460 PRACTICUM IN POLITICS / variable credit

The Psychology Major

Associate Professor: Patrick Mulick

Assistant Professors: Jennifer Daniels and Nikki Yonts

Psychology, the study of behavior and mental processes, is a social, behavioral, and human science. The Psychology major at Lyon introduces students to the empirical study of human and animal behavior and such diverse mental faculties and processes as perception, memory, intelligence, problem solving, and decision making. Students are also introduced to a wide range of current professional issues and responsibilities regarding both the academic discipline and the applied profession of psychology.

Psychology students develop an understanding of the social, psychological, and biological causes of behavior and an understanding of the effects of these factors on a variety of psychological phenomena, including interpersonal relationships, human growth and development, learning, personality, and abnormal behavior. They become skilled researchers and wise consumers of scientific psychological research. In addition, they are introduced to the application of basic psychological principles in a variety of endeavors, including counseling and other areas of clinical psychology and education. Psychology majors interested in applied aspects of the discipline may gain practical experience in the field through a supervised practicum in the junior or senior year.

The major is designed to prepare students for graduate study in psychology and related fields. A background in psychology is also appropriate and valuable for students planning to enter such professions as business, education, law, medicine, social work, and the ministry.

A holistic approach to the study of individuals interacting with other individuals and groups within social, psychological, and cultural environments. Prerequisite: PSY 101.

PSY 338 PERSONALITY PSYCHOLOGY / 3 credits

A study of contemporary theory, research and assessment in personality. Prerequisite: PSY 101.

PSY 339 LEARNING AND COGNITION / 3 credits

Examination of the major theories of learning and cognition. The course will identify a variety of research tools useful in understanding thinking, learning, and teaching. Prerequisite: PSY 101.

PSY 340 INTERMEDIATE RESEARCH METHODS / 3 credits

This course builds upon the statistical concepts acquired in Statistics and experimental methods acquired in Introduction to Research Methods. It provides psychology students with advanced tools needed to engage in and to evaluate research specific to the social sciences. Specifically, students will design and collect data using a variety of research methods and will analyze data employing advanced statistical analysis. Prerequisites: PSY 235, 240.

PSY 350 ADULT DEVELOPMENT AND AGING / 3 credits

A study of the normal and abnormal changes in behavior that occur between early and late maturity. Prerequisite: PSY 101.

PSY 382 TOPICS IN PSYCHOLOGY / 3 credits

Examination of selected area of psychological research or applied psychology. Prerequisite: PSY 101.

PSY 399 PSYCHOLOGY INTERNATIONAL STUDIES COURSE: Variable topics / 1 credit
Studies of varying topics in psychology, including a 2-week Nichols trip. Prerequisites will vary depending upon course topic.

PSY 410 PSYCHOLOGICAL TESTING / 3 credits

A study of the nature and theory of individual and group tests of intelligence, personality, interests and attitudes. Prerequisite: PSY 235, PSY 240.

PSY 443 SENIOR INTERNSHIP / 3 credits

This course is designed to be a capstone course in the major. Psychology majors will gain field experience through direct, supervised contact with professionals in psychology and related fields. In addition to on-site responsibilities, students will write a comprehensive paper integrating the field experience and psychological theory and formally present the paper in an open forum. Prerequisites and/or corequisites: PSY 235, PSY 240, PSY 332, PSY 340 and permission of instructor.

PSY 450 INDEPENDENT STUDY / variable credit

A study of selected topics in Psychology. Prerequisites: Permission of instructor and junior or senior standing.

PSY 485 SENIOR THESIS / 3 credits

This course is designed to be a capstone course in the major. Students will design and conduct individual research projects that may be suitable for submission to journals or presentations at conferences. The course is seminar based, whereby students are guided through the research process on a topic of their choice, designing a study, gathering and analyzing data, and writing the results in an APA-formatted research report. Prerequisites and/or corequisites: PSY 235, PSY 240, PSY 340, and permission of instructor.

PSY 486 SENIOR THESIS II / 3 credits

This course allows students to continue to work on research they have begun in Senior Thesis. Prerequisite: PSY 485 and permission of instructor.

The Religion and Philosophy Major

Professors: Paul Bube and Martha Beck

What does it mean to be human? What sort of society is just? How do we justify our values? Because they deal with such fundamental questions as these, the fields of religion and philosophy have always been central to liberal education. The Religion and Philosophy major at Lyon College involves students in the rich tradition of philosophical and theological thought. Because it combines rigor and clarity of

thought and expression with concern for all aspects of the human condition, the study of religion and philosophy also provides a strong foundation for a range of professions.

Prerequisites: RPH 201 or permission of the instructor.

RPH 415 PLATO SEMINAR / 3 credits

"Know thyself," "an unexamined life is not worth living," "nothing to excess." Most Westerners have heard these expressions and know something about the Golden Age of Greece. Plato lived in the greatest democratic society in the world. He watched as ignorance, lust, pride, greed, delusion, arrogance, and self-absorption led to the collapse of Athens. Plato's dialogues describe Athens "before the fall," so that future generations will learn from the Athenians' mistakes and dedicate themselves to living in ways that preserve intellectual and political freedom. Prerequisites: Junior or senior standing, RPH 201 or permission of the instructor.

RPH 450 INDEPENDENT STUDY / variable credit

Concentrated study in selected fields.

RPH 460 PRACTICUM / variable credit

RPH 480 ADVANCED SEMINAR IN RELIGION OR PHILOSOPHY / 3 credits

This course is an advanced study of a topic(s) or person(s) in Religion and/or Philosophy. The course will allow RPH majors and minors to engage in in-depth study that will integrate knowledge and methods gained from previous study in RPH. Topics will reflect areas of interest agreed upon by students and the lead professor. Prerequisites: junior or senior class standing, at least 12 hour of RPH, or by permission of instructor.

The Spanish Major

Associate Professor: Monica Rodriguez and David Wood

Assistant Professor: Lise Bouchard

In a world where all fields of endeavor are becoming increasingly international and multicultural, fluency in another language and an understanding of other cultures have become keys that open a wide variety of opportunities — both personal and professional. Spanish majors at Lyon College have the opportunity to develop a facility in the use of both spoken and written Spanish and to build a knowledge of its literature and cultural heritage. The major prepares students for graduate school, teaching, or a range of professions grounded in bilingualism.

Summary of Requirements for a Major in Spanish

SPN 101 and 102 or equivalent*	.0-6 credits
SPN 201, 202 Intermediate Spanish I, II	.6 credits
SPN 300 Spanish Field Experience	.1 credits
SPN 333 Advanced Grammar	.3 credits
SPN 360 Hispanic Culture and Civilization	.3 credits
SPN 378 and 379 Introduction to Peninsular and	
Latin American Literature I and II	.6 credits
Advanced Spanish Electives (300 level or above): 6 hours in Peninsular and 6 hours in Latin American, with at least 3 hours at the 400 level	.12 credits
Total	.31-37 credits

The Spanish Minor

The Spanish minor is a course of study designed as a second field for students interested in developing their fluency in Spanish and gaining the increased insights into culture and literature which result from the study of a foreign language.

Summary of Requirements for a Minor in Spanish

SPN 101 and 102 or equivalent*	.0-6 credits
SPN 201, 202 Intermediate Spanish I, II	.6 credits
SPN 333 Advanced Grammar	.3 credits
SPN 360 Hispanic Culture and Civilization	.3 credits
Advanced Spanish Elective (300 and/or 400 level)	.3 credits
Total	.15-21 credits

* This course may also be used to satisfy Core requirements.

Spanish Courses

SPN 101, 102 BEGINNING SPANISH / 3 credits each

Fundamentals of grammar with emphasis on oral proficiency. Extensive use of audio and video resources in language lab. (SPN 101 or equivalent is a prerequisite for SPN 102)

SPN 201, 202 INTERMEDIATE SPANISH / 3 credits each

Review of grammar with emphasis on reading, writing, listening, and speaking. Introduction to works of several modern writers. Vocabulary building and idiomatic self-expression stressed. Prerequisite: SPN 102 or equivalent.

SPN 300 SPANISH FIELD EXPERIENCE / 1 credit

The main objectives in this course are for students to establish connections with the Hispanic community in Batesville or in their hometowns, to improve their fluency in the target language, and to enhance their knowledge of Hispanic culture. Through a Conversation Partners agreement with UACCB, Spanish students at Lyon will pair up with ESL students of a similar level for language practice throughout a semester; or students will engage in volunteer interpreting for Hispanic immigrants at local institutions. This course can be repeated with faculty approval. Must be taken pass/fail.

SPN 315 INTRODUCTION TO SPANISH LINGUISTICS / 3 credits

This course is an introduction to the Spanish language system and will include the study of Spanish phonetics, phonology, morphology and syntax. Prerequisite: SPN 202.

Studies of varying topics in Hispanic culture, including a 2-week Nichols trip to a Spanish-speaking country. Prerequisite: SPN 102.

SPN 405 STUDIES IN NINETEENTH-CENTURY PENINSULAR LITERATURE / 3 credits

This course will examine the major texts produced in Spain during the nineteenth century. The themes and texts of the course will vary, sometimes focusing on Romanticism, Realism, or a selection of writers and genres from both periods. Prerequisite: SPN 202 or permission of instructor.

SPN 406 STUDIES IN TWENTIETH-CENTURY PENINSULAR LITERATURE / 3 credits

This course will examine the major texts produced in Spain during the twentieth century. The themes and texts of the course will vary, sometimes focusing on Spanish Modernism, Vanguard, post-Civil War prose, postmodernism, or a selection of writers and genres from the different periods. Prerequisite: SPN 202 or permission of instructor.

SPN 410 20TH CENTURY LATIN AMERICAN PROSE FICTION / 3 credits

Critical study and analysis of representative works of prose fiction from the distinct periods of 20th century Latin American prose fiction, with emphasis on the "boom" novel since 1940. Taught in Spanish. Prerequisite: SPN 202.

SPN 415 U.S. LATINO LITERATURE / 3 credits

This course will examine the literary works written by major authors from the three main Hispanic communities in the U.S.A.: Cuban-American, Mexican-American and Puerto Rican. Students will read and analyze texts in different genres, such as theater, essay, short story and novel. Writing of a research paper will be a component of this course. Taught in Spanish. Prerequisite: SPN 202.

SPN 450 INDEPENDENT STUDY / 1-3 credits

Concentrated study in selected fields. Prerequisite: Permission of instructor.

The Theatre Major

Professor: Michael Counts

Theatre Technologist: Debra Holmes

The dramatic arts combine communication and literature with the immediacy of human interaction. Perhaps that is why they have such a powerful impact upon our lives. In the Theatre major, students examine these fields from varied perspectives — theoretical, literary, historical, and practical. Introductory courses prepare students to speak effectively and to appreciate and participate in the dramatic arts. Advanced courses lead them to reflect on the theory and practice of theatre, drama and film while preparing for graduate study or a profession. Students participate in all aspects of theatre productions in the laboratory setting of the Holloway Theatre. Theatre majors are required to participate in all Harlequin Theatre productions.

Pre-Professional Programs

The breadth of understanding and the habits of disciplined thought that are the products of a strong, undergraduate liberal arts education provide an excellent foundation for a range of professions. The courses of study offered at Lyon College provide the basic intellectual and communication skills upon which success in professional school and in a profession largely depends.

Health-Related Professions

Professional schools in health-related fields have very specific admission requirements. Students interested in these areas should begin planning their undergraduate curriculum as early as possible.

Any student who is interested in pursuing a career in one of these areas should contact the chair of the Pre-Professional Advisory Committee, or another science division faculty member upon matriculation at Lyon College. While some health profession programs do not require a student to complete a bachelor's degree in order to apply, it is generally recommended that the student do so because of the competitive edge provided by a completed liberal arts education.

I. Curriculum for Medical, Dental, and Veterinary Professions

Advisors: Associate Professor Mark Schram for Medical

Associate Professor Tim Lindblom for Veterinary

A Bachelor of Science degree is recommended for students planning careers in medicine, dentistry or veterinary medicine. Students applying to medical school must take the Medical College Admission Test (MCAT), which is given January - September of each year. The Dental Admission Test (DAT) is required of all applicants to dental school. This exam is given year-round. Applicants to veterinary school must take either the Veterinary College Admission Test (VCAT) or the General Record Examination (GRE) depending on the requirements of the various schools of veterinary medicine.

VI. Curriculum for Nursing and Allied Health Services

Advisor: Professor David Thomas

The following courses are prerequisite to most institutions offering a BSN degree in nursing. Nursing programs vary considerably in their course content, and requirements for transfer to a specific program should be examined during advising. Certain prerequisite courses (e.g. Health, Home Economics, Nutrition, and Introduction to Professional Nursing Practice) are not offered at Lyon and must be taken at some other institution if required. A minimum GPA of 2.5 is generally required for admission; however, nursing programs are very competitive and a higher GPA may be necessary.

The Pre-Engineering Curriculum

Advisor: Associate Professor Stuart Hutton

Lyon College has several demanding programs to prepare students for an engineering degree. The first is called a 2-2 program, wherein a student attends Lyon College for two years and transfers to an engineering institution for the last two to earn a Bachelor of Science degree in engineering. A formal agreement of transfer exists between Lyon College and the University of Arkansas, but entry into other schools can readily be arranged. A student will complete 60 hours of prescribed courses in liberal arts studies at Lyon College, enabling the student to enter the last two years in any of the primary engineering disciplines including aerospace, chemical, civil, electrical, mechanical, nuclear, and petroleum. The pre-engineering students and their advisor work closely together to ensure that their program of study leads efficiently toward entry into their selected engineering school. The requirements listed below may vary in some limited degree depending on discipline or engineering school selected.

Summary of Minimal Requirements

MTH 210, 220, 230† Calculus I,* II, & III	12 credits
MTH 300 Differential Equations	3 credits
CHM 110 & 120 General Chemistry I* & II	8 credits
PHY 240, 241 & 250, 251 Fundamentals of Physics I* & II	8 credits
CSC 140 Introduction to Programming II**	3 credits
ECO 101 Principles of Economics I*	3 credits
ENG 101, 102 English Composition I and II	6 credits
HIS 101 or 102 The United States I or II	3 credits
Humanities/Social Science Electives	12-15 credits
EM 50 Engineering Mechanics Statics***	3 credits
Total61-64 credits

* This course may also be used to satisfy Core requirements.

†Students who begin their mathematics with MTH 110 may have to spend an extra summer or year before transferring to an engineering school.

**The language of the programming course must be C or C++.

***Statics is not taught at Lyon College. Arrangements should be made to complete this course at an ABET-accredited engineering school as required by the program of choice after completion of the Physics sequence, PHY 240/241 and PHY 250/251.

The second program is called the 3-2 program, wherein a student attends Lyon College for three years, completing the Lyon College Core Curriculum and the requirements for a particular major (usually mathematics), and transfers to the engineering school of choice for the remaining two. Formal agreements of transfer exist with the University of Arkansas, Missouri University of Science and Technology and the University of Minnesota. Entry into other schools can readily be arranged. Upon completion of the fourth year, the student earns a Bachelor's degree from Lyon College. The Bachelor of Science degree in a specific engineering area from the school of choice is awarded following the completion of that school's requirements for the major. Examples of five-year syllabi for engineering degrees are available upon request. The pre-engineering advisor, using the suggested five-year syllabus, will work with students to tailor individually the order in which the courses are taken.

Another program enables students to receive a bachelor's degree from Lyon College and to receive a Master of Engineering degree from the University of Minnesota. This program involves four years at Lyon College and, typically, two years at the University of Minnesota. It may be necessary for students to take several extra courses before proceeding through the graduate curriculum; the number of such courses will vary by major and emphasis. Admission is not guaranteed.

Medical Technology Dual-Degree Program

Advisor: Professor David Thomas

Lyon College and the University of Arkansas for Medical Sciences offer a 3-1 dual degree program in biology and medical technology. In this program, Lyon College students complete most of the requirements for the B.A. or B.S. degree in biology during their first three years. After applying to and being admitted to the medical technology program, students attend UAMS for their fourth year and the following summer. Students may take medical technology courses at the UAMS campus or via distance education on the Lyon College campus. Distance education students spend approximately one weekend per month at UAMS for laboratory sessions. Courses from the medical technology program fulfill two of the upper-division biology course requirements for Lyon College. Students graduate from Lyon College in May with a degree in biology, and from UAMS in August with a degree in medical technology. The 3-1 degree program requires a rigid schedule, and some students may need summer classes. Interested students should contact the allied health sciences advisor before registering for first-year classes. Other options for medical technology are also available.

Pre-Law Concentration

Advisor: Professor Scott Roulier

Studies and surveys have consistently shown that the best preparation for law school is to earn a bachelor's degree in any rigorous major requiring analytical reasoning, careful reading, and effective speaking and writing. Thus the pre-law concentration is not designed to substitute for but to augment major requirements. The Pre-Law Committee has identified the following courses as providing the knowledge, understanding, and intellectual skills important to success in law school. Students with any Lyon College major may elect to take this concentration.

Summary of Requirements for a Pre-Law Concentration

POL 101 U.S. Government and Politics	3 credits
POL 210 Introduction to Legal Studies	3 credits
BUS 303 Business Law 1	3 credits
ENG 363 Advanced Composition	3 credits
POL 380 Civil Liberties	3 credits
Total	15 credits

Additional Opportunities for Students in Lyon's Pre-law Concentration

Law Club: Provides visits to law schools as well as interactions with law students and practicing attorneys who graduated from Lyon.

LSAT Prep: Provides sample testing and scoring as well as tips on how to improve scores.

Internships: Selected students work in offices of practicing attorneys.
Model UN: Students participate in activities important to international law.

*Note that many students in the pre-law concentration will be taking POL 101 as a Core requirement or will be majoring in business, English, and political science and thus will be taking some of these courses for both purposes.

Pre-Ministry Preparation

Students interested in pre-ministerial preparation are encouraged to consult the College Chaplain or any member of the religion faculty. Guidance, support, and assistance with course selection will be offered through such advisors. Though seminaries accept applicants with virtually any college major, the following are recommended as especially good preparation: English, history, and religion and philosophy.

Regardless of the major chosen, the pre-ministerial student should take courses in the following areas: religion, English, foreign language, history, philosophy, and psychology. Students interested in pre-ministerial preparation should consult with a member of the religion faculty and the faculty of their chosen major to work out an effective course of preparation.

Nichols International Studies Program

Lyon offers two opportunities to study abroad through the Nichols International Studies Program: international studies courses and semester- and year-long study abroad exchange programs at selected foreign universities. Students must consult with the director of the Nichols International Studies Program before seeking admission to either program.

Nichols International Studies Courses

The Nichols International Studies courses are taught by members of the Lyon faculty and include about two weeks of study abroad. Nichols courses are offered following the end of the fall and spring semesters. The faculty members responsible for the Nichols courses are usually the instructors of the courses that are prerequisites to the study-abroad courses. The prerequisite courses are normally offered in the semester immediately preceding related Nichols courses.

Students are eligible to participate in a Nichols course during or following their fifth semester of full-time study, provided that they have junior status at the time of the course. If a student transferred to Lyon from another institution, they may participate after one year of full-time study at Lyon, provided that they have junior status at the time of the course. Eligibility is determined after four (4) full-time semesters and sixty (60) credits have been completed by the student (or in the case of transfer students, after one full year of full time study and 60 credits) and a Lyon

cumulative grade-point average of 2.5 or better. This eligibility will hold true unless the student fails to meet the contractual agreement with the college, or goes on probation or suspension. Participation in Nichols courses is contingent upon the payment of any required tuition and course fees by the end of the term prior to the start of the courses. Eligible students enrolled in these courses will receive Nichols International Studies grants to cover a portion of course-related expenses. The grants are issued to the Nichols International Studies Program and not to individual students.

Students who fail to return to Lyon for the term following the Nichols courses will be billed for any cost of the courses incurred by the College on their behalf, including Nichols international studies grants. Exceptions to this policy may be granted by the chief academic officer in the case of seniors who were unable to previously enroll in or complete a Nichols course. The policy on the reimbursement of College expenses also applies to students who are sent back to the U.S. by their instructors prior to the end of the courses due to violations of College policies. Credit hours for Nichols courses cannot be applied toward graduation requirements if the study abroad takes place after the student's participation in commencement.

Continuing Lyon students who are not eligible for Nichols international studies grants or who have previously received a Nichols grant may enroll and participate in Nichols courses entirely at their own expense (provided there is still room available in the course). At the time of enrollment, they must be in good academic and financial standing.

All participants in Nichols courses must be enrolled in the courses. Participants are responsible for obtaining or renewing their passports and securing proper visas prior to departing the United States on Nichols courses. They are also required to show proof prior to departure of medical insurance for the duration of the courses. Information on future Nichols courses can be found on the College website.

Study Abroad Exchange Programs

Lyon has established formal tuition exchange agreements with Akita International University (Japan), the University of Poitiers (France), and to Belfast Metropolitan college, Queens University, St. Mary's University College, Stranmillis University College and University of Ulster, all in Northern Ireland, through the Association of Presbyterian Colleges and Universities (www.presbyteriancolleges.org/irishamericanscholars.htm). Also, Lyon College is a member of the Consortium for North American Higher Education Collaboration (CONAHEC), which allows student exchange with schools located in Mexico, Spain, Chile, Argentina, Guatemala, Canada, Honduras, Colombia, Iceland, Brazil and South Korea. In most cases, the exchange is for a semester but some schools offer

summer exchange as well. Students normally participate in semester and yearlong study abroad exchange programs during their junior year, or the following summer. Applicants are required to have attended Lyon full-time for the academic year preceding their study abroad, have a Lyon cumulative GPA of 3.0, be in good financial standing, and have appropriate foreign language skills to be eligible to participate in a semester or yearlong study abroad exchange program. In addition, each school may have additional requirements for admission. Students should get more information about their selected school's requirements and application deadlines from the Nichols office. Approval to participate in one of the exchange programs must be granted in advance by the Nichols International Studies Program.

Applications to participate in exchange programs must be reviewed by the Nichols International Studies Office. With approval from the program and dean of the faculty, students will register in NIS 300 and/or 301. Proof of medical insurance for the duration of the study abroad program is part of the approval process. Exchange students will pay Lyon tuition, any tuition differential between Lyon and host institutions, and any required fees. Exchange students are solely responsible for transportation, accommodations, meals, books and supplies, medical insurance, passport/visa fees, and personal expenses and debits related to study abroad. However, they may use their Nichols grants to offset costs, provided they meet the eligibility requirement, and they may apply for outside scholarships. Scholarship information can be obtained from the Nichols Office and is also available online (<http://www.lyon.edu/study-abroad-scholarships.htm>).

Students who fail to fulfill the terms of the exchange agreement, or who fail to successfully complete the approved course of study, or who fail to return to Lyon College for at least one semester following the exchange program will be required to reimburse the College for any program-related expenses beyond direct payments to the College by the exchange student. Nichols international studies grants are considered College expenses.

Other Study Abroad Opportunities

Lyon students may also participate in semester and yearlong study abroad programs other than the approved exchange programs listed above. They will not be classified as Lyon students during the duration of such study, however. Accordingly, they are responsible for the full cost of such study abroad programs. Students are encouraged to apply for outside scholarship and may use their Nichols grant towards expenses if they meet all the eligibility requirements for the grant. While prior approval to participate in such programs is not required, students should consider applying for a leave of absence. In all cases, they must request permission in advance to transfer credit hours from these programs to Lyon College. This approval process

is the same as for any transfer credit request, except that the written approval of the Nichols International Studies Program is also required. As with all transferred courses, credit hours may be awarded toward program and/or graduation requirements, but the grades received in these courses will not be used in the calculation of the student's Lyon GPA.

The Washington Center Internships

Advisor: Professor Brad Gitz

Lyon College has a formal affiliation with the Washington Center for Internships and Academic Seminars, an independent, nonprofit organization that sponsors internship programs in Washington, D.C., for college students from around the country. This enables Lyon students from all majors and concentrations to take advantage of the Center's many internship programs in the public, private, and non-profit sectors in our nation's capital.

Summer internships of 8 weeks duration will receive 6 credit hours, 3 for intern activities and 3 for an on-site academic course. Interns may also arrange to do an additional 3 hours of directed study related to their internship in the summer. On-site courses are graded by the Washington Center faculty. A letter grade for the 6 hours of internship duties will be determined by the Lyon campus liaison for the Center, in consultation with supervisors of the internship and faculty members in the student's major.

Student may enroll in other internship programs and seek permission to transfer the credit to Lyon. Students enrolled in programs other than those offered by the Washington Center will not be classified as Lyon students during the duration of the programs. Thus, they must be prepared to pay the full cost of such programs as they are not eligible for institutional aid, including scholarships, or other forms of financial assistance through Lyon College.

Core Courses

COR 100 FIRST-YEAR EXPERIENCE / 1 credit

This course is designed to introduce students to college life and further develop the personal and academic skills necessary for success in college. Graded on a pass/fail basis.

COR 201 RESIDENCE LIFE SEMINAR / 1 credit

Introduction to human relations and policy issues for prospective student residence life staff. Prerequisite: Selection as Residence Life staff.

COR202 STUDENT MENTOR SEMINAR / 1 credit

Introduction to group process and advisement issues for prospective student mentors. Prerequisite: Selection as Spragins House Student Mentor.

Foreign Language Courses: Japanese

FGN 101, 102 BEGINNING LANGUAGE / 3 credits each

Fundamentals of grammar with conversation and/or literary emphasis in a language not ordinarily taught at Lyon. Prerequisite: Permission of instructor.

FGN 201, 202 INTERMEDIATE LANGUAGE / 3 credits each

Review of grammar with emphasis, where appropriate, on reading, writing, listening, speaking, and vocabulary building in a language not ordinarily taught at Lyon. Introduction to literary tradition. Prerequisite: FGN 102, or permission of instructor.

FGN 301 ADVANCED LANGUAGE I / 3 credits

Advanced level of grammar with emphasis on reading, writing, listening, speaking and vocabulary building in a language not ordinarily taught at Lyon. Prerequisite: FGN 202 or permission of instructor.

FGN 302 ADVANCED LANGUAGE II / 3 credits

Advanced level of grammar with emphasis on reading, writing, listening, speaking and vocabulary building in a language not ordinarily taught at Lyon. Prerequisite: FGN 301 or permission of instructor.

FGN 382 SPECIAL TOPICS IN A FOREIGN LANGUAGE / 1 credit

Study of a selected topic in a foreign language. Prerequisites will vary.

FGN 399 FOREIGN LANGUAGE INTERNATIONAL TRAVEL COURSE / 1 credit

A Nichols study travel course that provides on site practice of a language not ordinarily taught at Lyon, as well as exposure to the culture in which the language is spoken, through a Nichols trip to a destination where the language is spoken. Prerequisites: FGN 101 and 102 in the appropriate language. Additional prerequisites may be added depending upon course topic.

FGN 450 INDEPENDENT STUDY / 1-3 credits

Concentrated study in selected fields in a language and/or literature not ordinarily taught at Lyon. Prerequisite: FGN 202, or permission of instructor.

Non-Disciplinary Science Courses

SCI 270 SCIENCE PRACTICUM / 1-3 credits

SCI 360 METHODS IN TEACHING SCIENCE / 1-3 credits

A course designed for prospective secondary science teachers. Emphasizes hands-on experimentation in teaching science process skills, techniques, and data collection and analysis.

Study Abroad Courses

NIS 300, 301 SEMESTER ABROAD / variable credit

A course of study abroad under an approved exchange program. Prerequisite: Cumulative GPA of 3.0 or better, junior standing, and approval of the director of the Nichols program.

Academic Rules and Regulations

To graduate with a Bachelor of Arts or Bachelor of Science degree from Lyon College, students must successfully complete the Core Curriculum, the requirements of at least one major, and at least 120 semester credits. They must also earn at least a 2.00 cumulative grade point average for all work taken at Lyon College and a 2.00 cumulative grade point average in their major discipline, minor, and concentration.

Candidates for a degree must spend at least two semesters in residence as full-time students; attendance during summer terms alone is not sufficient. The last 30 hours toward a degree must be taken at Lyon. Students who are studying abroad and who have had their courses pre-approved to transfer to Lyon are exempt from this policy. Other students may petition, but under no circumstances may they receive relief for more than six hours.

Students may count only seven credits of physical education activity classes toward the hours required for graduation. A student may receive credit toward graduation hours for no more than one physical education activity course per semester.

In order to receive a diploma, all candidates for a degree must be in good academic and social standing and have discharged all financial obligations to the College. Additionally, they must be present at graduation exercises unless exempted from this requirement by the Dean of the Faculty.

Students who have failed to satisfy 6 hours or less of the 120 credit requirement may request permission from the Dean of the Faculty to participate in commencement exercises and should complete all degree requirements prior to the start of the next academic year at which time they will receive their degrees. Students who complete degree requirements after the beginning of the fall term will receive their degrees at the next commencement.

Students earning degrees are normally expected to complete their course of study at Lyon College within four years. When this is not possible, students operate under the degree requirements of any single catalog under which they were enrolled during the 10-year period previous to their graduation. However, a student who allows four years to lapse before re-enrollment must re-enroll under the current catalog.

Lyon College graduates may re-enroll at Lyon and complete an additional major and have it added to their transcript. To do so, they must complete at least 30 credits of the additional major at Lyon and must meet the major requirements of the catalog current when they re-enroll. The second major will not lead to a second degree.

Advanced Standing

Students who have done exceptionally well in high school, taken college preparatory courses or gained knowledge in some other way, may receive college credit, if they can demonstrate their knowledge and ability by examination. Students who have taken college courses at other accredited institutions of higher learning may also enter Lyon College with advanced standing.

I. Advanced Standing by Examination

Up to 33 semester credits may be earned by any combination of the following programs:

A. Advanced Placement Examinations

Students may receive credit for courses administered by the Advanced Placement Program of the College Board. Students scoring a 4 or above on an AP exam in any discipline offered by the College will be given academic credit. Students scoring a 3 may be given credit, subject to a verification examination administered by the College faculty in the appropriate discipline. The determination of the exact course equivalence for AP credit will be made by the Registrar in consultation with faculty in the appropriate discipline.

B. Credit by Examination

Students with a strong academic background may petition the Dean of the Faculty to take any course by examination. The student's petition must have the approval of the student's advisor, the faculty member who teaches the course, and the division chair in whose division the course is located. The grade earned on the exam will be recorded on the student's transcript. Academic credit for the course will be granted for a grade of D or better. A non-refundable fee per credit hour must be paid prior to taking the exam.

II. Advanced Standing for International Baccalaureate

Lyon College awards up to 30 hours toward program requirements and graduation for documented scores of at least 5 on the higher-level tests in the International Baccalaureate program. However, no more than 8 credits may be earned in any one of the testing areas. Disciplinary faculty will determine the course equivalents to be awarded.

III. Transfer Credit

A maximum of 72 hours can be transferred to Lyon College from accredited two-year and four-year institutions of higher learning, provided the courses are in areas of instruction offered by the College and the grade earned was a "C" or better. (Pass/Fail courses will transfer if the student can demonstrate that the grade earned would have

been a “C” or better.) Normally, Lyon College will not accept correspondence course work. **Transferred grades will appear on the student’s transcript, but will not be figured into the Lyon College GPA.**

Students academically suspended from another institution must wait at least one semester before being admitted to Lyon. They and students on academic probation at another institution will be admitted to Lyon on academic probation.

Transfer students are required to take a physical education course at Lyon College for each year of full-time enrollment (or its equivalent) at Lyon College.

Students currently enrolled at Lyon College must obtain permission to take academic work at other institutions if they wish to transfer the credit earned to Lyon College. All Core proficiency courses with the exception of courses in foreign languages not offered at Lyon must be verified by Lyon examination before credit is awarded.

Lyon College reserves the right to determine course equivalence for transfer credit. Transcripts will be evaluated by the Registrar upon admission to the College, and students will be notified of their standing through their advisors.

IV. Advanced Standing for Military Service

The College grants academic credit for learning acquired in the military in accordance with the Guide to the Evaluation of Educational Experiences in the Armed Services. The one exception to this is that the College will not accept military service as physical education credit unless it is taken concurrently with the student’s enrollment at the College.

Academic Calendar

The Lyon College academic calendar is divided into two 15-week semesters. The fall semester begins in late August and ends with the final examination period before the Christmas holidays. The spring semester begins in mid-January and concludes in early May. The College does not normally offer courses between semesters, except approved Nichols International Studies courses and directed/independent studies. The College also offers summer school separate from the regular academic year.

Student Course Loads

The unit of measure at Lyon College is the semester credit. One hundred and twenty (120) semester credits are required for graduation. Therefore, a total of 30 credits during the academic year is considered a normal load.

For the fall and spring semesters, the minimum course load for a full-time student is 12 credits per semester.

The maximum course load is 18 credits per semester. Students wishing to take

more than 16 credits per semester must have maintained the following grade point averages (GPA) in the preceding semester: for 17 credits, a 2.50 GPA; and for 18 credits, a 3.00 GPA. **There will be an additional charge for credits beyond 17 credits per semester.**

Veterans, athletes, and students receiving financial aid are required to take a minimum of 12 credits during the fall term and 12 in the spring semester to be eligible for the benefits accorded full-time students. Veterans may not count as part of their 12 credits a course taken on a pass-fail basis or a course repeated unless they are required by Lyon regulations to repeat it.

Six credits is considered a full time load for summer session. Ten credits is the maximum load.

Student Registration

Students can receive credit only in those courses for which they are properly registered. Students are also held responsible for every course for which they register unless they officially drop or withdraw from the course by the stated deadlines. A student who is registered for a course at the end of the registration period (final day to enroll for a course) is considered to have “attempted” the course.

Registration is not complete or official until fees are paid or arrangements for payments have been made with the College Business Office. Validation of registration must be completed by the final day to enroll.

Courses Changed or Dropped

Courses may be added through the sixth day of classes using an add/drop form. Ordinarily, permission to add courses will not be granted after the sixth day of classes of each term. A course dropped before the 11th day of classes will not appear on the student’s transcript. For each course dropped between the 11th day of classes and five class days after the release of mid-semester grades, a grade of “W” will appear on the transcript. Under exceptional circumstances, and with the dean’s approval, a student may drop a course between the end of the five-day class drop period following the release of mid-semester grades and the last day of classes; in this case a grade of “WP” or “WF” will appear on the student’s transcript. A course may not be dropped once the final examination period has begun except in the case of extreme medical emergency and with the dean’s permission; in this case a grade of “WP” or “WF” will be issued.

Withdrawal from College

If students are unable to complete their academic work, they may withdraw from the College prior to mid-term. A student may not withdraw from the College after

mid-term grades are due, except for medical reasons. To withdraw from the College, a student must consult with the Dean of Students and receive the written permission of the Dean of the Faculty and the Dean of Students. Their transcripts will indicate that their current courses were incomplete by recording either a “WP” or “WF” for each course. Failure to complete the withdrawal process within three business days after initiation will cause a grade of “F” to be recorded for every course in which they are enrolled. Students who have withdrawn from the College must be reviewed by the Admission and Financial Aid Committee before being readmitted.

A student may be withdrawn from a single course or from all courses under several other conditions. The College may withdraw a student following procedures stated in the *Student Handbook*. If students fail to meet the stated requirements of a course, the faculty member may request that the Dean of the Faculty withdraw them from the course in question (see Class Attendance). Before administering the withdrawal, the Dean will warn students that they are in jeopardy. Any student may be administratively withdrawn from the College for social or academic irresponsibility. The withdrawal will be issued by the Dean of the Faculty or the Dean of Students, and, where possible, preceded by a written warning.

Student Leave of Absence

To request a leave of absence, a student must consult with the Dean of Students. To be granted a leave of absence, a student must be in good academic standing and receive the written permission of the Dean of the Faculty and the Dean of Students. The leave of absence will include a specified date of return and, where appropriate, any conditions for return, both to be determined when the leave is granted. Students on leave will be readmitted without re-application, retain their College-supported financial aid, and select housing and register at the same time as currently enrolled students.

Independent Study

A student may enroll in a course of study not listed in the Lyon College Catalog to pursue independent research. For this, a student needs a full-time faculty member to supervise the independent study. The course number prefix will conform to the appropriate discipline. Variable credit is allowed up to a total of six semester credits. The student must file with the Registrar an independent study form signed by the full-time faculty member serving as supervisor, Chair of the Division in which credit is to be awarded, and the Dean of the Faculty, before enrolling in the course. The College is not under any obligation to offer a course through independent study.

Directed Study

A student may enroll in a course listed in the Lyon College Catalog as a directed study under the direction of a full-time faculty member in the discipline under which the course is listed. The normal course title and number will be listed on the student's transcript preceded by the letters "D.S." or "Directed Study." The student must make arrangements for the directed study with the appropriate faculty member and division chair and submit the signed Directed Study Form to the Registrar for approval by the Dean of the Faculty. The College and the faculty are not obligated to offer any course through directed study, and doing so will depend on many factors including faculty willingness and availability as well as whether the course could be taken at a regularly scheduled time in the future and whether it is a requirement for graduation.

Student Classification

Classification lists will be compiled by the beginning of each term and will be based on the number of credits successfully completed.

Freshman less than 30 hours

Sophomore 30-59 hours

Junior 60-89 hours

Senior 90 plus hours

Class Attendance

Students are expected to attend all class periods for the courses in which they are enrolled. They are responsible for conferring with individual professors regarding any missed assignments. Faculty members are to notify the Registrar when a student misses the equivalent of one, two, three, and four weeks of class periods in a single course. Under this policy, there is no distinction between "excused" and "unexcused" absences, except that a student may make up work missed during an excused absence. A reminder of the college's attendance policy will be issued to the student at one week, a second reminder at two weeks, a warning at three weeks, and notification of administrative withdrawal and the assigning of an "F" grade at four weeks. Students who are administratively withdrawn from more than one course will be placed on probation or suspended (see Academic Probation and Academic Suspension).

Grades

Grades in courses for the term are indicated as follows: A, meaning excellent; B, good; C, satisfactory; D, poor, but passing; I, incomplete; F, failure; P, passing; W, withdrawal; IP, in progress; FL, failure, not included in GPA; WP, withdrawal passing, not included in GPA; and WF, withdrawal failing, not included in GPA.

Pass/Fail: After gaining sophomore standing, any student may enroll for one elective each academic year on a Pass/Fail basis, provided that it is not a Core requirement or part of the student's major, concentration, or minor. Prerequisites for

Nichols courses may not be taken Pass/Fail. Nichols courses may not be taken Pass/Fail without the instructor's permission. Students must notify the Registrar within two weeks after the term begins if they wish to be graded on the pass/fail basis. Students must notify the Registrar within two weeks after the term begins if they wish to remove the pass/fail grading basis. Such courses are not included in determining grade point average, and do not qualify for veteran's benefits.

Repeated Courses: When a student repeats a course, the grade for each attempt remains on the student's transcript. However, the most recent grade will be used in calculation of the student's grade point average and the awarding of credit hours. Repeated courses must be taken at Lyon.

Incomplete Grades

In cases where students are not able to complete the requirements of a course due to circumstances beyond their control, a grade of incomplete (I) is reported. Filing of an incomplete grade form is required. The student is required to complete the work no later than the date in the following semester specified in the Catalog. If the incomplete is not removed, the grade becomes an "F."

Grade Point Averages

The grade point is the evaluation of each course according to the grade received on a four-point scale. "A" carries four points, "B" three, "C" two, "D" one, and "F" zero per credit hour.

The grade point average is the total number of grade points divided by the total number of credits attempted. Courses dropped before the last day to drop a course are not counted as part of the total number of courses attempted for the purpose of computing the grade point average. Transferred grades are not calculated into the Lyon College GPA.

The following is an example of how the GPA is computed for a semester:

COURSE	SEMESTER CREDIT	GRADE	GRADE POINTS
RPH 110	3	B	3 times 3 = 9
CHM 220	4	B	4 times 3 = 12
HIS 201	3	C	3 times 2 = 6
ENG 110	3	A	3 times 4 = 12
TOTALS	13		= 39

Grade Point Average = 39 divided by 13 = 3.00

Grade Reports

Final grades are issued at the end of the fall, spring and summer terms. Mid-term grades will be issued for courses in the fall and spring semesters only. Final and mid-term grades may be accessed online once they have been validated by the Office of the Registrar. Grade reports will also be mailed upon request to students and the parents/guardians of dependent students (students declared as a dependent for income tax purposes by parents/guardians).

The Dean's List

Full-time students who earn a semester GPA of 3.75 or better will receive designation as a Dean's List Scholar at the close of each semester. Students with incomplete grades at the end of the semester will be eligible for the Dean's List designation if they complete their work by the date for removal of incomplete grades and meet the above criteria. Students must earn 12 credits exclusive of any elective Pass/Fail credits to be eligible for the Dean's List designation.

Graduation with Honors

Cumulative grade point averages required for graduation with honors are: summa cum laude, 3.90; magna cum laude, 3.75; cum laude, 3.50.

Academic Probation

A student will be placed on academic probation if any one of the following conditions occurs:

- 1) If a student's grade point average falls below 1.50 in any semester;
- 2) If a student's cumulative grade point average fails to meet the minimum for his/her class (freshman 1.75, sophomore 1.90, junior 2.00, and senior, 2.00);
- 3) If a student is administratively withdrawn for non-attendance from 2 courses taken in a single or separate semesters; or
- 4) If a student fails a Core proficiency course twice.

The status of students on probation will be reconsidered after each semester. At that point, students will be:

- 1) Removed from probation if they meet all conditions for good standing (see 2 above).
- 2) Continued on probation for a total of up to three semesters if their semester grade point average meets the minimum for their class while their cumulative grade point average remains below the minimum.
- 3) Suspended if they meet neither of the above two conditions.

Academic Suspension

A student will be suspended for at least one semester if any one of the following conditions occurs:

- 1) If a student does not meet the conditions under Academic Probation for the removal or extension of probation.
- 2) If a student is administratively withdrawn for non-attendance from three courses while enrolled at Lyon.
- 3) If a student fails a Core proficiency course three times.

While under suspension a student may take one course at the College during a regular semester or two courses during summer session. Exceptions to this policy must be approved by the Admission and Financial Aid Committee.

In order to return to Lyon as a regular student after a period of suspension, a student must either (1) have the stated GPA (freshman, 1.75; sophomore, 1.90; junior, 2.00; and senior, 2.00); or (2) apply for re-admission to the Admission and Financial Aid Committee.

Confidentiality of Records

Lyon College provides access to educational records in accordance with the Family Educational Rights and Privacy Act (FERPA). The Privacy Act ensures the rights of students to inspect, amend and consent to disclosure of all “education records” covered by the Act. The parents and guardians of dependent students (declared as a dependent for income tax purposes) also have access to these education records. Under no circumstances may students be required to waive their rights under FERPA before receiving College services or benefits.

Student records not covered under this policy are employment records, medical and counseling records, law enforcement records maintained by the Dean of Students, financial records of parents, personal notes of Lyon faculty and staff and confidential letters and recommendations for which students have waived their right to review.

Lyon College has designated in accordance with FERPA “directory information,” which is releasable without prior student consent. A list of directory information items is available from the Office of the Registrar. Students not wishing some or all of the directory information to be released must file with the Office of the Registrar a written request to this effect annually at the beginning of the fall semester.

Additional information on the College’s policy on the confidentiality of educational records can be obtained from the Office of the Registrar.

Exceptions to Academic Policies

Unless otherwise specified, exceptions to the above academic policies may be granted by the Dean of the Faculty upon petition.

Learning Disabilities

Students with physical, neurological, emotional, or learning disabilities which affect their academic performance may request reasonable accommodations for such disabilities. To do so, a student must inform the Office of Academic Services, in writing, of his/her disability and the nature of its effect on academic performance, and provide additional information as specified in the College's guidelines. The guidelines are available in the Office of Academic Services.

Transcript Requests

Students may request, in writing, a copy of their transcript from the Office of the Registrar. There is a one-time fee for transcripts. A transcript will not be released until all financial and/or administrative obligations to the College have been satisfied.

Graduation Rates

In accordance with the Student Right-to-Know and Campus Security Act, Lyon College annually publishes a report on graduation rates at the College. The report is available from the Office of the Registrar.

Campus Life

Campus life at Lyon is infused with a strong sense of community, enriched by the Honor and Social Systems, which afford students a great measure of personal freedom while requiring of them an equal measure of responsibility. A supportive campus culture provides an excellent backdrop for the College's campus life programs, designed to encourage learning, growth, participation, and leadership.

Within the College community, the role of the student life staff is to foster an atmosphere in which learning and growth are primary emphases. Lyon College's student life programs are geared toward the development of the whole person, with attention to the intellectual, emotional, social, physical, and spiritual dimensions of learning and maturing.

Lyon students take active roles in all aspects of college life. The Student Government Association gives students a voice in shaping institutional goals and priorities. Through the Honor and Social Systems, students take responsibility for maintaining the highest standards of integrity and responsibility within their community.

Social life on the campus is active and varied. Lyon students are inventive and energetic in their social and recreational pursuits, and an extensive program of student activities offers entertainment, participation, cultural diversity, recreation, and collegiality.

Lyon students also participate in a variety of campus organizations. Clubs, societies, and special interest groups bring faculty, staff, and students together to explore shared interests. Publications and artistic opportunities provide students with creative outlets. Intramurals offer students a range of sports and activities designed to develop lifelong habits of fitness, and to provide opportunities to enjoy the camaraderie of competition and team participation.

There are numerous opportunities for spiritual growth and service at the College. Weekly worship services are available on campus, and area churches welcome Lyon students. The College Chaplain works with Campus Ministries to provide leadership and direction to campus religious activities, centered around worship, study, fellowship, service and spiritual development.

Campus life is an important dimension of the educational experience at Lyon. It exposes students to a diversity of persons, opinions, and lifestyles and provides them with daily opportunities to play productive roles in the life of an active community of learners.

The Honor and Social Systems

Lyon students commit themselves to high standards of personal integrity through the Honor and Social Systems. These incorporate an honor pledge, a code of honorable conduct, standards of student behavior, and a series of procedures carried out by the Honor and Social Councils, which are chosen by the student body.

Beginning in the 1920s, students and faculty experimented with an honor system, but this experiment was abandoned after World War II. The honor system was re-established in 1992, when the college community voted to adopt a new Honor System, reaffirming the institution's commitment to standards of honor.

The Honor System is based upon the belief that Lyon undergraduates are mature individuals, capable of acting honorably in all academic matters without faculty surveillance, and that they should be encouraged to take responsibility for their own conduct as individuals and as a community. By signing the Lyon College Roll of Honor upon matriculation, students commit themselves to the ideals embodied in the Honor System — integrity, responsibility, and a regard for others — and recognize their own responsibility to assist in maintaining an environment in which honorable conduct is expected.

The Lyon College Honor Pledge states:

"I will abstain from all fraud in academic work. I will neither give nor receive aid on any form of test or assigned work where such aid is prohibited, nor tolerate this conduct in any member of the community. I will deal responsibly with such acts when I observe them. By my conduct and influence, I will endeavor to build a high standard of honesty and truthfulness in all academic work."

The Honor System is maintained and administered by the students through the Honor Council, made up of 22 students elected by the student body. The purpose of the Honor Council is to foster a spirit of honor on campus and to hear and act upon alleged violations of the Honor Code.

The Honor Council is empowered to try students who are charged with Honor Code violations, and in the event of a conviction, to impose penalties up to and including expulsion from the College.

The full text of the Honor Code is found in the *Student Handbook*.

The Social System was developed in 1994 as an outgrowth of the Honor System and in keeping with the philosophy that students should assume a significant role in shaping their lives at Lyon. The system establishes a code of conduct by which Lyon students agree to abide.

The Social System is maintained and administered by the students through the Social Council, made up of 14 students elected by the student body. The Council's responsibility is to uphold the College's Social System and to uphold the rights of each student during investigations and hearings. The Council investigates allega-

tions, conducts hearings when necessary, and may impose penalties up to and including expulsion. The full text of the Standards of Student Behavior is in the *Student Handbook*.

Residence Life

The integration of academics and co-curricular life are embodied in the design of the residential life program at Lyon. On-campus residence life is designed around small group living, with each residence area under the leadership of student Resident Directors and Resident Assistants. Group activities and programs to support personal development – with an emphasis on intellectual, social, emotional, physical, and spiritual growth – are a part of the residential life program. All residence halls and apartments offer wireless connections to the campus computer network and through it, e-mail, Internet and standard software applications.

Lyon offers a house system in which campus residences are divided into three groupings, or 'houses,' two with a live-in member of the faculty who design programs to integrate the academic and co-curricular aspects of campus life. Young House opened in 1993. Spragins House, which accommodates first-year residential students, opened in 1997.

Single, full-time students under 21 years of age and living 30 or more miles from the Lyon campus are required to reside on campus. Single, full-time students under 21 years of age may commute daily from the home of their parents or legal guardians if within 30 miles of the campus. Students who are veterans, reside with their spouse, or are 21 years of age or older may reside off campus provided that they have informed the Director of Campus Life in writing prior to the assignment of on-campus housing. Exceptions to these policies must be approved by the Dean of Students. See the *Student Handbook* for more information on rules and regulations pertaining to residence life.

Student Activities

Edwards Commons

Edwards Commons is the central gathering and programming space for students, student activities, recreation, and campus dining. Completed in August 2012, Edwards is the newest campus building. It contains the campus store; student mailboxes; the dining room and bistro; student programming space; a game room featuring table tennis, pool tables, Foosball, and Wii; a cardio exercise room; student government offices; conference rooms; the counseling center, health and wellness clinic, and the student life office.

Campus Organizations

Clubs, societies and special interest groups abound at Lyon. Interest groups and service organizations include Alpha Chi, Art Students Society, American Chemical Society, Baptist Collegiate Ministry, Black Students Association, Campus Ministries, Catholic Campus Ministry, Habitat for Humanity, International Student Association, Student Activities Council, Spanish Club, Student Government Association, and Wesley Fellowship. Students may also propose new organizations of interest.

The Student Activities Council provides activities and diverse entertainment for students, faculty, staff, and the surrounding community. SAC brings comedians, novelty performers and musical groups to campus as well as works on campus traditions such as Homecoming, Hoop Dreams, and the Big Show. It also plans various other opportunities and activities. Through its programs, SAC provides a sense of campus involvement and unity as well as enrichment of the liberal arts education.

Greek System

One third of the students living on campus belong to Greek social organizations: Alpha Psi Epsilon, Alpha Xi Delta, Chi Omicron, Kappa Sigma, Phi Mu, Tau Kappa Epsilon, and Zeta Beta Tau. Fraternities and sororities play an important role in providing an active social climate for the campus. They also emphasize service to the college and the community.

Honor Societies

Alpha Chi (juniors and seniors whose GPA's rank in the top 10%) heads the list of academic honor societies at Lyon. Others include Alpha Psi Omega (national dramatics fraternity), Chi Beta Phi (national scientific honorary fraternity), Kappa Delta Pi (national education honorary fraternity), Kappa Pi (international honorary art fraternity), Omicron Delta Epsilon (economics honorary fraternity), Phi Alpha Theta (national history honor society), Phi Sigma Tau (national philosophy honor society), Sigma Beta Delta (business, management and administration majors), Sigma Delta Pi (national Spanish honor society), Psi Chi (psychology majors), Sigma Tau Delta (national English honor society) and Theta Alpha Kappa (national religion honor society). The College also sponsors Mortar Board, the National Honor Society for college seniors.

Student Government

The Student Government Association (SGA) gives Lyon students a voice in shaping institutional priorities. Students present their ideas, opinions, and concerns and become involved in the development of college policies. Through its budgetary

resources, the SGA has a direct influence upon the quality of campus life by providing programs, co-sponsoring others, and appropriating funds to support various student initiatives in strengthening the quality of campus life.

The four executive officers of the SGA – the president, vice-president, secretary, and treasurer – are elected by a vote of the student body. The SGA officers, along with elected representatives of all campus residences, commuter students, and elected representatives of each class make up the Student Assembly, a student organization responsible for legislating issues of student life and an important element in the College governance system.

Every student admitted to Lyon is a member of the SGA. Students are encouraged to vote in elections and to convey their opinions and concerns to their representatives who work with the administration to plan activities and strengthen student life at the College. The Constitution and by-laws of the SGA are in the *Student Handbook*.

Outdoor Program

The Lyon Education & Adventure Program (LEAP) provides opportunities for students, faculty and staff to have fun, learn, grow and develop outdoor skills, leadership skills, and an appreciation for the environment. This program takes advantage of the ready accessibility to the many opportunities afforded by Lyon's location in the foothills of the Ozark Mountains.

Outdoor Recreation trips are at the forefront of the program along with workshops and clinics to learn new skills in the outdoors and apply them to the classroom and life. LEAP also offers a Leadership Development Program designed to put students in leadership roles and allows them to practice their decision-making skills, promote self discovery, confidence and other leadership skills. Students can also attend skill workshops and become co-leaders on outdoor trips. They can progress through the program to become a full trip coordinator and then eventually plan and run trips themselves. This requires a commitment to the program and some additional medical training and competence.

Outdoor Recreation trips are open to all students. There is a selection process for participation in the Leadership Development Program.

Campus Ministry

The Campus Ministry Program is based on the conviction that opportunities for religious expression, the search for moral values, and responsible community involvement are basic to education in the context of the Judeo-Christian tradition. The program offers a broad spectrum of activities and experiences designed to inspire life-long religious inquiry, faith dialogue, community service and personal growth in

a way that is relevant to campus life as well as to the concerns of society and the global community. Weekly chapel services offer the college community worship opportunities and a forum for the development of worship leadership skills and tools for discerning a vocational call. Participation in these activities is voluntary. Under the direction of the Campus Chaplain, Lyon Campus Ministries sponsors special events, fellowship activities and service projects.

Student Publications

Students interested in writing, editing, design, photography, advertising, and publishing have the opportunity to work on the campus newspaper, *The Highlander*; the College yearbook, *The Scot*; or the literary magazine, *The Wheelbarrow*. Students under the guidance of a Student Publications Board produce these publications. *The Highlander* plays an important role in informing the college community and exploring the range of opinions on campus issues. *The Scot* provides a thorough and lasting record of each passing year. *The Wheelbarrow* publishes stories, essays and poetry written by students, faculty, and staff.

The Scottish Heritage Program

Founded by Presbyterians in 1872, Lyon College has, over the years, celebrated its Scottish heritage in many ways. From the choice of its athletic mascot, the Scots, the College has developed a distinctive and multifaceted program that is known and respected throughout the United States, Canada, and more recently the United Kingdom. In addition to an international prize-winning pipe band, Lyon's Scottish heritage is promoted through a Scottish Arts bagpipe minor, college credit courses in Highland dance, and drumming, and an instructional outreach program. Our unique Lyon College tartan is now registered in Scotland.

From the humble beginning of three members, the Lyon College Pipe Band has grown to a highly competitive group. The band earned the distinction of placing second in its grade at the 2001 World Pipe Band Championships in Glasgow, Scotland. The College offers Scottish Heritage scholarships to pipers, drummers and dancers, within a range of skill levels.

Opportunities in Music

Lyon College students enjoy a range of opportunities to express and explore their love of music.

The Lyon College Concert Chorale is open to any interested student who passes a brief audition. The Choir performs a wide variety of literature, ranging from larger choral-orchestral works to folk songs and spirituals. The Choir presents several on-campus performances each year, including two large-scale concerts, and tours annu-

ally in the spring. Recent tour destinations have included Atlanta, Chicago, Houston, New Orleans, San Francisco and the National Cathedral in Washington, D.C.

Instrumental ensembles include the Lyon College Orchestra, the Lyon College Flute Choir and the Lyon College Band.

Opportunities in Theatre

Harlequin Theatre, the oldest collegiate theatre organization in Arkansas, presents major productions in the fall and spring. Students from all disciplines are welcome to participate as actors, technicians, designers, and staff. The completion of the Holloway Theatre in 1991 provided the Harlequin Theatre with a space designed to meet the diversified needs of modern collegiate theatre.

Theatre at Lyon is part of the liberal arts educational process. Students are given opportunities to act, direct, design, and write plays. Students have their work exhibited at state and regional festivals. The Hyde Park Players is a student-run group offering students the opportunity of producing, directing, and designing their own shows in Holloway Theatre.

Cultural Events

To support the broadening influence of the liberal arts curriculum, Lyon College provides its students with a variety of cultural events each year, ranging from lectures to art exhibits to concerts to films to theatre.

Such ongoing series as the Hugh B. Patterson Endowed Lecture Series, the Ashley-Lewis Endowed Concert and Recital Series, the Dan C. and Sidney Childs West String Music Endowment, and the Leila Lenore Heasley Prize Lecture support the College's efforts to provide an environment rich in cultural offerings.

Athletics

Intercollegiate Athletics

The intercollegiate athletic program at Lyon College provides student athletes with experienced coaching, appropriate facilities, and challenging competition.

Women's varsity teams at Lyon compete in basketball, cross-country, golf, soccer, softball and volleyball. Men's varsity teams compete in basketball, baseball, cross-country, golf and soccer.

The Scots are student-athletes, recruited both for academic promise and athletic excellence. Students may try out for these teams and for the varsity cheerleading squad that provides them with support. As a member of the TranSouth Conference,

the intercollegiate athletic program at Lyon is governed by regulations of the conference and the NAIA.

Varsity athletic facilities include Becknell Gymnasium, home to Lyon basketball and volleyball; lighted tennis courts; a cross-country course; a soccer field, baseball and softball fields and an indoor practice facility.

Intramural Athletics

The intramural athletic program at Lyon is an integral part of campus life. In addition to providing an opportunity for students to build healthy and active lifestyles, physical skills, and good sportsmanship, the program provides a frequent and natural occasion for camaraderie and fun.

The program offers an extensive schedule of competitions. Teams and individuals participate in flag football, basketball, softball, tennis, volleyball, badminton, free throw shooting, table tennis, miniature golf, horseshoes, campus golf, and a variety of special competitions.

Facilities for recreational athletics include an indoor swimming pool, basketball courts; a weightlifting and fitness area; an aerobics gym; lighted tennis courts; an outdoor walking track; fields for football, soccer, and softball; and a sand volleyball court.

Student Life

Career Development Center

The Career Development Center provides a wide array of programs and assistance to students throughout their four-year experience at Lyon. The Career Center tailors programs, services, and workshops to meet the diverse needs of individual students. The Center's open-door policy encourages students to build relationships with Career Center staff and to feel comfortable seeking assistance.

The Career Center provides career guidance, planning, and exploration in various ways, including:

- Administering and interpreting personality, skill, and interest inventories
- Providing various career-related resources for students' use in the career library
- Providing virtual career services online
- Guiding students through selecting and applying for graduate study

The Career Center staff also host a variety of career preparation workshops and events, including Grad School Expo, professional panel discussions, resume and cover letter writing sessions, interview and networking skills workshops, job search preparation workshops, and career decision-making workshops.

In addition to these career preparation events and workshops, the Career Center provides students with a variety of hands-on opportunities as part of its experiential education program. The Career Center provides these opportunities by:

- Assisting students in securing internships, job shadowing opportunities, and providing job search links
- Posting internship and job openings both on campus and online
- Hosting on-campus recruiter visits and interviews for various employers
- Collaborating with other Career Centers to provide more career fair opportunities
- Connecting current students to alumni for advice, encouragement, and assistance.

The Career Center also coordinates the Lyon Legacy co-curricular transcript program. Through this document, students are encouraged to provide details of their involvement in experiential learning activities both on and off campus and record the transferrable skills and insights that they have gained as a result. The Lyon Legacy transcript complements the academic transcript and provides a comprehensive picture of the learning inherent in a Lyon education.

Counseling

Lyon College Counseling is committed to helping all students achieve maximum benefit from attending Lyon. A full-time Licensed Professional Counselor provides both counseling and consultation services to students. These services strive to meet the psychological needs of students by providing a safe, supportive, and confidential environment that empowers students to explore personal and interpersonal concerns. For most students, the college years represent many unique challenges. This time is one of significant personal exploration, growth and decision-making regarding one's values, interpersonal relationships, and life goals, all within a challenging academic environment.

Students can be seen individually for appointments at no cost to the student. Educational programs are also offered through this office relating to mental health issues. Various resources provided by this office include books, videos and pamphlets on a variety of topics and a website with links on a multitude of mental health issues. Local community resources are also available to students through referral by the college counselor. Any costs associated with the use of community resources are the responsibility of the student.

Health and Wellness

The College health clinic is located in Edwards Commons and is staffed by a registered nurse. The Clinic is open from 8 a.m. until noon and from 1 p.m. to 5 p.m.

Monday through Friday when the College is in session. The clinic offers first aid for minor injuries, symptomatic treatment for minor illnesses, education and screening programs, as well as resource and referral information. All on-campus health services are free. Referral to a physician or to community health agencies is at student expense. Students who become ill or injured when the clinic is closed should contact their Resident Assistant, Resident Director, Campus Safety, the physician of the student's choice, or the emergency room at the White River Medical Center.

If the student's private physician desires the Clinic to continue treatment begun in the physician's office, a written statement of the condition being treated and orders for the type and duration of necessary treatment must be furnished by the physician. Allergy injections are one such treatment which the Clinic will provide upon request.

All full-time students must complete a health form which allows the Clinic to maintain accurate information regarding their health.

Student immunization requirements follow those established by the laws of the State of Arkansas. They include:

- All full-time students and all part-time students residing on campus who were born after January 1, 1957, are required to provide proof of immunity against measles and rubella. Documentation may be provided by Arkansas school records, a physician's record, or Health Department records and must include two doses of Rubeola (measles), one dose of Mumps, and one dose of Rubella (German measles).
- All students born in a country where TB is endemic must provide proof of a negative TB screening completed in the U.S. or Canada during the last six months or they must complete such a screening through the local health department (for a nominal fee) promptly upon arrival at Lyon. Further requirements may be imposed for students with a positive TB screening before enrollment can be continued.

Testing

Lyon serves as a national test center for the American College Test (ACT), Scholastic Aptitude Test (SAT), and The Praxis Series: Professional Assessments for Beginning Teachers (PRAXIS I and II).

Campus Safety

Professional safety personnel provide security service. Campus Safety officers enhance the safety of people and property on campus, interact with students to increase their awareness of security and safety issues, assist with energy conservation, and help maintain college policies.

Upward Bound Programs

The College hosts two Upward Bound programs, which assist selected area high school students in preparing for college and provide Lyon students opportunities to serve as mentors, counselors, and tutors. The APPLE Project serves students throughout the school year and during a summer residential session. The Upward Bound Math/Science Program provides a summer enrichment program with emphasis in math and science, and a limited academic-year component, administered primarily by e-mail and mail to students in selected Arkansas high schools.

Admission to Lyon College

Lyon seeks to enroll students who can contribute to and benefit from the residential liberal arts education that it offers. Admission to Lyon is selective, and the College draws students from a variety of educational and social backgrounds. Students with a lively intellect, a strong work ethic, a capacity for leadership, good character, and emotional maturity will find Lyon to be a supportive and fulfilling environment for them.

Because the academic preparation of students in high school is so important in developing their capacity to succeed in college, the enrollment services office, in reviewing an applicant's admission materials, pays close attention to the quality of the curriculum available to and taken by him or her. Prospective students are encouraged to take advantage of the college preparatory curriculum that is available to them during their high-school careers. Ordinarily, qualified applicants for admission will have taken at least 15 high school units in the following subjects: English (4 units); mathematics, including Algebra I and II and Geometry (3 units); social studies (3 units); natural sciences, including, if possible, one lab science (3 units); and foreign language (2 units). It is strongly recommended that applicants take a challenging curriculum in the twelfth grade, including mathematics and science courses and, if possible, a foreign language at a level beyond the second year. Lyon acknowledges students' accomplishments in earning high scores on the American College Test (ACT) or Scholastic Aptitude Test (SAT), while recognizing that standardized testing is only one of several factors which can help predict a student's academic success in college.

Applicants who have earned a General Education Development (GED) certificate in lieu of a high school diploma must submit GED scores with their application. A minimum GED score of 45 is required. Applicants who have not completed high school and non-traditional-age students (over 21 years old) who have been out of high school for awhile without attending another institution of higher learning may be admitted to Lyon on the basis of their "ability to benefit" from a Lyon education. Such a determination is made on the basis of available records of academic performance, standardized test scores, and life experiences.

Admission to Lyon is not limited by the race, sex, color, creed, handicap, or national origin of the applicant.

Categories of Entrance into Lyon College

Students may apply to Lyon as degree-seeking or non-degree-seeking students. A student in either category may apply as a **full-time** (not less than twelve semester

hours) or **part-time** (fewer than twelve semester hours) student, although almost all special students are part-time students. Degree-seeking students may apply for entry in the fall or spring semester, although it is more common for them to enter Lyon in the fall; non-degree-seeking students may apply for entry in the fall, spring, or summer term. Only degree-seeking students (full- and part-time) are eligible for financial aid.

A regular student who has earned a high school diploma or a GED certificate but has not enrolled full-time as a degree-seeking student at another institution of higher learning prior to enrolling at Lyon is classified as a **first-time student** or **freshman**. A regular student who has earned a high school diploma or a GED certificate and has enrolled full-time as a degree-seeking student at another institution of higher learning prior to enrolling at Lyon is classified as a **transfer student**. A student who enrolled at Lyon as a regular student, withdrew prior to completing a baccalaureate degree, and seeks readmission as a regular student may be classified either as a transfer student or as a **readmitted student**, depending on circumstances.

There are also several categories of special student. An **auditing student** is one who enrolls in a course without receiving credit. A **post-baccalaureate student** is a full- or part-time student who already holds a baccalaureate degree from an accredited institution. A **transient student** is a student who is pursuing a degree at another institution of higher learning while taking courses at Lyon. A **part-time high school student** is a student who is still in high school but is taking a course at Lyon to earn college credit or partake of curricular offerings that the high school does not offer.

Non-degree-seeking students who wish to move to degree-seeking student status, degree-seeking students who were accepted as part-time students and wish to move from part- to full-time status, and students seeking readmission to Lyon must submit a new application to the enrollment services office and obtain the approval of the Admission and Financial Aid Committee. All grades that a student earns at Lyon, regardless of his or her status, remain a part of the student's permanent record and will be used in the calculation of his or her grade point average.

Application Procedures

All persons who wish to enroll at Lyon must submit a completed application to and be accepted for admission by the enrollment services office. Applications are considered on a rolling basis, which means that applicants can ordinarily expect an admission decision within one week of the submission of their completed application. Applicants for fall semester enrollment are encouraged to complete their applications for admission no later than the May 1 National Candidate's Common Reply Date. The final application deadline for all students is one week prior to the first day of the academic session for the fall, spring, and summer terms.

Students applying for admission must submit the following application materials. (Students who wish to submit official ACT or SAT I scores to Lyon should note that Lyon's ACT institutional code number is 0112 and its SAT code number is 6009.) Please note that special requirements may apply to applicants from outside of the United States:

I. First-year students

A. An application for admission.

B. A \$25 non-refundable application fee.

C. Either an official high school transcript from each high school attended or a GED certificate (minimum score of 45). First-year students who have taken and completed any college coursework must also submit an official academic transcript from those institutions. First-year students wishing to transfer credit from another college should refer to the "Academic Rules and Regulations" section for the institutional policy on accepting transfer credits.

D. Official SAT I or ACT scores.

E. Lyon College is a selective college that holistically reviews applicants and admits students who are prepared for rigor in a very challenging environment and demonstrate strong leadership and activity experience. We recommend that your high school course work include at least 15 units of English, mathematics, social studies, natural sciences, foreign languages, and fine arts. ACT and/or SAT scores are required for review as well. We will "super score" your sub-scores from different test dates to see your highest potential in each sub-section.

Mean GPA and ACT scores for the class of 2015 (students enrolling in 2011) were 3.58 (4.0 scale) and 25.6 respectively.

II. Transfer students

A. An application for admission.

B. A \$30 non-refundable application fee.

C. Official college transcripts from each college attended. Transfer applicants wishing to transfer credit from another college should refer to the "Academic Rules and Regulations" section for the institutional policy on accepting transfer credits. Applicants with coursework earned at non-accredited institutions will be asked to verify transferable credits via placement tests. Students wishing to transfer Advanced Placement (AP) or International Baccalaureate (IB) credit may do so in accordance with College guidelines, upon receipt by the Registrar of a transcript issued by the College Board (for AP credit) or International Baccalaureate.

D. Evidence of good academic and social standing at the last institution attended.

E. Official SAT I or ACT scores if the applicant graduated from high school within three years of applying to Lyon. In some cases, high school transcripts and/or

ACT/SAT scores may be required even of students who graduated more than three years before applying to Lyon.

F. Students who do not have a 2.75 GPA will be required to submit a minimum of two letters of recommendation.

III. International students

A. Lyon application for admission with essay, plus \$50 application fee

B. Test score: ACT, SAT, TOEFL, IELTS, or ESL placement are required

C. Financial documentation in compliance with the completed Supplemental and Financial Information Form

D. Advance deposit of 50% of student's cost for first semester, due one month before first day of classes

E. Remaining payment for first semester due two weeks prior to first day of classes

F. For second semester, 50% of student's cost is required before registration and remainder required two weeks prior to first day of classes

For All Freshman and Transfer International Students:

A. Lyon application for admission with essay, plus \$50 application fee

B. Test score: ACT, SAT, TOEFL, IELTS, or ESL placement

C. Evaluated foreign secondary and college (if applicable) transcripts from a NACES agency, including grades for each class and an overall GPA (course-by-course evaluation)

D. Official Transcripts from all U.S. schools attended

E. Financial documentation in compliance with the completed Supplemental and Financial Information Form

F. Advance deposit of 50% of student's cost for first semester, due one month before first day of classes

G. Remaining payment for first semester due two weeks prior to first day of classes

H. For second semester, 50% of student's cost is required before registration and remainder required two weeks prior to first day of classes.

The Supplemental and Financial Information Form can be found on the webpage for international students.

IV. Students seeking readmission

A. An application for readmission.

B. Students seeking readmission are required to provide, in lieu of the standard application essay, a statement that outlines their reasons for withdrawing and for seeking to re-enroll and presents a case that they can succeed at Lyon if they are readmitted. The enrollment services office may ask applicants to supply additional information or documentation in support of the statement.

C. A \$25 non-refundable application fee.

D. Official transcripts of any college work attempted in the period of absence.

Students applying for admission as special students must submit the Special Student Application and all supporting materials. The Special Student Application can be obtained from the enrollment services office.

Enrollment Procedures

Applicants who are accepted for admission as regular students must submit a deposit to reserve their place in the entering class prior to matriculating at Lyon. Regular full-time students who wish to live on campus must submit a \$200 enrollment deposit, \$100 of which serves as a room damage deposit and \$100 of which will be applied to the bill for their first semester at Lyon; the \$100 housing deposit is waived for students who wish to live off campus. Students are encouraged to submit the required deposit once they finalize their plan to attend Lyon. Offers of admission may be held open until May 1, the Candidate's Common Reply Date as agreed upon by the National Association of College Admission Counseling. The enrollment deposit is non-refundable after May 1.

Prior to matriculating at Lyon, students are required to submit a final transcript from any educational institution in which they were enrolled at the time of admission and any health records required by the state of Arkansas. If a student's final transcript demonstrates a level of academic achievement that is markedly below that established at the time of admission, the College reserves the right to revoke its offer of admission to that student.

Early Admission

High school students who wish to forgo their final year of high school may apply for admission to Lyon. Their applications will be reviewed in the same manner as those of high school graduates. It is recommended that the student make some provision to complete a senior-level English course. Early admission candidates will be admitted on their "ability to benefit" from a Lyon education, as determined by their academic transcript and standardized test scores.

The College Opportunity Program

Lyon and the University of Arkansas Community College at Batesville (UACCB) are committed to providing educational opportunities for citizens of Batesville and the surrounding region. To fulfill this commitment, the two institutions have created the College Opportunity Program. Its goals are two-fold: 1) to facilitate transfer from UACCB to Lyon so that students in the Independence County/Batesville area have an opportunity to receive a quality baccalaureate education at an affordable price without leaving home; and 2) to broaden the college offerings for students of both institutions through limited exchange. The program is

known as the College Opportunity Program; students planning to transfer to Lyon are College Opportunity Program transfer students, and students taking a course or courses on their non-home campus are College Opportunity Program exchange students.

College Opportunity Program Exchange Students

Another important part of this collaborative effort is an exchange program that allows UACCB and Lyon students to take one course at each other's campuses during the fall, spring, and summer semesters. To be eligible for this exchange program, students must be full-time students, have the support of the chief academic officer at their home institution, and meet any prerequisites for the course or courses they wish to take. Students' tuition at their home college will cover course work taken at the host college.

Articulation Agreements

Lyon has articulation agreements with Ozarka College in Melbourne, Arkansas State University-Beebe and Arkansas State University-Newport and Northwest Arkansas Community College that allow students who complete all or a significant portion of the Associate of Arts degree at those institutions to transfer easily to Lyon. Satisfactory completion of an associate of arts (A.A.) degree at these two-year colleges with at least 60 hours of transferable coursework will guarantee junior standing at Lyon. Remedial courses are not transferable towards a Lyon degree.

In order for coursework to transfer to Lyon, the student must have earned at least a "C" in all courses used to satisfy Lyon's degree requirements, whether these are taken at Ozarka, ASU-Beebe, ASU-Newport, NWACC or any other institution. Lyon and the other colleges may specify differing general education requirements.

Rising Scholars Program

The Rising Scholars program allows local high school rising juniors and seniors having a 3.25 cumulative high school GPA or 23 ACT composite score to enroll in up to five Lyon courses before they graduate from high school, at the price of \$300 per class (excluding lab and course fees). The Program is designed to provide young students opportunities to ease the transition into college, acquire college credits that will easily transfer to most institutions, and enhance their time in high school. The Rising Scholars program and prices apply to all Lyon fall, spring, and summer courses, depending on availability and academic eligibility. To apply to the Program, students need only inform Lyon's Office of Enrollment Services of their interest and submit Special Student Applications along with qualifying transcripts and/or ACT scores.

Financial Information

At Lyon College, we are committed to making an educational experience of the highest quality available to qualified students. Tuition and fees account for about 45 percent of Lyon College's educational investment in its students. With a combination of affordable costs, extensive merit-based scholarship and financial aid programs, and academic programs of quality, Lyon College has been regularly recognized as one of higher education's best bargains among private, selective liberal arts colleges.

Other Fees and Deposits

Application Fee\$25 (U.S. citizen)\$50 (international)
Each student enrolling at Lyon College for the first time must pay this non-refundable fee when submitting an application for admission.	
Enrollment Deposit\$200
A deposit is required of all students who have been accepted for admission. \$100 is credited toward the student's account upon registration for the academic term. For new residential students, the confirmation deposit also serves as the \$100 room damage deposit. Upon leaving Lyon the room damage deposit, minus any damage charges, will be applied to the student's account or refunded upon request.	
International Student Health Insurance\$786 per year
All international students attending Lyon College are required to have active health care and accident insurance. Recognizing the various forms of foreign health care programs, the College has available a health care plan that is designed to meet these needs of international students. International students who have active coverage through other health care plans will have the opportunity to waive the College plan. International students not covered by such plans will be required to participate in the College plan to be billed at the rate of \$295 per semester. The College plan is provided by an independent insurance agency. The price is subject to change.	
Tuition/Room and Board	
Refund Insurance (per semester)\$141 (Commuters)\$183 (Residential Students)
Lyon College has available, through a private company, a tuition refund plan. This is an insurance policy designed to return to the student 100% of tuition, room and board charge when a student must withdraw from a semester due to medical (physical) reasons. Cost of coverage is 1.05% of the student's total tuition, room and board costs. Specifics are included with each semester's billing. Those who do not wish to participate in this program will have the opportunity to waive the coverage.	
Registration Deposit\$100
A \$100 pre-payment charge will be collected no later than April 1 each year from all returning students. This payment allows the student to register for classes and participate in room selection for the following fall. The payment will be applied to the student's account. It is refundable until June 1 if the student will not be returning to the College. Students may pay this fee as part of the ten-month payment plan (begun the previous August) or in monthly installments by prior arrangement with the Business Office.	
Late Registration Fee\$75
Credit by Examination\$100 /credit hour
Returned Check Charge\$20
Commencement Fee (Graduating seniors)\$180
Audit Fee (per credit)\$100
Practice Teaching Fee:\$100 / semester
Individual Music Lessons\$215 / credit hour
Course fees listed on schedule with specific course.	

In addition, students should expect to budget at least \$1,000 for books and supplies during the school year.

Payment of Student Accounts

Student fees are due and payable at the beginning of each semester before completion of registration and admission to classes. A bill is mailed approximately one month before the beginning of each semester so that students may pay semester charges prior to formal registration. Students who have not made satisfactory payment arrangements, i.e. cleared the business office, by the beginning of classes will be regarded as delinquent. A delinquent student account is subject to penalties as listed in the *Student Handbook*. Summer school charges are due before the beginning of class.

There are two payment options offered at Lyon College:

1. Term bills may always be paid in a lump sum at semester's beginning. These payments can be made through the Lyon College cashier (870)307-7322 or via Nelnet. There are no additional fees with this option.

Lyon College is pleased to announce that it is partnering with Nelnet Business Solutions (NBS) to offer payment plans to students for tuition and fees. These payment plans make paying for your education more affordable as they offer you the opportunity to spread payments over time. These plans are interest free; however, there is a \$30.00 per semester administrative fee payable to Nelnet. Several plans are available so you can choose the one that best fits your needs.

Payment Plan Enrollment Deadlines

Fall 2012

Full payments may be made on e-Cashier through August 20, 2012.

Last day to enroll online	Required down payment	Number of payments	Months of payments
June 30	None	5	July - Nov.
July 30	None	4	Aug. - Nov.
Aug. 20	25%	3	Sept. - Nov.

Spring 2013

Full payments may be made on e-Cashier through January 9, 2013.

Last day to enroll online	Required down payment	Number of payments	Months of payments
Nov. 30	None	5	Dec. - April
Dec. 30	None	4	Jan. - April
Jan. 9	25%	3	Feb. - April

NOTE: All down and full payments are processed immediately!

As a payment reminder, the Business Office will mail monthly statements to all students who have chosen payment plan via Nelnet.

Refund Policies

Refunds for students officially withdrawing from college during the 2012-2013 academic year will be made as follows:

On or before the first day of registration there will be a 100% tuition refund. From registration to the end of the first week of classes there will be an 80% tuition refund. From the end of the first week to the end of the second week of classes there will be a 60% tuition refund. From the end of the second week to the end of the third week of classes there will be a 40% tuition refund. From the end of the third week to the end of the fourth week of classes there will be a 20% tuition refund. From the end of the fourth week and thereafter there will be no refunds. Refunds during summer term will be handled in a similar manner for students who withdraw. Each two days of classes will equate to one week of regular semester classes in refund percentages.

If the student withdraws during Lyon's refund period, all of the student's institutional scholarships and grants will be returned to his/her sources on a basis consistent with the College's refund policy. For example, a student who withdraws and receives an 80% tuition refund will receive 20% of his/her institutional scholarships and grants for that semester, equaling a percentage of tuition he/she was charged for the semester.

Enrollment is checked as of the College's census day (the 11th day of class) each semester for certifying enrollment/hours necessary to receive state scholarships and grants. If the student is enrolled in the required number of hours as of the census date and withdraws subsequent to that date, he/she is allowed to keep the entire semester disbursement of the state scholarship or grant, even if his/her institutional scholarship(s) and or grant(s) are being pro-rated. Return of Title IV (federal) aid is discussed below in the section "Return of Aid." Private outside scholarships are not returned to the donor unless the donor specifically requires it.

All outstanding student accounts become due and payable immediately upon a student's withdrawal.

Board refunds will be made on a pro rata basis consistent with the number of weeks remaining in the semester after withdrawal.

Room charges are not refundable regardless of when withdrawal occurs. This is due to the limited number of dormitory rooms available and the fact that they cannot be rented to other students until a new semester begins.

A tuition refund plan is available through a private insurance carrier to guarantee full refund of tuition, room and board charges in the event of a medical withdrawal from the semester.

Appeals of institutional refund policy by parents or students who feel that individual circumstances warrant exceptions from the published policy may be addressed in writing to: Controller, Lyon College, P.O. Box 2317, Batesville, AR 72503.

Scholarships and Financial Aid Rules and Procedures

At Lyon College, we are committed to making an educational experience of the highest quality available to qualified students. Tuition and fees account for about 45 percent of Lyon College's educational investment in its students. With a combination of affordable costs, extensive merit-based scholarship and financial aid programs, and academic programs of quality, Lyon College has been regularly recognized as one of higher education's best bargains among private, selective liberal arts colleges.

Applying for Financial Aid

To establish their eligibility for the widest possible range of financial aid opportunities, students and their parents should file a FAFSA and specify that they want it sent to Lyon by listing Lyon's Federal school code (001088) on it. Students who wish to be considered for Federal and need-based Lyon aid programs must file a FAFSA. (For more details, see the "Financial Aid Programs" section below.) FAFSA forms can be obtained from high schools or online at www.fafsa.ed.gov. Students must file a new FAFSA prior to each year in which they wish to receive aid.

Lyon assigns priority in the awarding of financial aid to students whose FAFSAs are received by March 1. After this date, the College will continue to work with students to make a Lyon education possible for them, but cannot assure the full availability of Federal, state, or institutional funds. While only accepted students can be offered financial assistance, students who have not yet been notified of their acceptance should not delay applying for aid.

Financial Aid Eligibility

Students' financial aid eligibility is dependent on their academic and social standing as defined in the section on "Academic Rules and Regulations" above and in the *Student Handbook*. Students in good academic and social standing and students on probation are eligible for at least some forms of financial aid. Students who have been suspended from the College are ineligible for financial aid of any kind. They may reapply for financial aid when they reapply for admission.

Because full-time students are ordinarily expected to complete their degree requirements within four years, Lyon institutional aid is renewable for eight semesters of full-time enrollment. Students unable to complete degree requirements within four years may receive Federal financial aid, and may appeal to the Admission and Financial Aid Committee through the financial aid office for a renewal of their Lyon

aid, for an additional one or two semesters depending on the circumstances. Lyon and state aid may not be applied toward summer session costs. However, some forms of Federal aid may be used for that purpose; during the summer, students typically use up remaining eligibility for Federal funds that they accrued during the prior academic year.

Students who receive financial aid from Federal, state of Arkansas, or Lyon sources must meet specified minimum academic performance requirements that are intended to encourage the completion of a degree in a timely manner. These minimum requirements relate to the number of credit hours that a student has completed and the grade point average that s/he has earned. Requirements for Federal and Lyon aid programs are outlined below. Students from the state of Arkansas should contact the financial aid office or the Arkansas Department of Higher Education (1-800-54-STUDY) to obtain current academic performance requirements for state scholarship programs.

Some General Rules about Scholarship Maintenance

Course Loads: All Lyon College-funded scholarships (financial aid) require a minimum course load of at least 12 hours per semesters (as recorded on the official census day each semester, which is generally the 11th day of class each semester). **However, the majority of State of Arkansas scholarship programs require a course load of at least 15 hours per semester (as recorded on the official census day each semester).** Incomplete courses will not count in meeting credit hour requirements until the student successfully completes them. It is the student's responsibility to notify the financial aid office when she/he has successfully completed an incomplete course. Students who repeat a course may count the course only once toward credit hour requirements. Pass/fail courses, remedial courses, and optional credit/no credit courses for which a student receives a grade count towards credit hour requirements. Recipients of Lyon institutional aid may attempt up to a total of 136 credit hours, but will have to pay overload charges (which no institutional aid award will cover) if they attempt more than 17 credit hours in any academic semester. **It is the student's responsibility to know all of his/her scholarship maintenance requirements and the student should verify that he/she is enrolled in the necessary course load to maintain all aid. Students wishing to reduce course loads after enrollment should contact the Office of Financial Aid to ensure that their aid will not be affected.**

GPA: Some scholarships require students to earn a specified cumulative GPA. Others require only that students be in good academic standing. Lyon will not figure course work taken at other institutions into students' Lyon GPAs; some scholarships (the Arkansas Challenge Scholarship, for example) will recalculate GPAs to include work taken at another institution.

Lyon Scholarship Maintenance Requirements

Residency Requirement

Students are required to reside on campus as stated in the Residence Life section of the catalog. No student who has been exempt or otherwise released from the Lyon scholarship residency requirement will receive funds from that scholarship in excess of the cost of tuition. Students who do not qualify for an automatic exemption from the residency policy and who are granted an exemption will lose 30% of all Lyon institutional scholarship(s) or grant(s) they have been awarded.

Named Scholarships

- Students holding Brown, Anderson, or West scholarships must live on campus. No student who has been exempt or otherwise released from the Lyon scholarship residency requirement will receive funds from that scholarship in excess of the cost of tuition. These policies apply to athletic and other talent-based scholarships in addition to merit-based scholarships.

- They will be reviewed at the end of each academic year. If they have failed to meet their scholarship maintenance requirement (Brown 3.25, Anderson 3.0, West 3.0), they will lose their scholarship.

Unnamed Academic and Performance Scholarships

- Students holding Lyon unnamed academic scholarships, fine art scholarships, and athletic scholarships will be reviewed at the end of each academic year for academic good standing (See Page 117).

- If their GPA is below that required for their classification or if they have a semester GPA of 1.5 or lower, they will be put on academic probation.

- Should they not raise their GPA the subsequent semester to the level required of them to be in good academic standing, they will be suspended from the College and will obviously lose their scholarship.

Loss of Lyon Scholarships

- Students who have had their financial aid suspended may appeal that suspension. They must submit a written appeal to the Director of Financial Aid detailing the extenuating circumstances that resulted in their deficient academic performance causing suspension of their aid. The appeal will be evaluated by the Admission and Financial Aid Committee.

- Students who are suspended or lose their scholarships at the end of the spring semester may elect to go to summer school at Lyon. Summer work will be calculated into their cumulative GPA and could effect reinstatement of their scholarship and good standing at the College. Approved summer classes at any institution of higher

learning will count towards meeting credit hour requirements. However, only summer academic work completed at Lyon will count towards meeting grade point average requirements.

- Students who are administratively withdrawn from Lyon will not be eligible for future financial aid disbursements until they have made up the credit hours from which they were dropped.

Financial Aid Programs

Lyon Scholarships for 2011-12

Lyon offers the following merit-based and need-based scholarship programs for the 2011-12 academic year. **More than one Lyon scholarship may be offered to a student, but only one may be accepted.** Lyon reviews its scholarship programs annually and makes modifications as appropriate. Consequently, the number and size of awards may vary from year to year. Institutional scholarship maintenance requirements are outlined in the section on “Financial Aid Eligibility” (see above). Scholarship maintenance requirements that are specific to particular scholarships are outlined in the scholarship descriptions that follow below. In cases where a student’s total federal, state, and institutional grant and scholarship aid exceed \$1,000 above the direct cost of the College, that student’s scholarship will be reduced appropriately.

Brown Scholarships

Each year, Lyon selects up to four members of the entering freshman class as recipients of the Brown Scholarship, the highest honor for an incoming student. Established by the late William C. Brown Jr., '15, in honor of his father William C. Brown Sr. and his brother Allen Brown, the Brown Scholarship provides an annual stipend up to the amount of tuition, room, board, and mandatory fees.

The Brown Scholarship is renewable for eight semesters of full-time study as long as a recipient achieves a minimum cumulative grade point average of 3.25 by the end of the first year and each year thereafter and meets all other institutional scholarship maintenance requirements. Brown Scholars are required to reside on campus.

The Brown Scholarship is competitively awarded based on student performance at an Honors Day Scholarship Competition. Students interested in being considered for a Brown Scholarship must submit all application materials by January 15 and attend an Honors Day Scholarship Competition during the fall or winter preceding the applicants’ freshman year at Lyon.

Anderson Scholarships

Up to five Anderson Scholarships are awarded each year to members of the entering freshman class who have excelled academically in high school and scored well on standardized tests. These awards are made possible through the generosity of Mr. Wooten Anderson. The Anderson Scholarship provides an annual stipend up to the amount of tuition. The Anderson Scholarship is renewable for eight semesters of full-time study as long as a recipient achieves a minimum cumulative grade point average of 3.0 by the end of the first year and each year thereafter and meets all other institutional scholarship maintenance requirements. Anderson Scholars are required to reside on campus. The Anderson Scholarship is competitively awarded based on student performance at an Honors Day Scholarship Competition. Students interested in being considered for an Anderson Scholarship must submit all application materials by January 15 and attend an Honors Day Scholarship Competition during the fall or winter preceding the applicants' freshman year at Lyon.

West Scholarships

One West Scholarship is awarded each year to a member of the entering freshman class from Arkansas who has excelled academically in high school and scored well on standardized tests. In gratitude for gifts made over time by the R.E.L. Wilson Trust, Lyon College established the Dan C. West Scholarship in honor of Dan West, president of the College from 1972-1988. The West Scholarship provides an annual stipend up to the amount of tuition. The West Scholarship is renewable for eight semesters of full-time study as long as a recipient achieves a minimum cumulative grade point average of 3.0 by the end of the first year and each year thereafter and meets all other institutional scholarship maintenance requirements. West Scholars are required to reside on campus. The West Scholarship is competitively awarded based on student performance at an Honors Day Scholarship Competition. Students interested in being considered for a West Scholarship must submit all application materials by January 15 and attend an Honors Day Scholarship Competition during the fall or winter preceding the applicants' freshman year at Lyon.

Honors Day Scholarships

Each year Lyon College invites a select group of high-achieving high school students to attend an Honors Day Scholarship event. During the day, these bright students write essays and interview with members of Lyon's faculty or staff, as well as explore the beautiful Lyon College campus. Based on the students' test score (ACT or SAT- Non Super Scored), their high school GPA, as well as their interview and essay, the College offers these students scholarships for their outstanding academic achievement. Lyon Honors Day Scholarships are renewable for up to eight semesters

of full-time study as long as the student meets the minimum satisfactory academic progress standards as described in the Satisfactory Academic Progress section.

Lyon Scholarships for Arkansas Governor's Distinguished Scholars

Accepted freshmen who receive the \$10,000 Arkansas Governor's Distinguished Scholarship will be awarded the difference between full scholarship (tuition, mandatory fees, double-occupancy room & board) and the total of their combined state and federal gift aid. The Lyon Scholarship for GDS Scholars is renewable for up to three additional years as long as the student meets the academic and hourly requirements set forth by the ADHE to maintain the GDS scholarship funding.

Fine Arts Scholarships

Lyon offers a limited number of scholarships annually to members of the entering freshman class who demonstrate outstanding ability in theater, music, art, or Scottish Heritage. Priority in awarding fine arts scholarships will be given to applicants who submit all application materials by March 1. Candidates for fine arts scholarships must schedule a campus audition or portfolio review through the admission office. Fine arts scholarships are renewable for eight semesters of full-time study as long as a recipient meets the institutional scholarship maintenance requirements as described on Page 143.

Presbyterian Half-Tuition Scholarship (new, effective fall 2012)

To qualify for the Presbyterian half-tuition scholarship, a student must be a member in good standing with his or her local church for at least one year, which must be verified by the pastor. The applying Lyon College student must meet admission criteria and enroll as a full-time student. This scholarship cannot be combined with any other Lyon College Scholarships.

Transfer Scholarships

Lyon welcomes qualified transfer students who have demonstrated their academic ability and commitment to the pursuit of higher education at other institutions. Students transferring from another institution of higher learning with a GPA of 2.75 or higher (as calculated by Lyon) are eligible to receive a Transfer Scholarship based on their academic performance. Students who have completed an A.A. degree from an Arkansas two-year school will be awarded the Freedom Plan Scholarship. It is valued at half of tuition at the time of the enrollment year. Transfer Scholarships are renewable for the length of time that a student needs to complete a baccalaureate degree at Lyon up to a maximum of seven semesters of full-time study. Holders of a Transfer Scholarship must achieve a minimum cumulative grade point average of 2.0

by the end of their first year at Lyon and each year thereafter and meet all other institutional scholarship maintenance requirements.

Athletic Scholarships

A limited number of athletic scholarships are available for student-athletes who are members of Lyon's intercollegiate athletic teams. Athletes must comply with NAIA Division I eligibility regulations (see Athletic Handbook) and meet all institutional scholarship maintenance requirements as described in the Satisfactory Academic Progress section to retain an athletic scholarship.

Apple/Upward Bound Scholarships

Graduating high school seniors accepted to Lyon who have successfully completed the Apple Project or the Upward Bound Math & Science Program will be eligible for our Apple/Upward Bound Scholarship. This scholarship is valued at one-half of tuition and is renewable for eight semesters of full-time study as long as the recipient meets all of the scholarship maintenance requirements and Satisfactory Academic Progress as listed in the catalog. As with all other institutional scholarships, only one may be accepted. Should an Apple/Upward Bound student receive a different scholarship with a higher value, he/she may accept it instead of the Apple/Upward Bound Scholarship.

International Baccalaureate Scholarships

Accepted applicants who are International Baccalaureate Diploma candidates receive a \$1,000 award in addition to their main Institutional (Lyon-funded) scholarship. IB Diploma candidacy must be confirmed by student's high school if not listed on the transcript.

Aid Programs of the State of Arkansas

Note: Specific maintenance requirements exist for the following State of Arkansas scholarships and grants. It is the student's responsibility to know those scholarship maintenance requirements. They can be found at the Arkansas Department of Higher Education's website www.adhe.edu

To apply for the following Arkansas grants and scholarships, complete the YOUNiversal Application at www.adhe.edu. Completing this one process will be your application for any and all of the following grants or scholarships for which you are eligible. Note the deadline for the GO! Grant and Arkansas Challenge Scholarship is June 1st of each year. The application deadline for the Governor's Scholarship and the Governor's Distinguished Scholarship is February 1st of each year.

The state of Arkansas offers a number of financial aid programs to Arkansas residents who attend college in-state. *The availability of, and the requirements governing students' eligibility for, these programs are subject to change.* Thus, applicants from the state of Arkansas should contact the financial aid office or the Arkansas Department of Higher Education (1-800-54-STUDY) or go to www.adhe.edu for the latest information on all state financial aid programs.

The **Arkansas Higher Education Opportunity Grant (GO! Grant)** provides \$1,000 annually for needy students. The GO! Grant is for students of low-income Arkansas families. The ADHE makes eligibility decisions based on financial information contained in submitted FAFSAs. The application deadline for the GO! Grant is June 1st of each year.

The **Arkansas Academic Challenge Lottery Scholarship** program provides annual grants to students who meet specified criteria related to academic performance in high school, and coursework completed in high school. These grants typically amount to \$4,500. Applications are available online at www.adhe.edu and must be submitted by June 1. Students receiving funds through this program must maintain specified credit hour and grade point average requirements to retain their eligibility.

The **Governor's Scholarship** program is a competitive merit-based program, which offers 75 scholarships each year to academically superior high school graduates. This scholarship provides a \$4,000 annual award. To compete for this scholarship program, students must have a cumulative high school grade point average of at least 3.5 or a composite ACT score of at least 27.

Students selected as National Merit Finalists or students with a composite ACT score of 32 or higher or an SAT of 1410 or higher may be eligible for the **Governor's Distinguished Scholarship**. For prospective Lyon students applying for funds for the 2008-09 academic year and thereafter, this scholarship provides an annual stipend in the amount of \$10,000. The deadline for both of these programs is February 1 of each year.

Other financial aid may be available to students in the form of special grants offered through the Arkansas Department of Social and Rehabilitative Services and the Veterans Administration. Appropriate state or local offices should be contacted for additional information.

Federal Financial Aid Programs

Federally funded financial aid programs in the form of grants, loans, and work-study opportunities are available. Most Federal programs are designed for students with demonstrated financial need. The amount of a student's demonstrated need is based on a calculation derived from a student's FAFSA of the difference between

what a student and his or her family can reasonably afford to contribute to the cost of attending college and the actual cost of attendance. Because the FAFSA is the basis of the calculation of need, all students must file a FAFSA prior to each year in which they wish to receive aid. Aid from Federal sources is renewable for up to ten semesters of full-time study as long as recipients meet specified minimum academic performance requirements. (See the “Financial Aid Eligibility” section above.)

Need-based grants are available through the **Federal Pell Grant** (up to \$5,550 annually) and **Federal Supplemental Educational Opportunity Grant** (up to \$600 annually) programs. The size of a student’s awards depend upon the level of his or her demonstrated need. Federal grants do not have to be repaid.

Part-time work opportunities are also available to students through the **Federal Work-Study** program. Students must demonstrate financial need to receive funding through these programs, which allow students to work 6 to 10 hours per week to earn money to use toward educational expenses. Students are paid the current state minimum wage. The College is careful to design work-study assignments so that they do not interfere with a student’s studies.

Students with demonstrated financial need may also be awarded low-interest student loans through the **subsidized Federal Direct Loan** program. The maximum amounts that a student can borrow, interest rates, and repayment terms vary by program. In general, however, students have up to ten years to repay the loan, and the Federal government makes interest payments on the loan during the time that a student is enrolled in college. Annual maximum loan levels for the Direct Loans – the most popular student loan program – are as follows: freshman year, \$3,500; sophomore year, \$4,500; junior and senior years, \$5,500. An origination fee of up to .5% is deducted from all Direct Loans, which means the amount of loan that a student receives will be less than the amount requested.

Students without demonstrated need are eligible for loans through the **unsubsidized Federal Direct Loan** program. Maximum loan levels, interest rates, and principal repayment terms are the same as for the subsidized loan programs outlined above, except that the Federal government does not cover students’ interest payments while they are enrolled in college. A student can pay back interest on a quarterly or semi-annual basis, or can elect to defer interest payments until after college. If interest payments are deferred, the interest will be capitalized, which means the interest is added to the principal loan amount.

Federal Direct PLUS (Parent) Loans are also available to parents of undergraduate students to assist with college financing. Maximum loan levels vary, and loans are only made to parents without adverse credit histories. If a parent is denied a PLUS loan, the student may borrow up to \$4,000 or \$5,000 in additional funds (depending on grade level) through the **unsubsidized Federal Direct Student Loan**

program. Families are not required to demonstrate financial need to receive funding through the PLUS loan program.

To retain their Federal aid, part-time students must meet the same credit hour and grade point average requirements as full-time students. The financial aid office will assess their progress in meeting credit hour requirements by pro-rating the number of hours in which they are enrolled as a percentage of the minimum credit hour requirement for full-time status, and extending the time allowable for degree completion by a proportionate amount. For further details concerning the financial aid eligibility of part-time students, please contact the financial aid office.

For additional information on Federal aid programs, students should contact the financial aid office.

Satisfactory Academic Progress for Students with Federal Assistance

Lyon College Satisfactory Academic Progress Policy

In accordance with federal regulations, to be eligible to receive and maintain any Title IV (federal) aid, a student must make satisfactory degree progress. The satisfactory academic progress (SAP) of students will be monitored at the end of each fall and spring semester.

SAP is measured in three ways:

- Students must progress **qualitatively** by earning the required number of grade points,
- Students must progress **quantitatively** by completing the required percentage of cumulative hours attempted, and
- Students must complete their program of study within a reasonable time period.

Qualitative Measure

For the qualitative portion of the SAP requirement, hours attempted (see left column below) means all graded hours a student takes at Lyon or transfers to Lyon. These hours include passed and failed courses, repeated courses, courses dropped with a “W,” “WP,” or “WF,” courses in which a student has been assigned an “I,” and courses taken for a grade of pass or fail. Grade point averages, however, (see right column below) are based solely upon credits earned while enrolled at Lyon College.

Minimum SAP qualitative requirements are as follows:

Total Hours Attempted	Minimum Cumulative GPA
0-29	1.75
30-29	1.90
60 and over	2.00

Students transferring to Lyon College are assumed to be maintaining satisfactory academic progress. Hours transferred from previously attended schools (including concurrent college hours taken while in high school) will be considered when establishing total hours attempted for GPA requirements, as well as determining the maximum number of hours allowed for financial aid eligibility.

Quantitative Measure

Students receiving financial aid must also satisfactorily complete with a grade of “D” or better 66% of cumulative hours attempted. Attempted hours are all hours a student is enrolled in past the last date a student can drop the class without a record of the course. Incompletes and withdrawals will not be considered passing grades.

- **Withdrawals**

Courses with a grade of W will affect the quantitative measure of academic progress in determining eligibility and maintaining financial aid.

- **Audit Courses**

Courses taken for audit do not count for credit or graduation and, therefore, are not counted in determining eligibility for receiving or maintaining financial aid.

- **Pass/Fail**

Courses taken Pass/Fail are counted for quantitative measurements (pace and maximum timeframe).

- **Repeated Courses**

If a student repeats a class at Lyon, only the most recent grade will be in the GPA calculation, but the hours from all attempts will be included in qualitative measurements.

Maximum Hours to Complete Course of Study

Students must complete their degree requirements within a normal time frame. To remain eligible to receive financial aid, students must complete their degree requirements within 150% of the published length of their academic program. In most cases students will be eligible to receive financial aid during the first 180 attempted hours as an undergraduate, whether or not they received financial aid or whether or not the course work was successfully completed. This includes both Lyon College and transfer hours. A student will be placed on federal financial aid suspension if his course work is in excess of 180 hours or if at any time it becomes clear that

the student will not meet the quantitative standards by graduation date. This particular quantitative measurement will be monitored at the end of each spring semester.

Financial Aid Warning

A student who fails to meet the minimum Satisfactory Academic Progress requirements, as listed above, will be placed on financial aid warning. Letters will be sent to notify students of their addition to or removal from the financial aid warning list. The letter will state the required SAP minimums and inform the student that he has a one-semester probationary period in which to meet SAP requirements, **during which time the student is allowed to keep his financial aid.** A student on warning who meets SAP as of the end of the probationary period will be sent an email informing him of his removal from financial aid warning. He will be eligible to continue receiving financial aid.

Financial Aid Suspension

A student who fails to meet the minimum SAP requirements at the end of the probationary warning period will be placed on the financial aid suspension list, and will not be eligible to receive any further financial aid. The mere passage of time will not restore eligibility to a student who has lost eligibility for failure to meet SAP requirements. The student may appeal the financial aid suspension if unusual circumstances beyond his control prevented him from meeting satisfactory academic progress. A student who is placed on financial aid suspension will be sent a letter informing him of his suspension, the SAP minimums required for reestablishing SAP, and information on how to appeal his suspension.

Regaining Financial Aid Eligibility

There is another way to regain financial aid eligibility besides the appeal process. Financial aid eligibility can be re-established after the student improves his academic record to meet the minimum standards required by the SAP policy by enrolling in classes the next term **without** the assistance of financial aid funds. If the student does meet SAP through this course work, his federal aid will be reinstated for the following term. If, in attempting to meet SAP, a student takes classes at a school other than Lyon, he must submit an official transcript from the other school to the Lyon Registrar. The financial aid office will then re-evaluate the student's SAP status.

Aid from Private External Sources

In the event that a student with need-based aid obtains an aid award from a private external source, the financial aid office reserves the right to reduce the student's award by an amount equal to that of the private external award. Students must report

the receipt of financial assistance from private external sources to the financial aid office.

Disbursement of Aid

All financial aid awards except for grants from private external sources are credited to a student's account after the 11th class day pending completion of verification, loan entrance counseling and master promissory note, if required. Grants from private external sources are not credited to the student's account until Lyon receives the funds. Work-study earnings are paid directly to the student every month. Students can apply work-study earnings to their student accounts by endorsing their check and presenting it to the business office.

Verification of Federal and State Aid Awards

Students who receive Federal or state aid may be selected for verification of the financial information that they provided in their aid application. Students selected for verification will be required to provide information in addition to that which they have already provided. Students should submit the required documents to the financial aid office within two weeks of the verification request. The financial aid office will not certify a Federal Direct Loan application or authorize Federal or state financial aid to be applied to a student's account until verification is complete. If the information provided in the verification is different from that contained in the original financial aid application, the financial aid office will re-evaluate a student's aid application using the verified information.

Return of Aid

If a student who receives Federal aid withdraws or takes a leave of absence prior to completing 60% of a term (including the summer term), the financial aid office must return a portion of that student's Federal funds to the Federal government. The percentage of the Federal aid disbursed for the term that must be returned is equal to the percentage of the term that the student did not complete.

Funds that must be returned to the Department of Education are returned within 30 days of the date on which the student withdrew. In this situation, the student could owe Lyon a balance for the amount of the loan that was returned.

If the student withdraws during Lyon's refund period, all of the student's institutional scholarships and grants will be returned to his/her sources on a basis consistent with the College's refund policy (see the 'Refund Policies' section above). For example, a student who withdraws and receives an 80% tuition refund will receive 20% of his/her institutional scholarships and grants for that semester, equaling the percentage of tuition he/she was charged for the semester.

Enrollment is checked as of the College's census date (the 11th day of class) each semester for certifying enrollment/hours necessary to receive state scholarships and grants. If a student is enrolled in the required number of hours as of the census date and withdraws subsequent to that date, he/she is allowed to keep the entire semester disbursement of the state scholarship or grant, even if his/her institutional scholarship(s) and/or grant(s) are being pro-rated. Private outside scholarships are not returned to the donor unless the donor specifically requires it.

Endowed Scholarships

Through the generosity of the College's friends, important substantial scholarships have been provided for the education of future generations of Lyon students. Students who apply for financial aid will automatically be considered for any of these awards for which they are qualified. Students should not seek to apply for specific scholarships.

Student Awards

The Charles H. Coffin Scholarship Medal

The Charles H. Coffin Scholarship Medal is awarded each year to an honor graduate of Lyon College who has taken his or her last three years of work here as a regular student. The award, in the form of a gold medal, represents the highest award conferred upon a Lyon College student. It was founded around the turn of the century by Charles H. Coffin of New York City, class of 1884, as the Alumni Medal. After his death in 1916, the award was endowed by a gift from a classmate of the original donor and renamed the "Charles H. Coffin Scholarship Medal." After the mold for the medal was lost, Eugene Sloan '12 loaned his personal Coffin Medal to the College so that another die could be cast. His lifelong

respect for the medal caused Mr. Sloan's family to create the Eugene Sloan Endowment for the Coffin Medal to underwrite the cost of the medal.

Records are still being searched in order to compile a complete list of recipients. The following list of recipients is incomplete:

The Lyon College Campus

Academic Buildings

The ALPHIN HUMANITIES BUILDING is named in honor of Hazel C. Alphin of El Dorado. Formerly the dining hall, it was remodeled into a classroom and faculty office building in 1984-85. It contains five classrooms, two seminar rooms, sixteen faculty offices, the Kresge Art Gallery, the Fulkerson Art Studio, a drawing studio and a faculty lounge. The Alphin Room, named in memory of Hendrick Alphin, is used for Board of Trustees' meetings and other special gatherings.

The BROWN CHAPEL AND FINE ARTS BUILDING is named in memory of William Clark Brown Sr., Allen Brown, and Josephine Brown, all of Hot Springs. The auditorium seats 500, and is used for plays, concerts, convocations, and lectures. The Edwards Pipe Organ, a Holtkamp tracker pipe organ, was installed in 1980. The Small Chapel, used for campus worship services, holds a small Pilcher pipe organ. The Bevens Music Room on the south side of the building is used for recitals, receptions, and meetings. The building also contains offices and classrooms for music faculty, practice rooms, and a choir and band room.

The HOLLOWAY THEATRE was completed in 1991, and is named in memory of I. Graham Holloway '80. It contains a 150-seat 'black box' theatre that can be set up for either three-quarter-round or proscenium theatre, and support facilities, including a rehearsal room, a green room, set and costume workshops, and storage areas.

The LYON BUSINESS AND ECONOMICS BUILDING was completed in 1993. It contains Nucor Auditorium, the Entergy Computer Center, a computer classroom, five classrooms (including four Harvard Business School-style lecture rooms), two conference rooms, three seminar rooms, four team rooms, and twenty-two faculty offices. The building's clock tower houses the 24-bell Tower Campbell Carillon.

The MABEE-SIMPSON LIBRARY was built in 1975 and renovated and expanded in 1995. It contains stacks, a faculty lounge, seminar rooms, offices, workrooms, reference and periodical collections, and the Dorothy P. Sydenstricker Room, which houses the College's archives, rare book collection and Regional Studies Center.

The DERBY CENTER FOR SCIENCE AND MATHEMATICS is named in honor of Lawrence E. and Marilyn Church Derby of Warren, Arkansas. This 60,854-square-foot facility was completed in 2003. The Derby Center is home to the College's biochemistry, biology, chemistry, computer science, environmental studies, mathematics, physics and psychology programs. It contains 13 instructional labs, and seven classrooms and seminar rooms, and 18 faculty offices.

Athletic Facilities

The JAMES C. BECKNELL SR. PHYSICAL EDUCATION BUILDING was completed in 1970 and underwent partial renovation in summer 2001. It contains a gymnasium with seating for 1,600, a fitness center featuring weights and aerobic equipment, an Olympic sized indoor swimming pool, a smaller gymnasium, classroom, training room, coaches offices, and public lockers.

The MARSHAL HUSER SOCCER FIELD to the south of the Becknell Physical Education Building features a regulation soccer field.

SCOTS FIELD, Lyon's baseball park, was completed in 1997. Adjacent to it is the KIRK KELLEY BASEBALL COMPLEX, a 7,200-square-foot facility with a 60 x 80- foot workout area, coaches' offices, and locker room. The facility was completed in 2004 and is named in honor of head baseball coach Kirk Kelley.

The LYON TENNIS COMPLEX to the East of the Becknell Education Building features six competition courts with Flintkote surfaces.

HOWARD AND MARY HOUSE SOFTBALL FIELD, Lyon's softball park was completed in spring 2009 and is located south of Huser Soccer Field.

Residence Halls

BLANDFORD HALL is named in memory of Dr. Eugene C. Blandford, a former professor of Latin. It houses 32 students.

The BARTON STUDENT HOUSING UNITS are named in honor of Mary Barton of El Dorado. They house 48 students in six units, each of which contains four bedrooms, two baths, and a central living area.

The BROWN STUDENT HOUSING UNITS are named in honor of the Reverend Charles W. Brown of El Dorado, Arkansas. Located just west of the Barton units, they house 36 students in six units.

BRYAN HALL, named in honor of the late Rountree C. and Willie D. Bryan of Osceola, houses 48 students.

HOKE-McCAIN HALL houses 92 students. It is named in honor of former trustee Charles J. Hoke of El Dorado and Dr. Paul M. McCain, a former president of Lyon.

LOVE HALL is named in memory of Gordon Love of Hughes. It houses 32 students.

McRAE HALL is named in memory of former Governor Thomas C. McRae and Carleton McRae '29. Completed in 1989, it houses 35 students in double-occupancy suites.

SPRAGINS HALL is named in memory of Dr. John D. Spragins, a former president of Lyon. This was the first building constructed on the present-day campus and was renovated in 1986. The building contains fifteen suites with four students sharing two bedrooms, two study rooms, and a bath. It houses 60 students.

WILSON & ROGERS HALL, which houses 35 students in double-occupancy suites, was completed in 1989. It is named in honor of trustees Dr. R. Sloan Wilson of Little Rock and Doyle W. Rogers Jr. of Batesville.

Administrative and Support Facilities

The ADMISSION AND ALUMNI HOUSE houses the enrollment services and student financial aid offices. It provides a reception area for prospective students, their parents, and alumni, as well as private conference areas.

BRADLEY MANOR is the official residence of the president of Lyon. Completed in 1994, it is named in honor of the family of the late Marion Bradley Lyon.

EDWARDS COMMONS, a new 44,000-square-foot campus center, will be completed in August 2012. It contains the campus store; student mailboxes; the dining room and bistro; student programming space; a game room; student government offices; conference rooms; Career Development Center, counseling center, health and wellness clinic, and the student life office. The original Edwards Commons was destroyed by fire in October 2010. Edwards Commons was named for the late John W. and Lucille Welman Edwards of Batesville. Mr. Edwards was a former trustee and banker.

The MAINTENANCE BUILDING is located at the south end of Huser Field.

The MORROW QUADRANGLE BUILDING is named in memory of John Patterson Morrow Sr., a former chairman of the Board of Trustees. The building will house Campus Safety offices in fall 2012. It also connects to the campus residence of the resident faculty mentor of Spragins House, the freshman house in the College's house system.

The NICHOLS ADMINISTRATION BUILDING was completed in 1975 and remodeled in 2001. It is named in honor of the late Shuford R. Nichols, a former chairman of the Board of Trustees, and provides offices for the president, vice president for academic services and dean of the faculty, vice president for administration, vice president for business and finance, registrar, director of communications, director of human resources, controller, cashier, and other administrative staff of the College.

The TEMP, which has served as the temporary dining hall, will house the Scottish Heritage Program, a fine arts studio, and meeting space in fall 2012.

The LYON EDUCATION AND ADVENTURE PROGRAM will be located in the house at 301 23rd Street beginning in fall 2012.

Other Facilities

The WILLIE BRYAN BRIDGE AND WALKWAY around the College lake was completed in 1981.

The COUCH MEMORIAL GARDEN, named in memory of the late Jessie J. Couch of Pine Bluff, contains the Ellis G. Mosley Alumni Fountain, benches, and landscaped areas of shrubs and trees. Commencement exercises are held in Couch Garden in May.

The FACULTY HOUSE is located on 23rd Street adjacent to the campus. It contains meeting rooms and a guest suite for two persons.

The GRIGSBY HOUSE is a log house (circa 1867) which was moved from nearby Bethesda and restored by the College. It was dedicated in 1983 and provides a museum and working laboratory for folklore classes.

The MARION BRADLEY LYON GUEST HOUSE is located on 23rd Street adjacent to the campus. It contains guest suites that can accommodate up to six persons. Its decoration and most of its furnishings were a gift from Mrs. Lyon.
